

2023 Regional Transportation Plan Update

EMCTC TAC

October 5, 2022

What is the Regional Transportation Plan (RTP)?

20+ year transportation plan

- Sets the vision and goals for moving people and goods safely, reliably and affordably for decades to come
- Uses projections of future population and job growth to identify travel needs and solutions through 2045
- Includes policies and projects
- Coordinates local, regional, and state investments on regional system
- Establishes priorities for federal and state funding

The RTP is a key tool for implementing the 2040 Growth Concept and Climate Smart Strategy

2040 Growth Concept - regional blueprint for growth
(and Climate Smart Strategy)
Adopted in 1995

**CLIMATE
SMART
STRATEGY**
Adopted in 2014

Implemented through adopted community and regional plans

Building toward six desired outcomes

2023 RTP timeline

RTP workshop series for JPACT and the Metro Council

1 Updating Our Vision and Goals For the Future of Transportation

6/30/22

2 Developing Regional Congestion Pricing Policy

7/28/22

3 Creating Safe and Healthy Urban Arterials
