

# WARNING: KOHL MAY CONTAIN LEAD

## LEAD IN KOHL

The black eye powder known as **kohl, kajal, surma, sormeh, athmad or ithmid** may contain **lead** — a poisonous metal that can harm people if it enters the body.

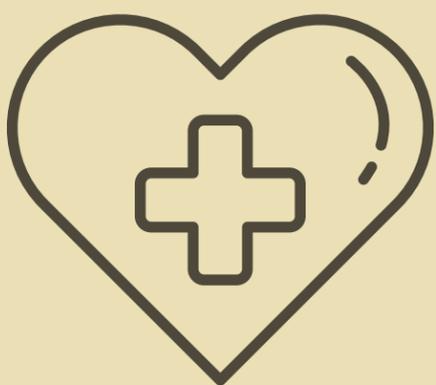

## WHO IS AT RISK?

**Young children and pregnant women** are most at risk of lead poisoning because it can hurt normal brain development.

## WHAT CAN YOU DO ABOUT IT?

- **Wash your hands** after handling products.
- **Keep containers away** from children.
- **Use lead-free alternatives** when possible.
- **Ask for a blood lead test** from your doctor.
- **Test your product** by calling the Leadline at 503-988-4000 for options.
