

Certified Payroll System Transition:

B2Gnow Account - Contractor Training

Friday, August 28, 2026

9:00 – 10:00 am

Maggie Chavez, DCM

System Transition

Our official system of record for the collection and verification of certified payroll will transition from LCPtracker to **eComply on September 9, 2026.**

Why are we switching?

The move to eComply is a strategic, regional decision to modernize our system of record, ensuring future-proof compliance and significantly improving internal efficiency by addressing:

- **Lack of Notifications for system actions in LCPtracker**
- Lack of historical recordkeeping with CPRs in LCPtracker
- Enhanced automation and intelligent validation flags potential compliance issues immediately after submission with eComply.

Regional Alignment

This transition **aligns us with** our key regional partners including the **City of Portland, Port of Portland, Washington County, and others** in standardizing contractor experience and data exchange across the region.

Communication

We are posting any and all updates to the eComply transition on our website, [Important Update: Multnomah County Certified Payroll System is Transitioning to eComply](#)

We will send one more mass email to contractors, confirming that the system is operational and ready for use on September 9, 2026.

How do you register for training?

You have multiple options for training

1. Multnomah County, Port of Portland, and City of Portland staff have all committed to facilitating [local training options](#), offered virtually and in-person in Multnomah County.
2. Through the [B2Gnow system](#), they are offering live and pre-recorded training sessions.
 - a. Log in to your account, select “Resource Center” on the left.
3. Through [eComply’s Self-Paced Training for Contractors](#) or the [eComply Training Webinars for Contractors](#)
