OCCUPATION: Multnomah County Commissioner

OCCUPATIONAL BACKGROUND: Attorney; Small Business Owner

EDUCATIONAL BACKGROUND: J.D., UCLA; B.A., Brown University

PRIOR GOVERNMENTAL EXPERIENCE: Chief of Staff,

Portland City Commissioner Dan Saltzman; Policy Advisor, County Chair Beverly Stein

Jeff Cogen for Multnomah County Chair Effective, Accountable County Government For Our Community and Our Families

Dear Neighbor,
When you elected me to the Multnomah County Commission four years ago, my goal was to make County government more functional, more accountable and more focused on the needs of people. As the government most directly responsible for the health and safety of our community's families, that is especially critical in these tough economic times.

We've made good progress:

Ending Dysfunctional Government – The County Commission is working together collaboratively, moving our community forward

Helping Small Businesses – Lowered county taxes for small businesses and start ups.

Leading on Sustainability and Green Jobs – Utilized rooftops of county buildings to create one of the Northwest's largest solar power plants without cost to county taxpayers. In fact, it will save the county thousands of dollars annually in lower energy costs.

Keeping Families Safe and Healthy – Partnered with the City and provided the site to create a new 1-stop center for Domestic Violence Victims; helped protect SUN Schools, early childhood programs and School-based Health Centers.

I have worked hard to make Multnomah County Government more financially stable in the face of a difficult funding environment, while strengthening the public's voice in our decision making.

I am running for Multnomah County Chair to continue that progress, keep the focus on serving people and ensuring your county government reflects the value and priorities of our community.

I would appreciate your support and your vote.

Sincerely,
Jeff Cogen

Multnomah County has over 4,000 employees and a billion dollar budget. The Chair has the responsibility of balancing that budget. A difficult task in the best of times and nearly impossible in times like these. Resent tax increases will help but, as the recovery money dries up we could be in for another budgit crisis. I am up to the challenge! I have spent most of my life as a supervisor or a manager in big and small business as well as government. I have been a employee of the City of Portland and the Corps of army Engineers.

Champaigns for local office has increased quite dramatically over the last decade. The former holder of this office left with an over \$200.00 champaign deficit. I do not take money from Political Action Committees. I rely on individual contributions. Check out my website electwes2010.com for more information.

I was born in Portland and my family has lived here for over a hundred years. I have been active in local politics since high school. I am a third generation Union member. It would be a distriinct honor and a great pleasure to serve the people of Multnomah County. Your vote is important!

People deserve access to good jobs, quality primary and mental health care, affordable housing, a clean environment, safe communities and a fair and sustainable tax system.

I've spent the last 20 years building partnerships with non-profits, religious organizations, businesses and local government to make our county a better place.

As a Multnomah County Commissioner, I'll make public safety a priority. 50% of the county's budget goes to public safety. We're not spending those resources wisely. We need a strong partnership between Multnomah County, Portland, and the state that further reduces crime, which offers responsible punishments for offenders, and treatment for people facing addiction and mental health issues so they stay out of prison.

I'm running to leave Multnomah County a better place for the next generation. We need more Sun Schools, School Based Health Care Clinics and a focus on children.

Together we can build a better community.

Gary Hansen: an accomplished leader

Accomplishments: Gary Hansen has delivered for N/NE Portland. As a state legislator, he saved millions in health-care services for working families and seniors. His tenure on the Ways & Means Committee gives him proven budgeting savvy that county will need to preserve services in this recession.

When Gary served as Multnomah County Commissioner colleagues elected him state Association of Oregon Counties president in 1998.

PRIOR GOVERNMENTAL EXPERIENCE: Piedmont Neighborhood Chair; Staff to Congressman Earl Blumenauer

Now more than ever it is time to ensure that our citizens are safe, healthy, and economically secure. I’m running for Multnomah County Commission to:

**Create the economic climate to produce jobs
Lead the way in the burgeoning green economy
Take care of our neighbors who are having trouble**

Whether it’s health care, assistance for the elderly, or programs that help our children, knowing that our County services are strong and sustainable is even more important in uncertain economic times.

In order to achieve this vision, we need leaders who will achieve results, and I have a track record of accomplishments.

I worked with the North and Northeast Portland community for consensus on building Interstate Max. It wasn’t easy, but we created family wage construction jobs, built a clean transportation system, and hired more minority firms than any public infrastructure project in Oregon history.

