OPTIONAL INFORMATION

We bought our Maywood Park home from a couple that had raised their entire family there and resided in our community for 58yrs. When they finally chose to sell their home, the owners received many offers from those apparently looking to turn it into a rental house or flip it for profit.

Ultimately, the couple told my wife and I that they turned down those offers and chose to sell to us because he and his wife wanted to sell their home to a young couple that would hopefully start a family of their own there someday. It was clear that they wanted the life, love, and spirit of their family's home to live on.

Now, with our first child on the way, I would like to offer my service to the community in hopes that my contributions to the Maywood Park city council will help to keep the spirit and quality of life in our community alive and well.

Maywood Park embodies what many growing cities have lost over the years. Strong community values, pride in our homes, and a connectedness with our neighbors. These things make for a place that is reminiscent of the neighborhoods in which so many of us were raised and are a part of why we all value that small town feel. I want to help ensure that as we move into the future, those qualities we value are not lost so our child will grow up learning what qualities truly make a great community.
