

A stylized graphic on the left side of the slide. It features two dark green mountain peaks with rounded tops. Below the mountains is a white, wavy line representing a horizon or a path. Underneath that is a dark green, wavy band. At the bottom is a dark blue, wavy band representing water. The entire graphic is set against a white background.

Stark Street Bridge Update

May 18, 2026

Arini Farrell, DCS

Project Background

Stark Street Bridge Replacement

Schedule

Late Spring, Early Summer (Currently)

- Collect community feedback on bridge use
- Develop range of alternatives
- Develop draft evaluation criteria

Late Summer

- Share shortlist of range of alternatives
- Share draft evaluation criteria
- Collect community input

Project Survey

Through late spring and early summer of 2026, the project team will be gathering general input from the public on bridge usage and the community's connection to the bridge.

Take our [Community Survey](#) by June 30! If your group would like a presentation about the project, send us an email:

starkstreetbridge@multco.us.

Email to follow with materials if you are interested in promoting the survey via your own social media channels and/or newsletters
