Letter to the Voter

Dear Multnomah County Voter,

This part of your Voters' Pamphlet is provided by Multnomah County Elections. It includes information about candidates and measures from local jurisdictions within the boundaries of the County. The State Pamphlet (on either side of this section with red printing on the edge of the page) includes federal and state candidates.

Here are a few things you should know:

- Candidate contests for Multnomah County and the City of Portland elected offices will not appear on the May 2026 ballot. Candidate contests for Multnomah County and Portland elected offices will next appear on the Nov. 3, 2026, ballot — when County voters will join City of Portland voters in using ranked choice voting in Multnomah County. The filing period for the November 2026 General Election opens on June 3, 2026. **To learn more about ranked choice voting in Multnomah County, visit: [Multco.us/rcv](https://multco.us/rcv).**
- **Four official drop sites at libraries have been impacted by library construction changes or closures this election. These include: Belmont, Gresham, Northwest and St Johns Libraries.** If you frequent one of these library locations, you can view our 24-Hour Official Ballot Drop Sites page for more details on how to return your ballot at one of our new official ballot box locations. **For a list of Official Ballot Drop Sites in Multnomah County, please visit our website: [Multco.us/DropSites](https://multco.us/DropSites).**
- **M&M Carwash/Regal Cinemas (SE Division and 165th Ave.) is no longer an official ballot drop site.** Elections is working to establish a new official ballot drop site in this neighborhood.
- You can view your registration status at oregonvotes.gov/myvote. There you can update your voter registration or track your ballot. The Voter Registration/Party Change Deadline is April 28, 2026.
- **All voters will receive a ballot that contains nonpartisan contests and measures (where applicable). If you wish to vote for the Democratic or Republican Party candidates in the May Primary, you must register with one of those parties by the Voter Registration/Party Change deadline, April 28, 2026.**
- You can choose or change your party by updating your voter registration information online (with Oregon DMV License/ID or the last four digits of your Social Security Number) at oregonvotes.gov/myvote or by filling out an Oregon Voter Registration Card found in this pamphlet or any Multnomah County library or post office. **The Voter Registration/Party Change Deadline is April 28, 2026.**
- If you change your party affiliation near the April 28, 2026 deadline you may receive two ballots. Vote only the second ballot with your new party. The first ballot will not count.
- If you are registered with the Democratic or Republican party you will also receive a separate Precinct Committee Person ballot. Precinct committee candidates do not appear in this Voters' Pamphlet. More information about these contests can be found on the back side of the Precinct Committee Person ballot.
- Ballots will be mailed beginning on Wednesday, April 29. If you do not receive your ballot by Thursday, May 7, 2026, please call **503.988.VOTE (8683)** or email elections@multco.us.

To be counted, **voted ballots must be received at any County elections office in Oregon or official drop site location by 8:00 p.m., Tuesday, May 19, 2026 or postmarked by Tuesday, May 19, 2026.**

Election Definitions

Primary Elections happen on the third Tuesday in May of even years. The election on Tuesday, May 19, 2026 is a Gubernatorial Primary Election and is a preliminary election in which voters choose party candidates to run for office representing their party in general elections.

Ballot Initiative

A proposed law drafted by residents and placed on the ballot to be approved or rejected by voters. Ballot initiatives are usually drafted by a group of residents who are passionate about a particular issue.

Bonds

Bonds are debt obligations issued by jurisdictions to fund major capital improvement projects. Similar to a home mortgage, they are used to finance large purchases over time. Bonds are generally repaid through property taxes. The financial impact of a bond election will vary from resident to resident based on property values and the number of bonds issued.

Closed Party Primary Election

In Oregon, voters must be registered with their party of choice at least 21 days prior to the election. Voters not registered with a major political party receive non-partisan candidate races and ballot measures in closed party primary elections.

Congressional District

A political subdivision for the purpose of electing U.S. representatives. Oregon currently has six Congressional districts.

Levy (noun)

An imposed collection of local or state tax(es), by voter approval, which may be a renewal of existing taxes or an increase to a tax through a local option tax by voter approval.

Levy (verb)

To assess or impose a local tax above current amounts over a period of time by voter approval.

Measure

A measure is any of the following submitted to the people for their approval or rejection at an election: (a) A proposed law, (b) an Act or part of an Act of the Legislative Assembly, (c) a revision of or amendment to the Oregon Constitution, (d) local, special or municipal legislation, (e) a proposition or question.

Precinct Committee Person (PCP)

An elected or appointed individual who represents a major political party and voters in a precinct

Precinct

A precinct is the smallest geographic subdivision for voting purposes. Multnomah County has 107 precincts.

Signature Envelope

The voter places their ballot in the signature envelope, signs it, and returns it by mail (postmarked on or before election day) or drops the ballot at any official ballot drop site in Oregon by election day. The Elections office will verify the signature to ensure it matches the signature on the voter registration card provided when registering to vote.

As a fifth-generation Oregonian, I care deeply about the future of our region and the quality of life we all share.

Oregon is a remarkable place to live, work and raise a family. With thoughtful leadership and responsible planning, we can strengthen our communities, improve housing affordability, and protect the natural beauty that makes our region special.

As your Metro Council President, I will champion smart urban infill development and urban renewal, strengthen neighborhoods, and protect the farms, forests and open spaces that define our region. Thoughtful growth planning can create walkable, livable communities where homes, shops, parks and workplaces are connected.

