Name: Mark Johnson

Address: [8344 Se Cottrell Rd](#)

Email: mark_johnson56@aol.com

Testimony:

I would like to know how the placement of this large facility will impact the water table. It will cut off the natural water drainage and the water that subs into Johnson Creek and the creek that is closer to Carpenter Lane. Are there plans to offset this water loss and supplement these creeks. It will have an impact on all aquatic wild life and irrigation downstream.
