

**MULTNOMAH COUNTY
JUSTICE REINVESTMENT
PROGRAM**

HB3194 DATA WORKGROUP

MONTHLY REPORT

NOVEMBER 2014

Introduction

What is Justice Reinvestment?

Justice Reinvestment seeks to improve public safety by reducing spending on incarceration in order to reinvest savings in evidence-based strategies that decrease crime.

What Does the Program Do?

Our program is a collaborative effort to improve the assessment of criminal offenders in Multnomah County and provide them a continuum of community-based services and sanctions. This combination of early assessment and intervention is provided to reduce recidivism while protecting public safety.

Who Runs the Program?

Our program is distinctive in the number of agencies that worked together to design and implement this approach to justice reinvestment. Our partners include: Portland Police Bureau, Gresham Police, Fairview Police, Troutdale Police, Sheriff's Office, Department of Community Justice, Oregon Judicial Department, District Attorney's Office, Citizens Crime Commission, Defense Bar, CODA, and the Multnomah County Local Public Safety Coordinating Council (LPSCC).

How Do I Use This Report?

This report is a monthly compilation of process and outcome measures designed to monitor the implementation and effectiveness of our program. This offers readers a snapshot of the program as well as a cumulative summary of all activity to date. The units of analysis vary so that some information is reflected in number of court cases, custody bookings, or people. Readers are encouraged to closely pay attention to the descriptive labels that appear throughout the report.

OUR GOALS

- *Safer Communities*
- *Smarter Spending*
- *Data Informed Decision-making*
- *Sustainable Use of Prison Beds*
- *Enhanced funding for Community Services*