As Piedmont Neighborhood Chair, I fought to keep bus shelters in North Portland. I organized neighborhood foot patrols to rid our streets of gangs. I worked to create one of the best senior and community housing developments in the state.

I’ve been a project manager building Portland’s homeless shelter and have served on boards that assist the mentally ill and the down and out.

With your support we can ensure Multnomah County is safe, healthy, and economically secure.

OCCUPATION: Consultant

OCCUPATIONAL BACKGROUND: Contractor - Policy Consensus Institute; Policy Director - Office of Mayor Tom Potter; Executive Director - Western Community Policing Institute/WOU; Analyst - U.S. Department of Justice/Washington, D.C.; Crime Prevention Specialist

- Washington County Sheriff's Office; Parole & Probation Officer - Washington County Community Corrections

EDUCATIONAL BACKGROUND: PCC; PSU

PRIOR GOVERNMENTAL EXPERIENCE: Governor's Public Safety Review 2004; Board of Directors, United Way

I'm running for County Commission because I believe in putting the community first when it comes to decisions that affect our lives.

- I bring over 25 years of experience in public policy, public safety, and organizational systems change at the federal, state, county and city levels that will contribute to our region's success. This experience makes me the most qualified and unique candidate for the job.
- Multnomah County now needs stable, thoughtful leadership to think ahead about the impact of changing demographics, budget and economic realities.
- I believe in investing in prevention and investing at the front end before people end up in the system. We need to be more pro-active in our planning.

The issues I am most passionate about that make up my platform are:

1. Prioritize the social determinants health for communities by investing in culturally-specific programs that are proven to work;
2. Improving public safety by exploring City/County public safety consolidation to save money, improve accountability, and increase community livability; and investing in critical and lifesaving disaster preparedness planning;
3. Investing in establishing livable wage jobs that provide economic equity to all communities, including those most vulnerable; and
4. Examine county government to find innovative ways to more equitably balance human services and infrastructure funding, working transparently and collaboratively with community stakeholders.

I come from a family that at one time or another has used government programs. I have been on the receiving end of programs, so I know their value and will advocate for them.

I am honored to have local community leader support. I ask for your vote and the honor to serve you.

REAL SOLUTIONS FOR REAL PEOPLE

I'm Loretta Smith, and I've spent more than twenty years fighting for the people of Multnomah County. I know that when it comes to making a real difference, it's not about politics, it's about people. "Loretta doesn't just talk about making a difference, she gets out there and makes it happen—partnering with local nonprofits as a volunteer, tutor and advocate. She's a true leader."

PRIOR GOVERNMENTAL EXPERIENCE: none

As an Independent candidate, I am taking no public money for my campaign and will not be indebted to any faction.

I've lived in the Northwest all my adult life and know well the problems and opportunities this area provides. I come from a small town in Idaho where I graduated high school in 1977. Our family has traditionally taken an active part in the political life of the community. My late grandfather served in the Idaho state senate. His concern for the needs of the poor, under-educated, and oppressed were topics of ongoing discussion in our family that engaged my interest in my early years and influence my beliefs today.

I believe it is time for a new day in Portland. As a member of the City Council, to bring a unique combination of creative ideas, practical management skills, informed by compassion. I will listen to all sides of issues and take an equitable approach towards budgeting and spending, particularly with regard to the needs of the poor, unemployed, and the homeless. I will also strive to make Portland, a business-friendly city through better rules and regulations which govern them. I will draw upon the political wisdom provided to me in my youth and my own lifelong studies of the political process to make Portland a better place.

Put People to Work

Localize the economy with livable wage jobs for people living in Portland

Build a solid foundation for the future

Localize our food source with urban agriculture in and around the City. We should work together to bring affordable fresh healthy produce to diverse neighborhoods throughout the city, with brown fields turned into green fields and vacant lots into gardens. Let us reclaim underutilized land, produce food, put people to work, create community and rejuvenate neighborhoods.

Localize our cultural economy with art and cultural centers in diverse neighborhoods across the city, designed and built by local architects and craftsmen. A home for artisans, craftsmen, performers and freemen to express themselves and make a living.

Localize our energy source with local companies using local labor to install solar panels on roof tops across the city, doing energy efficient upgrades on older buildings, building electric rail and electric cars powered by clean energy.