A thriving region depends on vibrant small businesses, beautiful parks, and strong arts and cultural communities that bring us together and support a healthy economy.

We must also address our serious challenges, including homelessness and mental health, with practical, compassionate solutions that restore safety and stability.

I will work to protect our valuable agricultural lands, ensuring thoughtful decisions about development pressures including large data centers that threaten our farmlands and regional identity.

Metro must operate with fiscal discipline and stewardship of taxpayer dollars. I will lead with transparency and accountability, and a commitment to listening.

Together, with your vote, we can build stronger neighborhoods, a vibrant, thriving economy, and a region we are all proud to call home.

I oppose gas tax increases that punish working families while political insiders protect the status quo. I am running for Metro Council President as an independent candidate because leadership should answer first to the voters, not political succession, special interests, or institutional endorsements.

For more than 35 years, I have served on the front lines of public service, working directly with communities, workers, and youth affected by government decisions. Throughout my career, I have not hesitated to challenge institutional corruption, demand accountability, and stand up for those whose voices are too often ignored.

Our region must also bring economic growth back in ways that protect working families and strengthen local communities. That means encouraging responsible development, supporting good-paying jobs, and pursuing innovative solutions that make our region affordable and livable again.

Metro must pursue creative housing strategies. If Portland Public Schools closes schools, Metro should partner with local governments to repurpose surplus school sites into mixed-income housing for working families, seniors, teachers, and first-time homebuyers while preserving valuable community assets.

This election presents a clear choice: continue along the current path supported by institutional insiders, or choose independent leadership grounded in frontline experience and accountability to the public.

Across our region, residents see promises made but trust strained and workers too often unheard. Restoring confidence in public institutions requires transparency, independent oversight, and leaders willing to challenge the status quo.

My priorities are simple:

- Independent oversight and transparent governance
- Protection for whistleblowers and frontline workers
- Strong public services and institutional stability
- Innovative housing solutions that strengthen working families

Metro's future should be shaped by the people of our region—not by special interests or political insiders. I respectfully ask for your support on May 19, 2026.

What will be your legacy?

I am privileged and fortunate to work for Metro and the Oregon Zoo for the past 26 years.

I especially appreciate Metro's work to restore habitat in our region. I believe that habitat restoration is the key to being successful in our conservation efforts. Supporting natural biodiversity is critical to building a more livable community. With the exception of invasives, removal of mature trees, comes at a cost, and at every opportunity we should be planting natives in every open space on Metro property.

Everyday, I am hopeful to live the mission of the Oregon Zoo and to exceed it. Everyday, I am hopeful to provide animal welfare that exceeds the highest standards while fostering a meaningful connection between zoo visitors and the animals. If I have not created behavior change that benefits the wild relatives of the animals I care for, then I have failed.

I have a good idea of the legacy I want for Metro and the Oregon Zoo.

What will be your Metro/Oregon Zoo legacy?

Metro Residents,

You deserve transparent and accountable government. That's why I am running for reelection. The Auditor's Office provides objective and independent information about Metro's programs and services. The performance audits I lead make recommendations to increase efficiency, effectiveness, and equity.

RESPONSIVE TO THE PUBLIC

Voters approved ballot measures for supportive housing services, park and natural areas, and the Oregon Zoo in recent years. As Metro Auditor, I have audited each of these programs to ensure they deliver the promises made to voters.

Other recent audits focused on governance, equity, and ethics to respond to public concerns. The First Opportunity Target Area audit found out of date income limits reduced the number of people who could participate in the program. I also completed an audit that looked at public meetings, public records, lobbying, and contracts. Finally, two recent audits identified improvements to better manage ethics and conflicts of interest.

EXPERIENCE AND KNOWLEDGE TO BE SUCCESSFUL

I have a strong record of improving government. Over 18 years I completed performance audits of almost every aspect of Metro's operations including Portland's Centers for the Arts and Oregon Convention Center. I also audited internal functions like finance and information technology which are key to the success of all Metro programs.

HOLDING GOVERNMENT ACCOUNTABLE

I center the public point of view. My goal is to show you what has been accomplished and where more work is needed. Being an advocate for the public improves services and increases accountability. As Metro Auditor, I will bring integrity, independence and continuous improvement to everything I do.

Educational Background: Portland State, B.S.

Prior Governmental Experience: Portland Metro Workforce Development Board, Joint Policy

Fierce Advocate, Proven Leader

A proud resident of East County, Ashton is fighting for us. Ashton knows our communities deserve their fair share, but our streets are less safe, we have fewer parks, and people must travel farther for work, shopping, and recreation. That's why he's:

- Expanded training on public projects for family-wage careers in construction, especially for underserved communities.
- Directed efforts with cities and counties to build more housing and reduce homelessness.
- Delivered transportation investments to improve safety and congestion in East Portland.

Driven to Serve

Ashton knows many are struggling. Growing up seeing how government neglect impacted his neighborhood, Ashton has become a champion for his community. At Metro, he works relentlessly to reverse decades of disinvestment and provide for the people of East Portland and East County.

Ashton's priorities:

**Providing A Fair Share for East County
Keeping East County Affordable
Creating Dignity, Determination, & the Tools to Thrive
Building Neighborhood Community and Vibrancy
Rejecting Trump's Division and Hate**

"Together, we can continue creating an East Portland that supports every part of our community, and everyone who calls it home."

noah4metro.com.

