

**MULTNOMAH COUNTY  
JUSTICE REINVESTMENT  
PROGRAM**

**HB3194 DATA WORKGROUP**

**PROCESS MEASURES FROM  
JULY 2014 THROUGH JUNE 30, 2018**

## MCJRP Case Flow

1. The majority of MCJRP Eligible cases commence following an arrest (80%); other MCJRP Eligible cases are initiated at arraignment on indictment warrants (20%).
2. MCJRP cases includes cases with people in process as well as 305 cases with Active Warrants (Either for FTAs or on Warrants on Indictments).
3. One assessment per individual; individuals may have multiple MCJRP cases. Does not include individuals whose cases were dismissed post-arraignment.
  - ▲ This symbol denotes numbers that represent people, not cases.
4. Includes all cases dismissed post-arraignment. The majority of cases in the "Dismissed" category are the result of cases that were dismissed as part of a plea agreement in the global resolution of multiple cases. Other dismissed cases were initially diverted and later dismissed, were cases with juvenile defendants that were dismissed in favor of a juvenile case resolution, or were cases that were dismissed without prejudice and will likely be reinstated in the future. All subsequent numbers in this report include only those cases that have been convicted and sentenced.
5. Sentenced cases are grouped into categories according to the judicial order at initial sentence when the case is convicted. These numbers represent **outcomes for the 1st sentence only**.
6. Future reports will include further distribution breakdowns for these Non-MCJRP sentence categories.
