Accountability Performance Forum Department of County Management

MultStat Kick-Off: The First MultStat Performance Forum

Friday November 16, 2007 -- 1:00-2:30 pm
MultStat Room (EOC), Multnomah Building Basement

11/26/2010 11:00:26 AM

Welcome

- What is MultStat?
- What do you mean by “operational”?
- Where do we get the data?
- MultStat vs. DCMStat
- What do I have to do?

[MultStat Roles & Responsibilities]

- Chair Wheeler: lead the discussion; learn business models; focus on solutions; prioritize resources
- Leadership Team: ask the hard questions; offer solutions; think about systems
- Department Directors: answer questions; be accountable for your performance
- Department Staff: answer questions; provide accurate, meaningful data
- MultStat Staff: comprehensibly analyze and display the data

- A Pre-Packet will be sent out to the Chair, the Leadership Team, and the Department Directors one week before each meeting with draft copies of the presentation and supporting materials

[Leadership Team Expectations]

- Focus on measurable outcomes
- Know the data
- Attend all meetings
- Be prepared to ask questions
- Speak candidly and respectfully
- Avoid “groupthink”
- Provide solutions and options
- Challenge conventional approaches
- Support informed risk-taking
- Respect your peers

Departmental Expectations

- Focus on measurable outcomes
- Know your data
- Attend all meetings
- Be prepared to answer questions
- Speak candidly and respectfully
- Avoid “groupthink”
- Provide solutions and options
- Challenge conventional approaches
- Support informed risk-taking
- Respect your peers

[MultStat Timeline]

- Each functional area meets once a month
 - 1st Week: Basic Needs
 - 2nd Week: Accountability
 - 3rd Week: Safety
 - 4th Week : No MultStat meetings
- Meetings held on Fridays from 9:30-11 in the MultStat (EOC) Room

Tentative Roll-Out Schedule

Nov. 16	Accountability	DCM
Dec 14	Accountability	DCM
Dec 21	Safety	DCJ
Jan 4	Basic Needs	DCHS
Jan 11	Accountability	DCM
Jan 18	Safety	DCJ, DA

[The MultStat Agenda]

- Relentless Follow-Up
 - This section is devoted to reviewing action items from the previous meeting.
- Examine Timely, Accurate, Relevant Data
 - Organizational Health
 - Standardized data about hiring, budgets/revenues/expenditures, leave time, and top priority projects for each Department.
 - Performance Review
 - Reviews regular program data which is either out of parameters or is of particular concern to the Leadership team.
 - Forum Focus (optional)
 - This optional section focuses discussion on a particular topic researched in advance with an emphasis on recommendations and actions.
- Action Items
 - This section summarizes action items discussed during the meeting. These items will be Relentless Follow-up items the following month.

The Department of County Management (DCM)

Carol Ford, Director Divisions

- A&T- Kathy Tuneberg
- Budget- Karyne Dargan*
- Facilities- Doug Butler*
- Finance- Mindy Harris*
- FREDS- Rich Swift
- HR- Travis Graves*
- IT- Becky Porter*

* Denotes member of MultStat Leadership Team

Relentless Follow-Up

MultStat Process Feedback

- As part of quality assurance and to meet our MultStat performance reporting requirements we will be soliciting your feedback after each MultStat session from a very brief card.

Timely, Accurate, Relevant Data

➤ County Management (DCM)

Coming soon:

➤ *Community Services (DCS)*

➤ *Library (LIB)*

Organizational Health

[Organizational Health Overview]

■ Purpose

- To show a monthly standardized snapshot of a department's inputs—what you use to run your business—that are not usually related to your line of work. For instance money and staff. Every department uses the same measures.

■ Use in MultStat

- An Org Health sheet for every department every month will be included in the pre-packet of materials. It will be reviewed quickly in the meeting and only anomalies will be discussed.