Localize our manufacturing base by buying and producing what we consume here, spending our local tax dollars here and investing our pension money here. Use our creative/entrepreneurial forces to develop new green product industries manufactured by and for Portland and beyond.

Localize our tax dollars with the City and PDC spending our money to train and hire people from the neighborhoods. Invest in local companies and projects with workforce and community benefits agreements.

Sustainability is the localization of economy, culture and decision making.

Let us create the city we imagine

Let us create the city we dream it can be

Let us create with your hands and my hands together you and me

OCCUPATION: Candidate

OCCUPATIONAL BACKGROUND: Assistant to President, Portland State University; campaign finance reform advisor, Oregon Secretary of State; co-founder, Blue Oregon & Oregon Bus Project-engaging more citizens in grassroots democracy.

EDUCATIONAL BACKGROUND: PSU—B.S., Master of Public Administration

PRIOR GOVERNMENTAL EXPERIENCE: U.S. Army Reserves; Oregon Army National Guard; Vice-Chair, Democratic Party of Oregon; District Assistant, Congressman Earl Blumenauer.

Put Portlanders Back to Work

"The first college graduate in his family, Jesse understands the real meaning of money, how to prioritize our taxes and has a plan to create jobs." Laura Mesplay, Owner, Lolo's Barbershop

Jesse is the only candidate with a detailed economic plan:

- Transfer city funds into locally owned community banks investing in Portland.
- Create a Neighborhood Business Development Fund.
- Waive permit fees for energy conservation improvements.
- Reduce fees for Portland's small business owners.

Spend Taxpayer Money Wisely

Jesse **opposes using taxpayer money for a soccer stadium**. We need the city to make hard choices and stretch our budget.

- An avid cyclist, Jesse knows it's wrong to take \$20 million from sewer ratepayers already suffering from 95% increases this decade to pay for bike improvements.
- It's time to review Children's Levy expenditures to find out why it's serving fewer children despite increased staff and budget.

Improve Public Safety

Jesse served three years as a Reserve Sheriff's Deputy and eight years in Oregon's Army National Guard. He'll bring experience and much needed leadership so we can have much tougher oversight and accountability of our police.

"Jesse was invaluable in pursuing campaign finance reform and protecting voters' rights. I will always be grateful for his superb work." Bill Bradbury

As your Commissioner I promise to serve the public with integrity, rather than personal or special interests; to strive for a stable public workforce, a business friendly government, a vibrant private sector, a restored infrastructure and basic services. Let's get our city back to the basics and out of our business.

While building my career, raising my family, building and supporting youth training and care centers, and supporting my government I rested in the misbegotten belief that our leaders were also doing their part. I'm awake now. Through political inbreeding, nepotism, cronyism, special interests and non-competitive bidding practices they corrupt the future of our community.

City Hall is a notorious auditor's nightmare. They have expanded their reach into areas that have drained money from our basic services and have competed with private enterprise. In this contracting economy we can no longer afford their wildest dreams. We have traded our children's future opportunity for present appeasements.

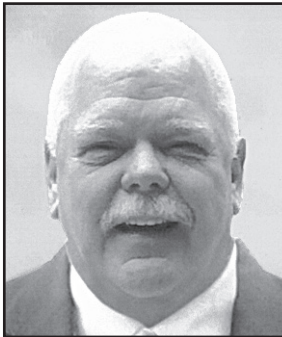

Calling on US AG office to judge the Portland Police Department was a national 'no confidence' message from our commissioner against a department that has reduced violent crime by 31% since 2004. We should follow the wisdom of past administrators and move to exclude federal intrusion into Portland's affairs, not invite it.

We are watching an exodus of families and businesses flee our community. Government response? To create new taxes, fines, fees, penalties and licensing schemes to punish the survivors. This has drawn national attention to our area as Mayor Daley, the Port of Kalama and the State of Nevada have come shopping for the businesses that are leaving.

Officer of the Eastside Redevelopment Project Area Committee (City of West Hollywood CA) for 9 years. Neighborhood Watch Captain in both West Hollywood and on Hayden Island. Community and Environmental Justice Group of the Columbia River Crossing Project (CRC). Co-Chair of the Hayden Island Plan Steering Committee.

"Ed is the kind of considerate problem-solver that can deal with controversial issues with a level head rather than be pushed around by vested interests.