I've spent my career solving problems in the real world as a small business owner, litigation attorney, and taxi driver. I've seen metro from every angle - boardrooms, back seats, courtrooms, and 3 a.m. pickups on 82nd Avenue. I am running to be the voice for working people in East Multnomah County.

I'm not a career politician or a special-interest insider. My real-world experience taught me something Metro's current leadership hasn't learned: when you spend money results matter: **fiscal responsibility matters**.

Metro has collected over \$1.3 billion in homeless services taxes since 2021. Homelessness has increased by 61%. Metro has spent hundreds of millions on transportation projects since 2019. Metro's data shows traffic fatalities increased by over 30%. Public transportation ridership remains below pre-covid levels.

That's not progress. That's lack of accountability and management failure, and we're all paying for it.

Homelessness: I will demand independent performance audits, measurable outcomes for every dollar spent, and an end to using one-time funding for ongoing programs. Taxpayers deserve transparency and results.

Garbage and Core Services: Metro's auditor found 'widespread issues' at transfer stations: safety failures, untrained workers, and risky financial practices. Meanwhile, our rates keep going up. I'll bring the accountability to Metro's core services that I'm demanding for homeless spending.

Transportation: East County has the highest traffic fatality rates in the region and traffic congestion is being made worse. I'll fight to decrease congestion, improve public transportation, and prioritize projects that actually reduce fatalities.

The incumbent had 4 years. It's time for a new direction AND BETTER REPRESENTATION FOR DISTRICT 1.

WORKING FOR OUR COMMUNITIES!

Dear neighbors,

In my first two terms I've elevated our community voices at Metro for strong and vibrant neighborhoods, a robust economy, and a responsive regional government.

- We partnered with local governments to provide additional resources so more people can access safe and affordable housing.
- I've pushed back hard on unfair tolling schemes and worked for fairer alternatives. Investments are needed in neighborhood streets and transit service — we need a transportation system that works for everyone.
- We are opening up more parkland for families to enjoy, like Oregon City's Newell Creek.
- Metro is working with local businesses and economic leaders to attract economic activity, supporting job-ready lands, workforce development, and education.

Multnomah County

Measure 26-261

Referred to the People by the Board of County Commissioners

BALLOT TITLE

Five year levy: Oregon Historical Society Library, Museum, educational programs.

Question: Shall County renew 5-year history museum, library, educational programs levy; maintain \$.05 per \$1,000 assessed value, oversight, beginning 2026? This measure renews current local option taxes.

Summary: In 2021 voters approved a five-year local option levy of \$.05 per \$1,000 assessed property value to support the Oregon Historical Society (OHS). Renewal of this levy will continue support to the OHS's museum, library, educational programs, and fund the following without increasing taxes:

Educational Programs;

Free admission to school groups and Multnomah County residents;

Preservation of important Oregon treasures and artifacts;

Support four County historical societies: East County Historical Organization, Gresham Historical Society, Troutdale Historical Society, and Crown Point Country Historical Society;

OHS will continue to build on its efforts to provide exhibits and services that reflect the diverse histories of our region, and engage all parts of our county.

Levy continues rate of \$.05 per \$1,000 assessed property value, and replaces the 2021 levy. A home assessed at \$250,000 pays \$12.50 a year.

An independent citizen oversight committee will review expenditures to verify funds are used as approved by voters. Annual audits will be conducted and made public.

The levy will produce an estimated \$3.88 million for fiscal year 2026-2027; \$4.00 million for fiscal year 2027-2028; \$4.12 million for fiscal year 2028-2029; \$4.24 million for fiscal year 2029-2030; and \$4.37 million for fiscal year 2030-2031.

The estimated cost for this measure is an ESTIMATE ONLY based on the best available information available to the county assessor at the time of estimate.

resources to students and learners of all ages. In 2024 the Society's online collections were accessed by over 1.3 million visitors, with more than 20% of visitors coming from Multnomah County. OHS is set to debut an innovative new website in spring 2026 that will be entirely dedicated to sharing Portland's history through digitized collection materials and imaginative technology.

Funding from the renewed levy will maintain OHS's current public operating hours of 47 hours per week for the museum and 32 hours per week for the research library; support the preservation and curation of current exhibits; fund the development of new educational programming and scholarships; and allow OHS to continue offering free museum admission to and tours for all Multnomah County residents and K-12 school groups. Levy funds will also support operations at four East Multnomah County historical societies — East County Historical Organization (ECHO), Gresham Historical Society, Troutdale Historical Society, and Crown Point Country Historical Society.

The cost of the levy renewal will remain at \$.05 (five cents) per \$1,000 assessed property value, beginning 2026 through 2031. For example, the owner of a home assessed by the County at \$250,000 will continue to pay \$12.50 a year for this levy.

Accountability is a key component of this levy, with the Multnomah County Chair continuing to appoint an independent citizens' oversight committee — representative of Multnomah County's diverse communities — to review all levy expenditures. The Levy Oversight Committee will ensure funds are spent as approved by voters and advise OHS to ensure that its board, partnerships, staff, exhibitions, and programs proactively represent Multnomah County's diverse cultures. In addition, Multnomah County will continue to select an auditor, for which OHS will pay, to conduct annual audits of levy funds that will be made available to the public.

This levy will fund approximately one-third of operations at OHS. Other funding comes from grants, private donations, admissions, and other earned revenues.

