Caption 10 words which reasonably identifies the subject of the measure.

Allows road safety project, driveway realignment on specific park property.

Question 20 words which plainly phrases the chief purpose of the measure.

Shall Lake Oswego amend the Charter to allow Clackamas County to improve road safety using 0.4 acres of Stevens Meadows?

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

The City owns Stevens Meadows, a park of about 28 acres outside City limits in Clackamas County. The County is responsible for Stafford and Childs Roads adjacent to the park.

The County has determined improvements to the Stafford/Childs intersection are necessary to ease congestion and reduce injuries from accidents. The road improvements, which will be paid for and constructed by the County, will reduce crashes, ease traffic congestion, and create bike lanes and safe pedestrian paths. The County estimates the road improvements will decrease the crashes by 88% at the intersection. The County needs to use about 0.2 acres for these road improvements. The project will also realign an existing gravel driveway used for park maintenance, affecting an area of about 0.2 acres.

The City Charter prohibits the City from allowing roads on Stevens Meadows. If adopted, this measure would amend the Charter, allowing the City to enable County use of up to 0.4 acres of Stevens Meadows for the limited purposes of public safety road improvements and driveway realignment.
