Prior Government Experience: LOSD School Board; Precinct person

Oregon School Boards Association

- Completed all levels of School Board leadership certification
- Member, Legislative Policy Committee (2013-current)

The most important thing voters can do this election is pass the bond for our Lake Oswego schools and elect a school board that successfully implements the facilities plan.

I am running for a second term to ensure a citizen oversight committee is established and operational when the bond passes. The Board should take care of investments that the public has made in our District buildings and integrate ongoing maintenance as part of the facilities plan.

Our children need safe buildings and reliable, up to date technology. Our children, teachers, staff and community need school facilities that are healthy, well built and maintained to last.

Our district's 92% graduation rate is good - we can do better. With ongoing professional training for teachers, providing teachers opportunities to collaborate and provide interventions for students who need extra help at all levels, improvements for **Science Technology Engineering Art and Math**, classes preparing non-college bound students, and a commitment to educate all students, the District can and will improve graduation rates.

When the School Board does its job, the District will see:

- * Prepared students for outstanding careers, citizenship and leadership for Lake Oswego and Oregon
- * Continued excellent ratings for all Lake Oswego Schools
- * Strong schools that preserve and improve property values
- * Facilities that meet current earthquake codes and standards
- * An ongoing facilities maintenance program that preserves the value of what our taxpayers have entrusted to the district.
