Giusto demonstrated effective, experienced leadership and results as a MESD Board Member in a first term.

Giusto led the development of strong MESD Board fiscal policy resulting in focused Board accountability between policy and fiscal controls

Giusto believes that the overall role of Education Service Districts across Oregon will soon change. His leadership foresight will help poise MESD as a leader in shaping that change.

Giusto realizes that the current legislative focus on teacher improvement and student achievement needs proven strong local and regional educational leadership like that currently at work by the MESD administration

Giusto argues that the legislative priorities for educational service delivery changes will best served when the talents and commitment of teachers, staff and the supporting the administrative structures like those in play at MESD are recognized so as well designed education change can be immediately implemented

Giusto supports the strong bond between the educational priorities of all school districts in Multnomah County school districts and reshaping the evolving mission of MESD to meet those priorities.

Giusto champions a strong prioritization of services that directs MESD resources to the classroom not to Boardroom