DCM Organizational Health

Department of County Management
 Carol Ford, Department Director
 DCM Programs Reporting in MultStat (25%)

November 16, 2007

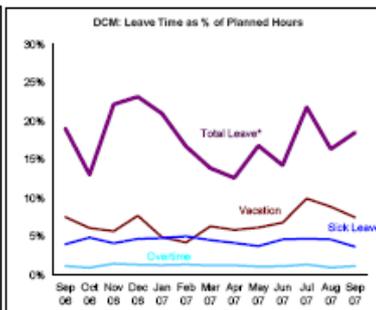

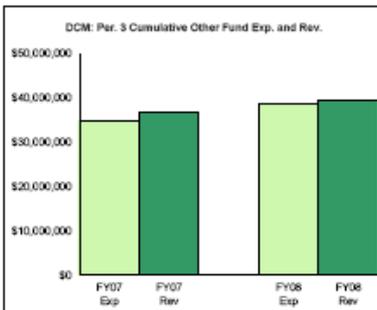

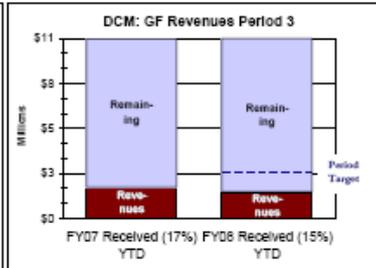

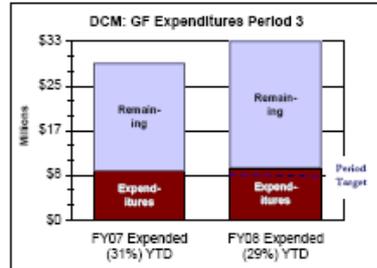

Key Areas

Assessment & Taxation-Kathy Tunberg; Budget Office-Karyne Dorgan; Facilities-Doug Buller; Finance & Risk Management-Mindy Harris; FREDs-Rich Swift; Human Resources-Trevi Graves & Arnold Quigley; Information Technology-Becky Porter