Ed's commitment to the public process involves listening to all stakeholders - - - .

For those seeking a more progressive Portland from policing issues to transportation issues, Ed has the knowledge, clarity, and drive to deliver effective change which is why he has received our exclusive endorsement in this election."

Seth Alan Woolley, Treasurer, Portland Metro Chapter, Pacific Green Party of Oregon

Ed's greatest gift is his ability to get to the heart of the issues, and encourage dialogue so that people can get things done." Pamela Ferguson, North Portland neighborhood activist

We live in a great city, but we have problems. We have very high unemployment, a very high drop out rates in our schools, and issues with our police department. Our city leadership appears to be overwhelmed by these issues, and has difficulty initiating leadership to effectively deal with them.

I offer fresh leadership, new ideas, and a commitment to transparency in government.

"Tom will bring clear vision and positive energy to Metro. He has the experience our region needs right now to attract good jobs." Labor Commissioner Brad Avakian

Dear Voter,

Oregon needs an all-hands-on-deck effort at job growth. **As Metro President, my first priority is to use my experience to create jobs.**

As Mayor of Oregon's 5th largest city, I helped create 30,000 jobs. I'm the only candidate who has created jobs. As Mayor, I traveled across the globe to recruit businesses, and my efforts helped attract and grow well-known, quality employers like SolarWorld, Genentech and Intel.

People ask me, "**What can Metro do to create jobs?**" As Mayor and a planning commissioner, I have worked with local governments and companies seeking to grow or move here. I've learned there are five requirements for a healthy job market: land, a reasonable regulatory environment, efficient transportation, infrastructure, and a quality and trained work force. Metro has significant impact on the first three, and influences the other two.

Creating jobs also takes a skilled leader. Governor Kulongoski appointed me to his Green Jobs Council. **I know what it takes to help quality Oregon employers grow and persuade new ones to move here.** As Metro President, I can put that know-how to work for the whole region.

Regional problems require regional solutions. Metro has significant impact on our economic vitality, and it needs to work for all of us. Metro must balance the needs of the central city and the other twenty-four cities in our region.

I am asking for your support to get Metro working again.

Thank you,

will do all three.**

Jobs for Our Future

Bob Stacey has private sector experience helping build
projects that created hundreds of local jobs. Bob will push for
the right kind of development to support long-term jobs.

**“Right now, we need local elected leadership to help
create jobs for our community. Instead of pushing
expensive, wasteful projects, Bob Stacey will focus on the
basics that are important to small business and create
long-term, sustainable jobs.”**

Jim Kelly, Founder, Rejuvenation House Parts

Better Accountability for Our Tax Dollars

Bob is the only candidate who opposes the Columbia River
bridge proposal that is billions of dollars too expensive, will
worsen our transportation problems and hurt our environment.
And with audits showing cost overruns and lack of oversight
on Zoo construction, Bob will strengthen accountability for our
tax dollars.

Protecting Our Quality of Life

**Bob will fiercely protect our neighborhoods, farmland,
forests, natural areas and water from sprawl and
overdevelopment. That's why he is the only candidate
endorsed by Sierra Club and the Oregon League of
Conservation Voters.**

Greetings! I would be honored to be your METRO Councilor in Position #1.

Why vote for me?

I have extensive educational experience in areas relevant to METRO and I often teach classes in topics related to METRO.

I have lived in the Portland Area all of my life and know its issues and people very well.

I have previous government experience as both a Portland police officer and a Troutdale City Councilor.

I know that we need to better express the needs of our part of the metropolitan area within METRO.

I love this place and I want to preserve the things that make the Portland area special while trying to limit our intrusions into people's personal property rights.

I want to make METRO and TRIMET more accountable to the public.

I have decided not to seek endorsements from any politicians or special interest groups and I will not take monetary donations from anyone other than individuals and then no more than \$50 per person.

Restoring Local Control In Land Use Decisions

- Common Sense Decisions For A Sound Economy
- A First-Class Transit System For Families AND Businesses
- True Transparency And Representation Of All Citizens In The Debate
- Stop Importing Crime Into Neighborhoods Via Transit Lines

In Oregon there is much talk about diversity, but rarely is it diversity of opinion. I will go to Metro to represent a different perspective and to ensure that all residents have a voice.

Do you feel a disconnect between Metro land use planners and the families and businesses who live and thrive in your community?

