

Have your medication mailed directly to you

If you take the same medication for a longer period of time, getting it through mail order may be easier for you. Save time by having your medications shipped directly to you at no cost.

To set up mail order, just connect with one of the following in-network options. If you don't already have an account with Costco or PPS, you will need to create one.

✉ Costco Mail Order

Visit [costco.com/Pharmacy/home-delivery](https://www.costco.com/Pharmacy/home-delivery)

Or call 800-607-6861

Fax: 800-633-0334

You don't need to be a Costco member to use the Costco pharmacy.

✉ Postal Prescription Services (PPS)

Visit [ppsrx.com](https://www.ppsrx.com)

Or call 800-552-6694

Fax: 800-723-9023

Mail order should not be used for medications you need immediately or quicker than two weeks. Please allow two weeks for delivery from the date you place your order.

For medications you need to start taking right away, you can ask your provider for two different prescriptions:

1. One for a small supply to be filled at your local network pharmacy for immediate use.
2. Another one for the mail-order pharmacy.

Remember to ask the provider to write the mail-order prescription for the maximum quantity your plan allows and for one year of refills (if the law allows).

Questions?

We're here to help. To learn more about mail-order coverage, please call Moda Health Pharmacy Customer Service at 1-800-913-4284.
