What does the Auditor's Office do?

The Auditor's Office conducts performance audits and special studies that provide accountability to the public and improve programs, services, and operations. The elected Auditor answers directly to the citizens and determines the programs and services to be audited. While not all audits can quantify savings, just one of our past audits saved hundreds of thousands of dollars in just the first year and those savings have continued.

Dear Multnomah County Voter,

I started work as an auditor in 1991 and I've done auditing, fiscal and budgeting duties responsibly in difficult financial times in both the public and private sectors. Government needs to be able to be efficient and effective. As your Auditor, I will protect your tax dollars, critical services and work to ensure county government provides equity to its citizens and maintains the highest standards of upholding the public trust. Thank you for your past support and I'd appreciate your vote to continue the good work of the Auditor's Office.

Sincerely,

**Steve March** (503) 235-9708
