**Explanation of Exceptions**

→ Valid votes that have been marked by the voter outside the vote targets or using a marking device that cannot be read by the vote tally system shall not be included in making the determination whether the voting system has met the standard of acceptable performance for any precinct or ballot batch under ORS 254.529(8)(a) through (c) and are to be listed as exceptions.

During the course of the hand count it was discovered that one of the ballots in batch 1640 had not been included in the vote totals produced by the tally system. This accounts for the one extra vote shown in all three races.

In the Governor race there were 4 exceptions - 2 undervotes and 2 write-ins were determined to have been incorrectly assigned by the tally system adjudication boards.

In the Treasurer race there were 2 exceptions - 2 undervotes were determined to have been incorrectly assigned by the tally system adjudication boards.

In the Measure 97 race there were no exceptions.
