CITY OF PORTLAND

Measure No: 26-150

Caption: Renew five-year levy to prevent child abuse, child hunger

Question: Shall Portland continue abuse, neglect prevention, children's programs; five-year levy \$0.4026 per \$1,000 assessed value beginning 2014; require audits?

This measure renews current local option taxes.

Summary: Renews the Portland Children's Levy; supports proven programs designed to prevent childhood hunger, prevent child abuse and neglect, help children arrive at school ready to learn, provide safe constructive after school alternatives for kids, and help foster children succeed.

Funds can only be used for:

- **Preventing childhood hunger:** giving hungry children healthy, nutritious meals and food.
- **Child abuse prevention and intervention:** addressing juvenile crime, school failure, drug and alcohol abuse, homeless youth.
- **Early childhood programs:** making childcare more affordable and preparing children for success in school.
- **After school, summer and mentoring programs:** promoting academic achievement, reducing the number of juveniles victimized by crime, increasing graduation rates.
- **Children in foster care programs:** helping foster children who have been abused and neglected succeed.

Accountability measures include:

- Investments subject to annual audits.
- Programs funded must be cost effective and have a proven record of success.
- Investments subject to oversight by a citizen committee.
- Administrative costs cannot exceed 5%.

It is estimated the levy will raise an average of \$10.56 million per year for five years.

Measure No: 26-151

Caption: Fluoridation of Portland drinking water supply

Question: Shall Portland fluoridate its drinking water supply?

Summary: Portland supplies drinking water to city residents and businesses and to several other municipalities and water districts outside Portland. Portland currently does not add fluoride to its drinking water supply.

This measure requires Portland to fluoridate Portland's drinking water supply. The measure requires fluoridation at the levels recommended by the Centers for Disease Control and Prevention or the Oregon Health Authority intended to reduce tooth decay and promote oral health. The measure is a referral of an Ordinance adopted by the Council. Although the Ordinance requires fluoridation of Portland's drinking water supply by March 1, 2014, the actual date of implementation of fluoridation will depend on the effective date of this measure. The fluoride must meet standards of the American Water Works Association. The measure requires record-keeping related to quantities of water treated and the type and amounts of fluoride used. The measure also requires the City to conduct tests for fluoride in treated and untreated water in accordance with state and federal recommendations.

The measure funds fluoridation through water user fees.

Election : 05/21/2013 - Special District Election 2013

BEAVERTON SCHOOL DIST #48JT

Measure No: 34-204

Caption: Beaverton Schools Local Option Levy Preventing Classroom, Teaching Position Cuts

Question: Shall District prevent teaching position cuts, protect class size; levy \$1.25 per \$1,000 assessed value for five years beginning 2013?

This Measure may cause property taxes to increase more than three percent.

Summary: The Beaverton School District serves nearly 40,000 children in 51 schools over 57 square miles.

Due to repeated state funding shortfalls over the past five years, BSD has cut \$142 million from the budgets, eliminating 16 school days, 640 teacher positions and increasing class sizes at every level.

BSD has reduced administration, maintenance, guidance counselors, school libraries, textbooks and learning materials. Music, physical education and art are reduced at every level.

The current state school funding proposal would result in more cuts: eliminating teaching positions and increasing class sizes further at every school.

The Local Option Levy will prevent these cuts, and restore some previously cut teaching positions, and address some extreme class sizes. 100% of money from the local option levy would remain in Beaverton Schools to fund teaching positions.

The levy costs \$1.25 per \$1,000 assessed property value. Homes with the median assessed value of \$233,000 would pay an additional \$24 per month.

The local option levy is projected to raise \$82 million over five years:

2013-2014:	\$15,443,366
2014-2015:	\$15,956,534
2015-2016:	\$16,467,354
2016-2017:	\$17,014,279
2017-2018:	\$17,524,707

Contest Total: 1

METRO DISTRICT

Measure No: 26-152

Caption: Local option levy: improve natural areas, water quality for fish

Question: Shall Metro improve natural areas, water quality for fish: five-year operating levy, \$.096 per \$1,000 assessed value, beginning 2013?

This measure may cause property taxes to increase more than three percent.

Summary: Twice in two decades, Metro voters approved measures to acquire thousands of acres of natural areas throughout the tri-county region. Past measures could not include money for maintenance and restoration.

This levy creates a dedicated fund to improve water quality for salmon and native fish, remove invasive weeds that threaten the health of these natural areas, restore wetlands and provide opportunities for people from around the region to experience nature close to home.

Cost

The estimated cost for the typical household is \$20 per year for five years.

Result of a "yes" vote

- Improve water quality in local rivers and streams for salmon and other native fish including the Clackamas, Sandy, Tualatin rivers; Fanno, Johnson creeks.
- Restore wildlife habitat and remove weeds that choke plants wildlife need for food and shelter.
- Restore wetlands and floodplains to control flooding, provide habitat for birds and amphibians.
- Construct or replace capital projects in parks, such as restrooms, picnic shelters, playgrounds.
- Provide nature education programs in natural areas to visitors and school-aged children.

The proposed rate (at \$.096/\$1,000) will raise approximately \$10.2 million in 2013-14, \$10.4 million in 2014-15, \$10.6 million in 2015-16, \$ 10.9 million in 2016-17 and \$11.2 million in 2017-18. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessors at the time of estimate