Percentage of Records at Current Retention Schedule

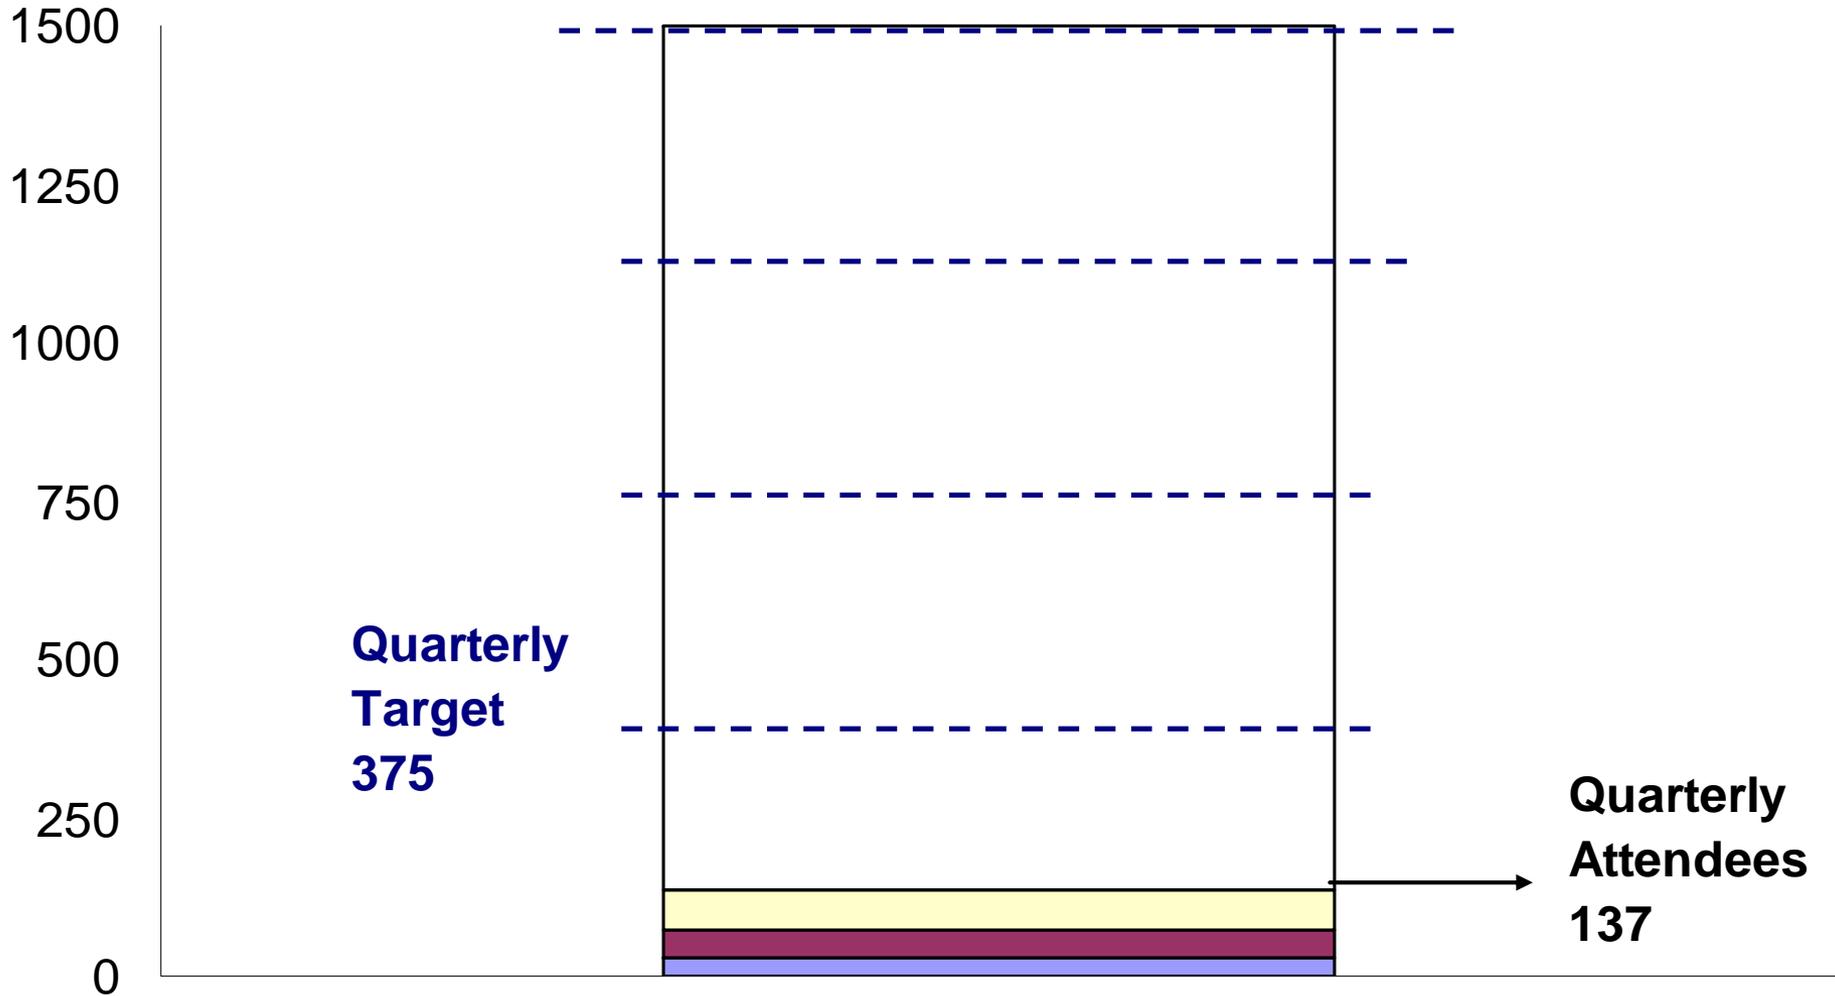

FREDS- Materiel Management