EXPLANATORY STATEMENT

Founded in 1898, the Oregon Historical Society (OHS) maintains a museum and public research library in downtown Portland, preserves the largest collection of historical materials about the state of Oregon, and offers programming on the people, places, and events that have shaped Oregon. In addition, the OHS is the primary historical society for Multnomah County, with photographs, maps, manuscripts, books, films, and oral histories documenting the County's history.

Each year, approximately 40,000 people visit OHS's Portland facilities, including about 5,000 schoolchildren and college students. OHS's museum features three permanent exhibitions and rotating installations on diverse topics. In 2024, OHS opened *Rivers, Roses, and Rip City*, the first permanent exhibition dedicated to the history of Portland. This immersive exhibition, installed in OHS's Naito Family Gallery, explores the City's distinctive landscape and the communities and people that contribute to its vibrant identity. Also, OHS publishes the longest-running peer-reviewed journal in the West, the *Oregon Historical Quarterly*, which supports new research, amplifies knowledge and perspectives, and sparks relevant conversations about history.

ARGUMENT IN FAVOR

Teachers and Education Leaders Support Oregon History, and in return, the Oregon Historical Society supports us!

As local schoolteachers, educators, and education leaders, we have seen firsthand the impact the Oregon Historical Society has on our students as they discover the people, places, and events that shape our unique state.

By fourth grade, Oregon students have begun learning local history, including about the Indigenous people who have lived here since time immemorial, European and American explorers, and settlers from across the continent and around the globe. In later grades, students dig into the people and ideas that have shaped U.S. and Oregon history, including our state's role in our nation's history.

With Measure 26-261, Multnomah County school groups can continue to visit the Oregon Historical Society and access their amazing online resources for free, making history come alive and creating a positive difference for our students.

The Oregon Historical Society has supported teachers and educators, providing professional development opportunities and standards-aligned, classroom-ready resources we can use with students of all grades. During the pandemic, OHS helped provide high-quality learning even amidst school closures.

Nothing can compare to students seeing history before them. By seeing artifacts firsthand, students can relate to our state's visionary leaders like Oregon's famed suffragist Abigail Scott Duniway and Presidential of Freedom Medal awardee and civil rights leader Minoru Yasui. Bringing a subject alive keeps students engaged long after they return to the classroom.

Please join us in voting Yes for Education and Yes for Measure 26-261 and in keeping this valuable resource available for future generations of Oregon students.

East Multnomah County History Benefits from Measure 26-261

Multnomah County history is Oregon history, from Indigenous peoples to immigrants past and present. Levy dollars enable us to preserve and pass down to future generations knowledge of the past, across our entire community.

Passing Measure 26-261 provides essential support to four East Multnomah County Historical Societies:

- East County Historical Organization (ECHO) continued their mission of preserving and stimulating an interest in the history of the Fairview, Rockwood and Wilkes areas of East Multnomah County and in their care of the historic Heslin House and Zimmerman House.
- Gresham Historical Society is open with free admission for over 200 days per year and offers a dynamic slate of free educational programs, both in-person and online. The levy has enabled GHS to significantly expand access to its local history resources.
- Troutdale Historical Society completed major building repairs and security upgrades, expanded museum hours, improved and diversified exhibits, increased free educational programs and community events, launched new children's programs, strengthened preservation and shared Troutdale's history with more residents than ever before.
- Crown Point Country Historical Society's new museum is now open in Corbett for all to see. As they move forward to complete the grounds, the levy funds will assist in the operation of the museum, along with meeting their mission to preserve and share the heritage of this beautiful area.

We know how important this levy is to the ongoing preservation of local letters, maps, oral histories, and artifacts. These treasures help document the story of our unique area. With your support for Measure 26-261, we can continue sharing knowledge, collections, expertise, and materials.

Please vote Yes for Historic Preservation in ALL of Multnomah County!

Fiscal Oversight & Independent Audits

As part of the original levy, the Multnomah County Chair appointed an independent citizens oversight committee to review all levy expenditures and ensure dollars are spent as approved by voters, a practice which will continue with the levy renewal.

The Levy Oversight Committee ensures the Oregon Historical Society has met its accountability targets, including:

- Ensuring a quality financial audit has been completed.
- Expanding hours of operation.
- Providing free access to Multnomah County residents.
- Supporting exhibits, programs, and operations that proactively represent Multnomah County's diverse communities.

The Levy Oversight Committee is made up of community members, meets at least twice a year, and reports annually to the Multnomah County Board of Commissioners.

Levy Oversight Committee Co-Chairs Janice Dilg and Diane McKeel presented to the Multnomah County Board of Commissioners on October 7, 2025 to share the Committee's findings:

"I can report that OHS continues to be in compliance with all levy language and requirements. These requirements include being open to the public a certain number of hours a week, providing an annual financial audit to the [Levy Oversight Committee], and of course offering free admission every day to all Multnomah County residents. I am also pleased to report that the LOC continues to be impressed by how OHS is in total compliance with the levy language that requires their exhibits, programs, publications, and partnerships reflect the history of Multnomah County's diverse population." —Janice Dilg

A Vote for 26-261 is a Vote for Our Local Culture

From Portland's famous penny toss to ringing in the Chinese New Year to learning about the tragic Vanport flood, the Oregon Historical Society provides a rich and necessary context

to our home, reminding us of how we got to where and who we are. OHS serves as our collective memory, and has done so for over 125 years.

