Back by popular demand,
Performance Measurement Trainings!!!

Ever wanted to know the difference between an input and an outcome? What about an efficiency measure? Are logic models ever on the cover of GQ? How many measures can you enter into the web-tool? Is it true that administration and support program need performance measures too? All these questions and many others will be answered at the upcoming…

FY2007 Budget Performance Measurement Training Schedule

Performance Measurement Training
(Limit 25)
Training for Techies and Managers!
Thursday, December 8th, 2005 from 8:30 – 10:00
Lincoln Building, Willamette Conference Room

Performance Measurement Training
Training for Techies and Managers!
Friday, December 9th, 2005 from 1:30-3:30
Multnomah Building, Room 315

Space is **very limited** for these training sessions so contact Rodd Gibbs at x83883 or rodney.b.gibbs@co.multnomah.or.us to **reserve your spot**! All are welcome, including Outcome Team members!!!

Don't forget to bring a copy of your Performance Measurement Manual to the training. What, you don't have a copy yet????

Now Available the **Revised** FY2007 Performance Measurement Manual

All the same great information as the original, but 1/3 the size! Yes, you can even print it out!!!
The Performance Measurement Manual and templates can be found on the MINT at: http://mint.co.multnomah.or.us/dbcs/budget/

What, not enough training you say? You must be kidding, because we've got…..
