My primary goal is to advocate for the development of MHCC in ways that support the economic goals of East County. I will celebrate the diversity of our community by supporting programs encouraging people of color and students with disadvantaged backgrounds to enroll and train at MHCC.

I commit to:

- Keeping tuition rates affordable by balancing revenue and costs
- Increasing the enrollment of minority students
- Advocating for partnerships with local business and industry to provide technical training for green jobs
- Collaborating with school districts to stick to the Oregon Promise
- Efficient use of tax revenue on proven cost-effective programs (e.g. nursing, dental hygiene, automotive)
- Making financially informed decisions with long-term impacts in mind

As a former student and graduate of MHCC, I have first-hand experience on how higher education and training can improve lives. Being raised in East County, I am familiar with the challenges and opportunities facing our district. Economic growth and development require a diverse and skilled workforce, and I am confident MHCC can provide local businesses and industry with the educated and skilled workforce of our future.