As leaders of Oregon's cultural and civic institutions we fully support the renewal of this important levy and recommend a Yes vote for Oregon History.

In addition, we are encouraged by the Oregon Historical Society's continued work to reflect Multnomah County's rich and diverse community—from its leadership and staff, to exhibits, partnerships, and programs.

We understand that Oregon's rich history cannot be contained within a single story or point of view, and that re-examination and new interpretations are necessary to tell a full and honest history.

This resource is essential to Oregon's cultural and civic community, providing inspiration and knowledge. It provides a platform to ask questions, make discoveries, and build connections with our neighbors.

In addition, the levy will:

- Continue free admission to all Multnomah County residents and school groups;
- Provide free public lectures and original exhibitions;
- Produce weekly newsletters reaching more than 22,000 readers;

OHS Volunteers Talk About the Impact of OHS Educational Programs

Educational programs at OHS are supported by extraordinary volunteers. Through their work, Oregon students and Oregonians of all ages discover the history of our state and region. In their own words:

Elizabeth Pruden: "It's always exciting to judge History Day and witness the intelligence and dedication of Oregon students who will be future leaders. **OHS ensures that students participate in a learning experience that requires research and analysis of facts, both of which promote critical thinking.** The research effort culminates in a public presentation when students can hone public speaking skills, whether they are novices or stars."

Sara Spiers: "Volunteering with Oregon History Day and the Hatfield Lecture Series has shown me how **OHS programs build a lasting connection between Oregonians of all ages and the place they call home.** OHS programming creates a community of learners and provides spaces throughout the state where individuals can cultivate curiosity and deepen their understanding of Oregon, the Pacific Northwest, and our global connections. **Ultimately, OHS and its many programs and exhibits spark curiosity and foster a love of history, teaching us all how to be better stewards of Oregon.**"

Darren Layne: "As volunteer educators at OHS, welcoming numerous school classes every week of the academic year gives us great opportunities to interact with kids of all ages as we introduce them to our fantastic exhibits. **We often hear from teachers, parents, and students that the discussions we prompt are deeply meaningful, bolstering our passion and reminding us that there's something incredibly special going on here.**

Volunteering as a judge for Oregon History Day always inspires, seeing such a fascinating breadth of projects by students from all across the state. Each year I am dazzled to see how many Oregon students are enthusiastic about the details and process of their projects. **OHD is a valuable program that demonstrably inspires our future generations of aspiring historians!**

ARGUMENT IN OPPOSITION

TODAY'S OREGON HISTORY LESSON:

OHS got by for 100 years without a special tax until 2011 when a developer on the board was eyeing surplus OHS-owned real estate. He hit up his buddy, a politically-connected top aide to Pfizer's official erectile dysfunction medication spokesman [sic] with no background in historical research or preservation to become OHS's Executive Director.

That ED now collects over a \$300k salary financing a McMansion in Beaverton where he won't even have to pay this tax. He immediately forked over tens of thousands to a lobbyist who weaseled the county commissioners to put this tax on the ballot in a low-turnout election backed by OHS's well-funded P/R firm and sob-story "save the museum" and "it's for the children" propaganda.

I didn't need OHS's archive to find that ED's sales-pitch:

"If we have to ask for it [this tax] again, we haven't done our job" *Oregonian 03/07/11*

If this tax measure fails, OHS will easily survive. In 2022, OHS landed a \$2.5 Million endowment donation for the programs this tax is intended to fund, but players have become addicted to the game of tax measure whack-a-mole. Over time this tax has become an annuity for boondoggles such as the inaccessible "Crown Point Country Museum."

LESSON SUMMARY: The 2008 repeal of the double majority rule for low-turnout May elections opened the floodgates for wasteful special interest taxes and bad school bonds making Portland unaffordable. **There are better ways to support OHS** such as the hotel tax, the lottery, an allocation from the Portland Arts Tax, the Cultural Trust Tax Credit, or charging admission for county residents. **Pay to Play is the Oregon Way** and in Oregon, a **"temporary" tax is never temporary.**

CIVICS HOMEWORK QUIZ:

1. **Were you lied to about this being temporary?**
2. **If it is to be permanently taxpayer funded, should OHS be publicly owned with elected or appointed directors accountable to taxpayers?**

ARGUMENT IN OPPOSITION

Taxpayers Association of Oregon
has a better idea:

We support more funding for the Historical Society!

but...

We have a better idea than raising property taxes...

We favor eliminating corporate welfare.

If we eliminate corporate welfare and wasteful spending, then we can save millions in tax dollars and use the savings to fund the Oregon Historical Society.

Examples of your tax dollars wasted on luxury hotels:

- Hyatt Convention Center luxury hotel (\$74 million tax subsidies)
- Nines luxury hotel Portland (\$16 million tax subsidies)

- Ritz Carlton Portland Hotel * bankrupt * (taxpayer subsidies)

Examples of your tax dollars wasted on private companies:

- Portland JB celebrity food hall (\$10 million tax subsidies)
- Private Hillsboro baseball stadium makeover (\$30 million tax subsidies)
- Hollywood films (\$20 million Oregon tax subsidies)

Examples of tax dollars wasted on government staff parties:

- \$75,000 Employee party at the zoo by transit agency Tri-Met
- \$11,589 Staff party featuring therapy goats for Portland City staff
- \$26,500 Christmas and retirement party for Oregon Energy Trust
- \$13,000 retirement party on a boat for Portland Public School staff
- \$9,330 tostada themed party for the Governor's staff

We favor funding the Oregon Historical Society with existing tax dollars (by cutting waste) rather than raising property taxes, which would make owning a home even more unaffordable.

