From July 1, 2024, through June 30, 2025, attorneys from OCVLC and Legal Aid Services of Oregon have opened 228 new cases for legal representation in Multnomah County. The majority of these victims seeking legal representation would likely have had to proceed without an attorney if not for this program. Nearly all of those seeking legal representation were victims of domestic violence, sexual assault, or stalking. Most of the cases handled involved representation of victims at contested restraining order hearings, assistance with dissolution and custody issues where there was violence in the home, and obtaining permanent stalking orders. This year, 95% of the clients of OCVLC and LASO were women.