Goods Ordered & Received On-Time

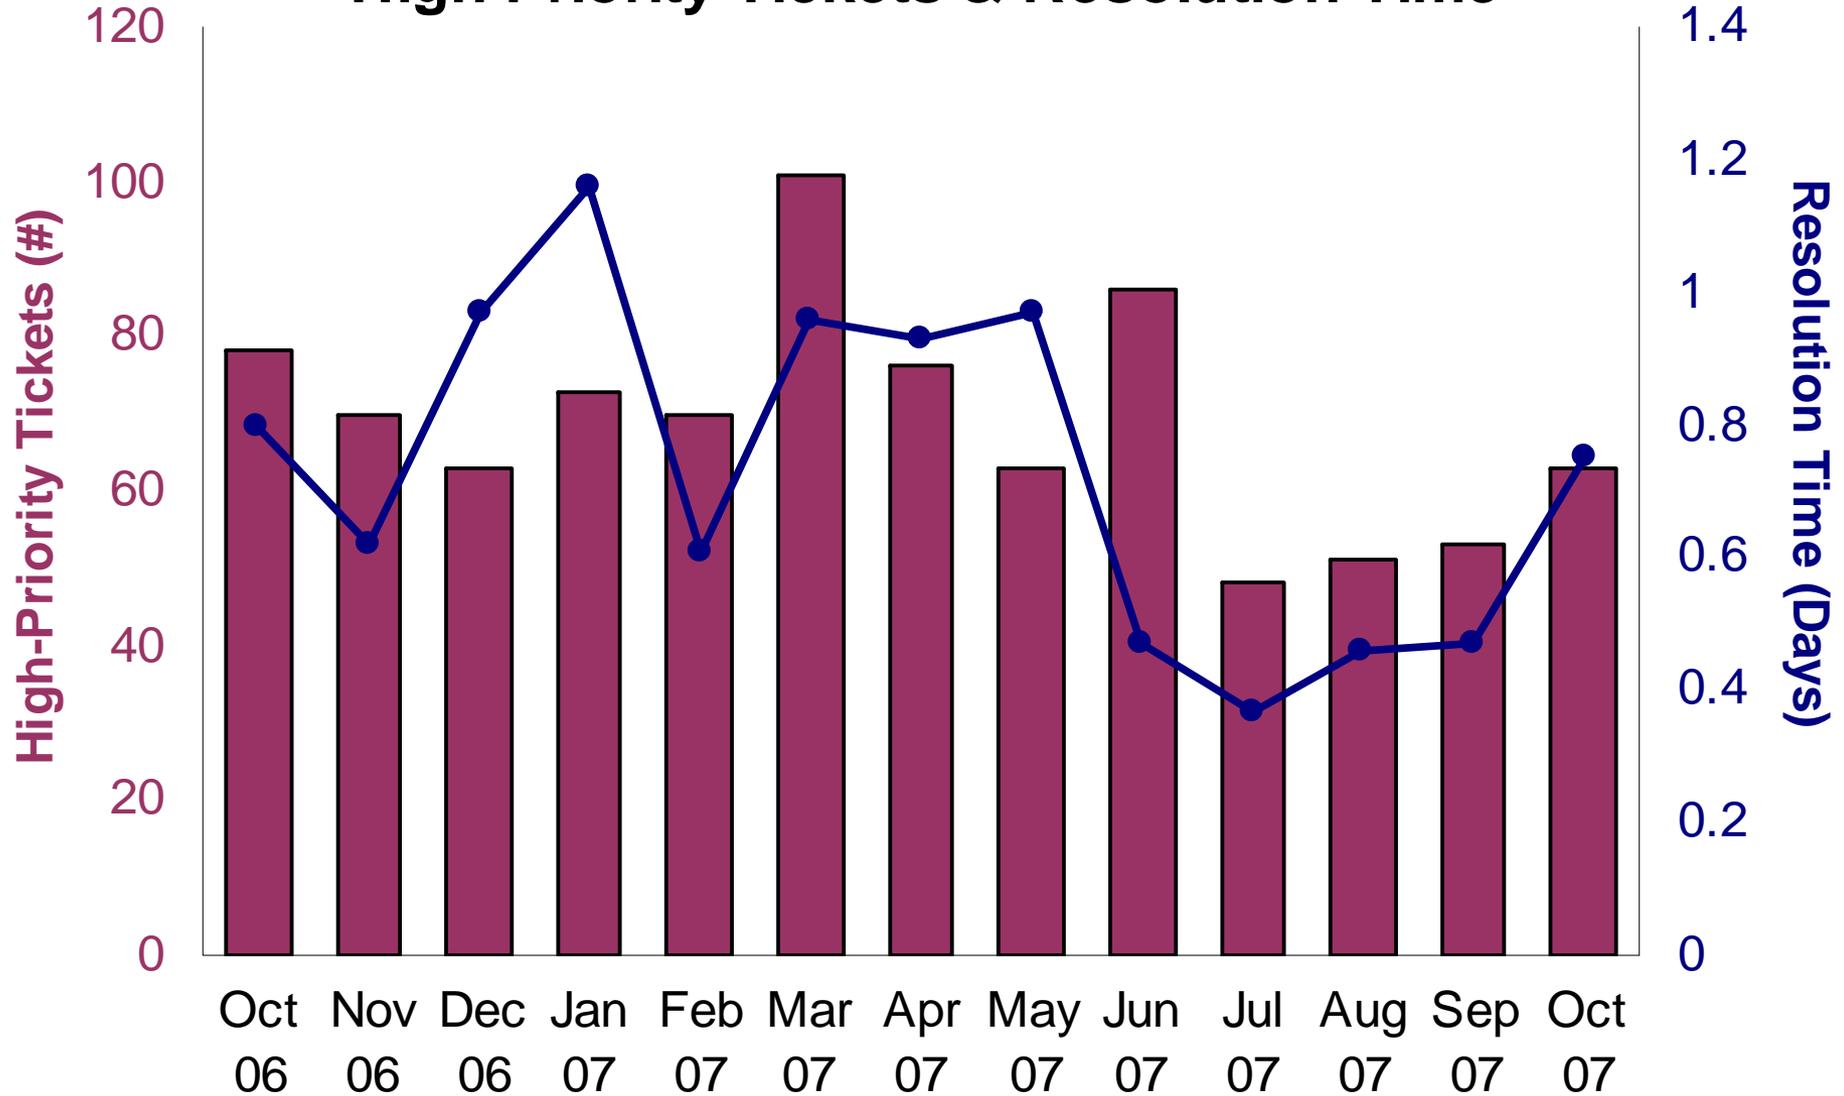

HR- Central HR Services

Number of Countywide Training Class Attendees

IT- Desktop Services

High Priority Tickets & Resolution Time

Forum Focus

Moves, Adds, Changes
(MACS)