ARGUMENT IN OPPOSITION

Taxpayers Association of Oregon
has a better idea:

We support more funding for the Historical Society!

But ... people are afraid to go downtown.

- Downtown visitor foot traffic down 75%.
- A million fewer visits.

The issue is crime:

- Nation's #2 top property/vandalism crime rate.
- Nation's #5 highest auto theft rate.

If you vote for Measure 26-261, then you must also vote for ways to restore Portland police and Multnomah police to their full functional levels. Otherwise, you are raising taxes to fund something that people are unwilling to visit.

Nearly 50,000 vehicles have been stolen over the past decade, and many people are afraid to return, despite progress. The

Multnomah County

Measure 26-261

Taxpayers Association opposes raising taxes to fund ancillary projects while under-funding life-saving emergency services, like police.

Portland taxpayers have foot the bill to build some of the most expensive new school buildings in the nation (*Oregonian* 12/4/24), only to watch Portland Public School enrollment drop. Crime drives families away.

In 2015, developers spent \$50 million beautifying the Lloyd Center mall, only for it to become a ghost town, and it is now set to close. Money can't buy customers when crime is a problem.

Millions of tax dollars were used to build the Portland Ritz-Carlton hotel and the Hyatt luxury Convention Center hotel which failed after their first year. Again, crime drove customers away.

The best thing we can do for the Oregon Historical Society is to create a safe downtown so it can flourish. We need to fund our essential, courageous and heroic police first, then fund supplementary projects.

ARGUMENT IN OPPOSITION

The Oregon Historical Society provides valuable cultural programming, **but it makes little sense for a private statewide society** to be significantly funded by Multnomah County voters. Until around 2008, the museum got by on a state subsidy that was temporarily cut.

The Multnomah County subsidy was proposed in 2011 as bridge funding until state funding was restored. Kerry Tymchuk, Executive Director of the OHS, promised it would be temporary. **"If we have to ask for it again, then we haven't done our job," he said.** *Oregonian* 3/7/11

Too often, "temporary" taxes become permanent. Over time, **small special interest taxes like these add up**, leading to wealth flight which is sending downtown Portland into a doom loop. The county commission was irresponsible to put this on the ballot.

As the *Oregonian* Editorial Board put it when this tax was up for renewal in 2016, "Voters should reject this measure because public funding of the society... **should be primarily shouldered by the state, not by Multnomah County residents** who stepped up in the face of an emergency on the promise that it would be temporary. The state has historically been the one to fund the society, which fulfills a statewide need. Too often, there seems to be a casual acceptance of government bodies taking on a role or responsibility that belongs to another public entity." *Oregonian* 4/18/16

With easy taxpayer funding, OHS staff have become complacent, **with spending doubling since 2008.** Other

cultural institutions including the Portland Art Museum, the Oregon Symphony, and OMSI **get by just fine on memberships and donations without a special "temporary" levy** and compete on equal footing for a share of the Portland Arts Tax.

OHS is a private institution. It is shielded from public records and open meetings laws. **Why should taxpayers fund OHS when we have no say in its operations?**

Riverdale School District 51J

Measure 26-263

BALLOT TITLE

Riverdale Five-Year Local Option Tax for District Operations

Question: Shall Riverdale levy \$1.67 per \$1,000 of assessed value for operations for five years beginning FY2026-27? This measure may cause property taxes to increase more than three percent.

Summary: Since 2000, voters have approved a local option levy to support Riverdale School District 51J operations. This measure would authorize the District to levy a property tax of \$1.67 per \$1,000 of assessed value each year for five years to help finance District operations. This measure represents an increase to the District's current local option levy rate of \$1.37 per \$1,000 of assessed value.

The local option levy provides funding to retain teachers and support the educational programs offered at Riverdale. If approved, this measure would provide additional funding to support Riverdale's instructional programs, staffing, and general operations. If not approved, the District would need to reduce its 2026–27 budget by more than \$1,000,000, the estimated equivalent of cutting seven teachers or 21 school days.

The tax rate of \$1.67 per \$1,000 of assessed value equals an estimated \$167 per year for every \$100,000 of assessed value, which is an increase of \$30 per year per \$100,000 of assessed value compared to the current levy.

The local option levy is projected to raise \$7,530,900 over five years:

- \$1,418,300 in 2026-2027
- \$1,461,000 in 2027-2028
- \$1,505,400 in 2028-2029
- \$1,550,000 in 2029-2030
- \$1,596,200 in 2030-2031

EXPLANATORY STATEMENT

What is the Local Option Measure?

The District's current local option levy expires on June 30, 2026. Without voter approval, the levy will end and funding will drop to zero. This measure would establish a five-year levy of \$1.67 per \$1,000 of assessed value, replacing the expiring levy. All funds generated remain in Riverdale School District and are used to support the education of Riverdale students.

Why does the Riverdale School District need Local Option revenues?

State funding has not kept pace with the actual cost of educating students. While state allocations have increased in recent years, funding available for classroom instruction and student services has remained relatively flat when compared to inflation and rising operational costs. The Local Option Levy provides essential revenue to support staffing, instructional programs—including the International Baccalaureate Program—and district operations. In 2025, Niche ranked Riverdale as the #1 Public High School and #1 Public K-8 in Oregon.

