Optional Information:

I believe in opportunities for education to prepare people for a job. I support all of the workers at Mount Hood Community college who work in many capacities to provide the great services on behalf of students and the community at all three college sites. I think a diverse college population furthers the goals of education. I believe the person at least 65 years of age and are paying taxes for the college should be able to take classes with fees and tuition waived because persons from many diverse backgrounds would only enrich the learning experience. If elected to the Mount Hood Community School Board I will advocate for students, college employees and the community to continue the vibrant college experience.