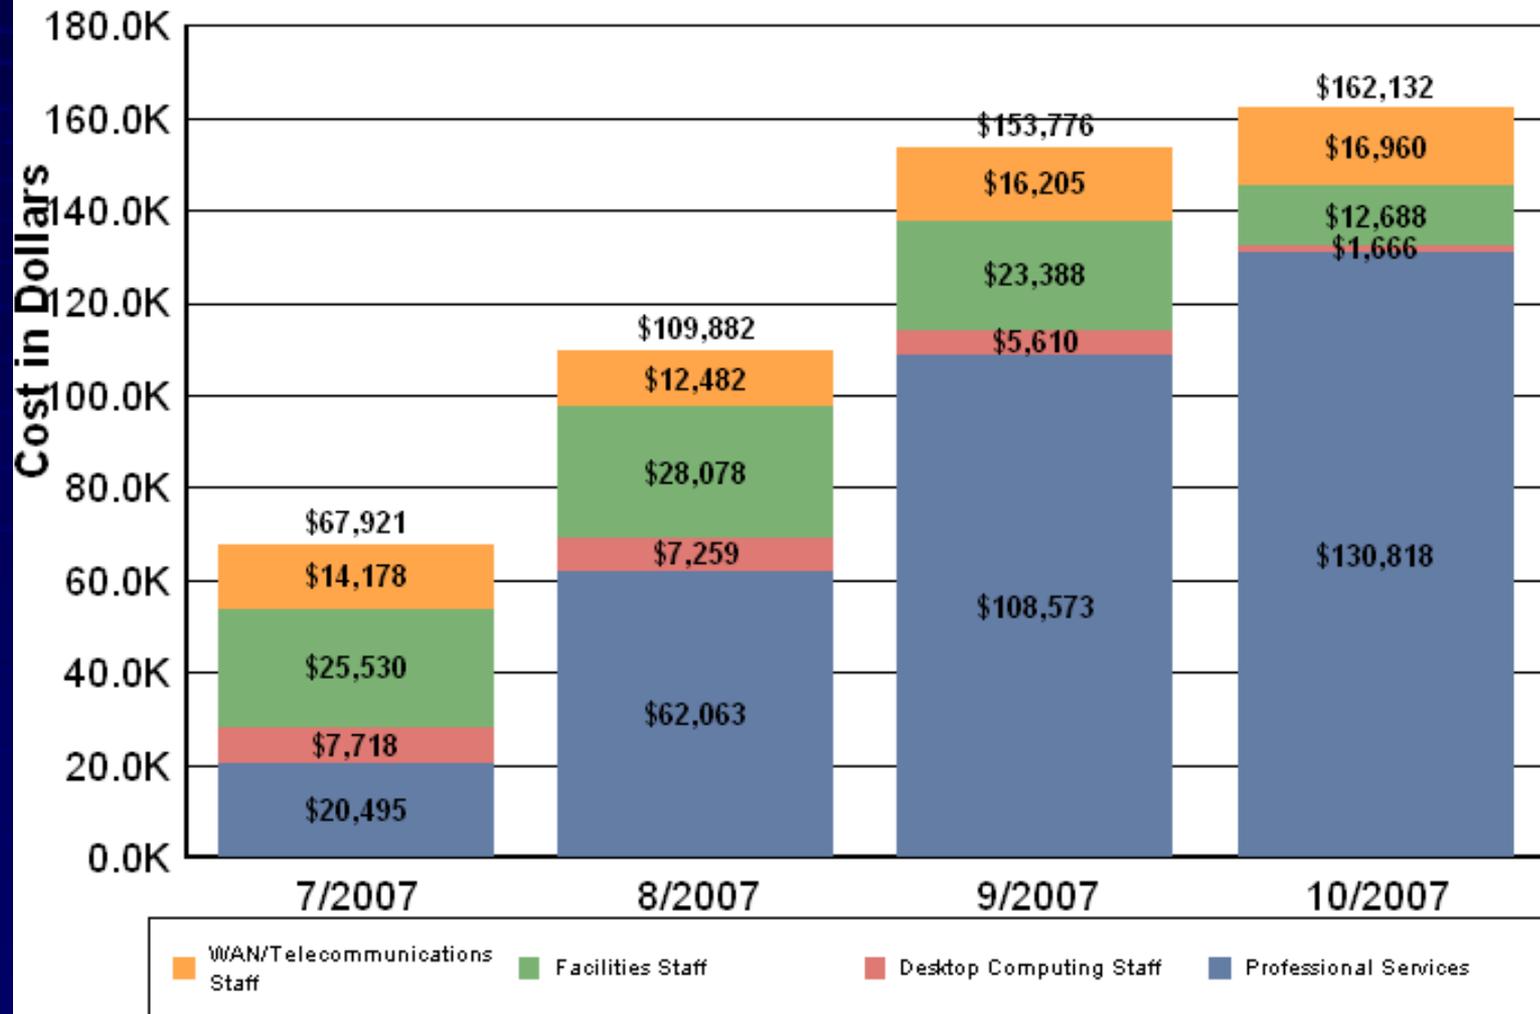

Moves/ Adds/ Changes- MACS

- Source of Issue (DCMStat)
 - Two Teams Reviewed (Facilities & IT)
- Goals (3)
 - Establish meaningful MultStat metrics & reports;
Identify opportunities to control MAC costs;
Provide recommendations to control MAC demand
- Define MACS
 - Moves: *Activities that support staff relocations;
Typically discretionary spending; Often relies on
external service providers*

MACS- Costs

IT and Facilities Move Costs

Fiscal 08 YTD

October staff costs not complete

Ran On: 11/5/2007

Moves/ Adds/ Changes- MACS

- Define MACS

- Adds & Changes: Often not discretionary spending (e.g. *New Hire & Termination activities, etc.*); Relies less on external service providers

- Current Situation

- Past reporting metrics combined Moves, Adds & Changes into one data point (blurs issue)
- Lack of formal approval process
- No guidelines defining acceptable business drivers
- Telecom & Facilities expenses directly billed to customers
 - Desktop move expenses not billed directly, but are in departmental PC rates based on # of desktops. So desktop moves are subsidized at the enterprise level

MACS- Recommendations

- 1. MultStat reports should focus on “moves” (i.e. discretionary spending)
 - better informed Sr. Management and provides opportunity to control discretionary spending
- 2. Institute a MAC approval process
 - Bring higher visibility to managers and level of approval can be defined by MAC size
- 3. Convene cross departmental team to identify the business drivers that create move demand
 - Suggest guidelines governing move requests
- 4. Remove cost of desktop moves from desktop rates
 - Bill customers directly - similar to Telecom and Facilities

Action Items

Review expected items for
next time (who, what, when)