- In 2024–25, Riverdale received approximately \$11,000 per student in state funding, while the actual cost to educate a student exceeded \$19,000. The District maintains its current level of education and support largely through the Local Option Levy and Foundation support. Without levy funding, the District would need to make significant reductions to services.

What will the passage of this measure do?

The levy would continue funding that voters have approved for the past 25 years (2000, 2005, 2010, 2015, and 2020). The rate has not increased in the last ten years. Local Option funding supports teacher retention, instructional programs, and staffing. It helps maintain academic offerings, including art and music, and supports general operations. If the levy is not approved, the District would need to reduce the 2026–27 budget by more than \$1,000,000, estimated to be equivalent to eliminating seven teaching positions or reducing approximately 21 school days.

How will the Local Option dollars be used?

Local Option revenues are part of the operating budget and support:

- Retention and hiring of experienced teachers
- Maintaining small neighborhood school experiences
- Supporting academic and enrichment programs
- Instructional materials and supplies
- Operational needs such as security and facility maintenance

How much will the levy raise?

This Levy is projected to raise \$7,530,900 over five years:

- 2026–27: \$1,418,300
- 2027–28: \$1,461,000
- 2028–29: \$1,505,400
- 2029–30: \$1,550,000
- 2030–31: \$1,596,200

How will this levy affect my taxes?

This five-year levy would replace Riverdale's current local option levy rate of \$1.37 per \$1,000 of assessed value with a new levy of \$1.67 per \$1,000 of assessed value, a difference of \$.30 per \$1,000 of assessed value.

- For a home with an assessed value of \$1,000,000, the estimated cost is \$1,670 per year (\$139 per month), approximately \$300 more per year, or \$25 more per month than the current rate. Actual tax amounts may vary due to assessed value, Ballot Measure 5 limitations, compression, and collection rates.

Measure 26-263

ARGUMENT IN FAVOR

RIVERDALE SCHOOL BOARD SUPPORTS A YES VOTE ON MEASURE 26-263

Riverdale School District has long been known for excellent teachers, strong academics, and a deeply engaged community. That reputation exists because our community has consistently invested in our schools. **Since 2000, Riverdale voters have approved a local option levy every five years to support the programs and staffing that make our schools exceptional.**

Today, Riverdale continues to deliver results. Riverdale High School is ranked the **#1 Best Public High School in Oregon** by Niche, and Riverdale Grade School is ranked the **#1 Best Public K-8 School in Oregon**. This year also marked an exciting milestone: **Riverdale High School launched the International Baccalaureate (IB) Diploma Programme**, expanding opportunities for students to develop as critical thinkers, creative problem-solvers, and globally minded leaders.

The current levy, which has helped support these accomplishments, expires in June 2026. Without voter approval, this funding would drop to zero, requiring the District to reduce its budget by **more than \$1,000,000 per year — an impact equivalent to losing approximately seven classroom teachers or cutting 21 school days.**

As members of your Riverdale School Board, we are committed to careful stewardship of community resources and to sustaining the high-quality education Riverdale families expect. The proposed levy replaces the expiring levy and adjusts the rate from \$1.37 to \$1.67 per \$1,000 of assessed property value — the first increase since 2015 and an adjustment that remains below the rate of inflation over that time. **This rate reflects careful, strategic planning to uphold Riverdale's high standards while being mindful of the community's investment.**

Local option funds go directly to Riverdale schools and support dedicated teachers, small class sizes, and the academic programs that help students thrive.

Please join the Riverdale School Board in voting **YES on Measure 26-263.**

ARGUMENT IN FAVOR

A Message to Our Dunthorpe Neighbors

As local real estate professionals who work in Dunthorpe every day, we see firsthand what drives demand in our neighborhood. One factor rises above almost all others: **the strength and reputation of the Riverdale School District.**

While not every household in Dunthorpe has school-aged children, **every property owner benefits from the value our**

schools add to this community.

In most parts of Multnomah County, home values have faced increased pressure. Yet homes in Dunthorpe continue to be highly sought-after. **Riverdale's reputation attracts buyers from across the Portland metro area and beyond.** For families relocating from out of state, school quality is often the deciding factor. For local move-up buyers, it is frequently the reason they are willing to pay a premium to live within district boundaries. This sustained demand strengthens pricing, supports resale value, and provides stability even during broader market fluctuations.

The local option levy is a critical part of maintaining that reputation. It helps preserve the instructional quality, staffing levels, and programs that make Riverdale exceptional. Without it, reductions in teaching positions and instructional days would directly impact the educational experience that underpins our district's standing.

Supporting the levy is not simply about funding schools; it is about protecting one of the most important assets in our neighborhood. **Strong schools help preserve strong property values.** They reinforce the long-term desirability of Dunthorpe. **They signal to the broader market that this is a community committed to excellence and stability.**

As Realtors and neighbors, we believe maintaining that advantage matters. **We encourage you to join us in supporting the Riverdale Local Option Levy.**

Burlington Water District

Measure 26-264

BALLOT TITLE

Five-Year Local Option Tax for Fire & Ambulance Operations

Question: Shall the District create a new five-year levy of \$1.70 per \$1000 of assessed value for five years beginning 2026-2027?

