DETERMINATION THAT METROINIT-03 DOES NOT MEET CONSTITUTIONAL REQUIREMENTS

Dear Mr. Scott,

I have reviewed the attached Prospective Initiative, filed on April 12, 2022, and identified by Multnomah County Elections Division as "MetroInit-03" (hereinafter "MetroInit-03"). MetroInit-03 appears to be the same proposal as MetroInit-02, except that petitioners have now included an ordaining clause as required by Section 35 of the Metro Charter. In all other aspects, MetroInit-03 is the same. I therefore reach the same conclusion that MetroInit-03 does not meet the requirements of Section 1(2)(d) and (5) of Article IV of the Oregon Constitution.

Under Article IV, section 1(5) of the Oregon Constitution, the initiative and referendum power is reserved to the people of Metro as to legislation, not administrative matters. Here, MetroInit-03 proposes to amend certain administrative elements of an existing legal framework; it does not propose new legislation. Because the substance of MetroInit-03 is administrative in nature, it is not subject to the initiative process provided by Article IV of the Oregon Constitution.

Article IV, section 1(2)(d) of the Oregon Constitution requires that voters must be provided with the full text of the statute as it would appear if amended. Here, MetroInit-03 proposes to amend Metro Code Chapter 11.01 by adding specific sections. However, several of proposed "new" code sections amend existing sections of the Metro Code, but those sections are not included or otherwise referenced. Without the context of the existing sections of Metro Code, voters do not have sufficient information to understand the full impacts of MetroInit-03. As a result, MetroInit-03 does not comply with the full text requirement of Article IV of the Oregon Constitution.

This letter serves as notice of my determination made pursuant to Metro Code Section 9.02.030(e) that MetroInit-03 does not meet constitutional requirements. Pursuant to Metro Code Section 9.02.030(f), I respectfully request that you notify the chief petitioners.

EVERYONE DESERVES SAFE SHELTER
PROPOSED BALLOT TITLE

Caption (10): Requires homeless shelter creation; prohibits conflicts of interest; requires audits.

Question (20): Should Supplemental Housing Services revenue primarily fund safe emergency shelters until adequate shelter capacity exists for each county's homeless persons?

Statement (175):

The measure would require that 75% of Supportive Housing Services program funds that Metro distributes to a county must be used to build and maintain emergency shelters, unless and until two conditions are satisfied: that the county has more shelter beds than homeless persons; and that each municipality in the county is enforcing its own anti-camping laws.

The measure would not restrict use of the remaining 25% of Supportive Housing Services program funds or the use of other Metro or county revenue.

The measure would require that Metro contract for independent, comprehensive performance audits of the program on an annual basis.

The measure would bar appointment to the program's oversight committee of individuals with financial conflicts of interest.

The measure would permit any Metro resident or taxpayer to sue in state court to enforce the requirements of the program's code provisions. The measure would direct that a prevailing plaintiff in any such action be awarded his or her reasonable attorney fees and costs.