This measure creates new local option taxes which may cause property taxes to increase more than three percent.

Summary: The taxes will be used to meet the expenses Burlington Water District pays to the City of Portland Fire Department for emergency services (Fire and Ambulance) and to maintain a contingency fund for the future increased expenses.

An estimate of the total amount to be raised each fiscal year is:

\$81,961 in 2026-2027

\$84,420 in 2027-2028

\$86,953 in 2028-2029

\$89,561 In 2029-2030

\$92,248 In 2030-2031

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate and may reflect the impact of early payment discounts, compression and the collection rate. A property with an assessed value of \$166,000.00, the average assessed value for the district, will pay an estimated \$24 per month in additional property taxes.

EXPLANATORY STATEMENT

Burlington Water District (the District), a municipal corporation, provides water and emergency services to approximately 400 people in the Burlington area of Multnomah County. The District currently contracts with the City of Portland for emergency services (fire and ambulance) for its residents and properties. Those emergency services are paid for with tax revenues from properties within Burlington Water District boundaries.

In this election the District asks you to approve an additional tax levy of \$1.70 per \$1,000 of assessed value to cover rising costs for emergency services. Costs from the City of Portland Fire Bureau have risen 10% per year over the past four years, nearly double the average growth in property taxes. Current property tax revenue can no longer cover the costs of emergency services and the District has no other funding source to pay for those services.

This levy request has no impact on the District's core function of providing water, or on District water rates.

Approving the levy would supplement the existing \$3.4269 permanent rate and would raise an estimated average of \$87,029 annually for five years. The average assessed value for a property in our taxing district is \$166,000. For such an average property, the current monthly cost for emergency services is \$47. The requested local levy option would add \$24 per month for an average total cost of \$71 per month.

These taxes are collected by Multnomah County and can only be used to pay for emergency services.

City of Lake Oswego

Measure 3-635

BALLOT TITLE

Funding South Shore Fire Station Reconstruction to Improve Community Safety

Question: Shall Lake Oswego rebuild the South Shore fire station to improve community safety by issuing \$20.6 million in bonds?

Summary: If approved, this measure would permit the issuance of general obligation bonds to demolish the existing South Shore Fire Station (built in 1971) and build a replacement station.

A new station would modernize the building to keep response times low, provide upgraded safety for firefighters, and meet seismic standards.

A task force evaluated alternative options, including continuing renovations and closing the station, and recommended reconstructing the station. Today's building codes and environmental laws make remodeling more expensive than new construction. In addition, the crew quarters must be rebuilt as they cannot be reinforced to meet today's seismic standards for essential facilities, leaving firefighters and the community vulnerable in an earthquake.

If the measure is rejected, the current station will remain in service as long as it is safe to be used, but it will likely need to be closed in the future.

The bonds are estimated to cost \$0.19 per \$1,000 of assessed property value annually. Actual rates may vary based upon interest rates and changes in assessed value.

commonly encountered when fighting fires.

- **Modern Vehicle Bay:** Expanded storage space to accommodate modern emergency vehicles and equipment like the marine rescue boat and trucks used for wildfire response that do not fit in the current 1971 structure.
- **Operational Readiness:** Facility designed to maintain the city's current emergency response goals, including the target of reaching 90% of high-priority calls within 8 minutes or less.

Proposed Measure & Financial Impact

After evaluating alternatives, including renovation and closing the South Shore Station, the Task Force recommended a full replacement funded by general obligation bonds because current building codes and environmental regulations make remodeling the 1970s materials more expensive than new construction. The City Council reviewed the Task Force recommendations and submitted this measure for voter consideration.

Measure 3-635 authorizes the issuance of up to \$20.6 million in general obligation bonds to demolish the existing structure and construct a new station at the current location.

The bonds are estimated to cost property owners approximately \$0.19 per \$1,000 of assessed property value annually. For a home with an assessed value of \$600,000, the estimated annual cost would be \$114.

If the measure is rejected, the \$20.6 million in bonds will not be issued, and the property tax will not be imposed. The current station would remain in service only as long as it is deemed safe for use, but it would not be upgraded to meet modern seismic, health, or safety standards.

EXPLANATORY STATEMENT

Background of South Shore Fire Station

Constructed in 1971, the South Shore Fire Station, located at 1880 South Shore Boulevard, is the oldest of Lake Oswego's four fire stations. While the station primarily serves the southeast quadrant—including Lakeridge High School, Hallinan Elementary School, Luscher Farm, Lake Oswego Recreation and Aquatic Center, Mary's Woods, and the Stafford Retirement Community. South Shore Fire Station functions as part of a city-wide emergency response system. Personnel, vehicles, and equipment from this station respond to critical incidents and medical emergencies throughout the entire Lake Oswego community.

Facility Deficiencies & Earthquake Safety

A City Council-appointed Community Task Force evaluated the facility and determined the South Shore Fire Station has reached the end of its useful life. The building does not meet current seismic standards for essential public facilities such as fire stations, schools, or hospitals. The Task Force found that existing crew quarters cannot be reinforced to meet essential facility seismic standards. After evaluating alternatives, the Task Force determined that renovating the existing structure was not economically feasible compared to the cost of constructing a new, earthquake safe facility.

Health & Operational Improvements

If approved, the measure would fund the construction of a new facility designed to include:

- **Decontamination Areas:** Dedicated spaces designed to reduce firefighter exposure to cancer-causing materials