Has your commute gotten easier, or are you spending more time each day in your car away from your family?

With Metro's reliance on mass transit planning, are we sacrificing the effective transport of commercial goods? In this recession, how are we fostering new business growth in the Metro Region?

There is no greater right granted by the US Constitution than the right to own your own property. We need common sense on Metro Council, and a return to fundamental principles of personal liberty. I believe that the people who know best how to preserve wild spaces and use the land in their communities are the people who live and work there every day. In this Great Recession, the last thing we need is to create more red tape. We should free up businesses to grow and provide good jobs.

I am running for Metro Council to restore control of land use to the people who live and work in the community, while using every resource available to us to create vitality through a first class transportation system.

DUKE SHEPARD FOR METRO Delivering Jobs for East County Standing Up for the Middle Class

The decisions at Metro have a big impact on our jobs, our neighborhoods and our future. All too often, the needs of East County are last in line.

As our new Metro Councilor, Duke Shepard will be the strong voice we need for East County.

Duke isn't a politician. He's an advocate who's rolled up his sleeves, brought jobs to our community, stood up for middle class families, and made government accountable.

- Duke helped bring Microchip Inc. to Gresham in 2001, ensuring local residents got first priority for hundreds of new jobs.
- On the Mount Hood Community College Board, Duke is delivering job training for laid-off Oregonians, and quality education that prepares young people for the worldwide economy.
- Duke led a voter approved initiative to increase Oregon's minimum wage.
- Demanding accountability and transparency, Duke helped develop Oregon's first performance measures for state agencies.

We're With Duke!

Unions like the **Columbia Pacific Building Trades Council, United Food and Commercial Workers Local 555**; business leaders like **Fred and Ann Sanchez, Dave Shields and Fred Bruning support Duke** - because Duke stands up for hard-working middle class families and knows how to bring jobs to our community.

The **Oregon League of Conservation Voters supports Duke** because he'll protect our clean air, clean water and quality of life.

And leaders like **Congressman Peter DeFazio, John Kitzhaber, Oregon Attorney General John Kroger, former Gresham Police Chief Carla Piluso, and Lonnie Roberts support Duke** because they know Duke has the integrity, commitment and record of results to make Metro work better for East county.

CARLOTTA COLLETTE

OCCUPATION: Metro Councilor, Deputy Council President

OCCUPATIONAL BACKGROUND: Milwaukie City Council (2004-2007); Collette Communications (1999-2007); Northwest Power Planning Council (1984-1998); RAIN Magazine, editor (1979-1983)

EDUCATIONAL BACKGROUND: Marylhurst College BA

PRIOR GOVERNMENTAL EXPERIENCE: Clackamas Community College Board of Education (current, chair 2009); Oregon Zoo Foundation Board; Zoo Bond Steering Committee; Lake Oswego Streetcar Steering Committee, Co-chair; Creative Advocacy Network, Co-Chair; Clackamas County Coordinating Committee (co-chair 2007)

I was appointed to Metro in 2007 and elected in 2008, winning more than 70% of the vote. In 2009, my colleagues unanimously elected me Deputy Council President and chair of the Joint Policy Advisory Committee on Transportation, which oversees transportation projects in the region. These are two of the most influential positions at Metro.

The "Oregonian" (2/15/10) called me "one of the region's biggest heroes" for the "heaviest political lifting" on the recently negotiated Urban and Rural Reserves Process. I'm committed to building cooperation within our region so we can revitalize and maintain our existing communities and preserve farms and forests outside our urban growth boundary.

My priorities include securing funding for natural areas restoration, working with communities to create vibrant downtowns and neighborhoods, and investing Metro's limited resources in ways that help create local jobs.

I am uniquely qualified to serve our region and my district.

I'm the only Metro councilor with elected local government experience.

I worked 14 years with a four-state, multijurisdictional government developing complex natural resource and infrastructure policies.

I've created and implemented public involvement strategies on major transportation projects across Oregon. For more information: www.carlottacollette.com

CITY OF MAYWOOD PARK

Measure 26-107

BALLOT TITLE

ADOPTION OF NEW CHARTER BY THE CITY OF MAYWOOD PARK

QUESTION: Shall the City adopt a new City Charter?

SUMMARY: The current Charter was enacted in 1970 and has had no revisions since that time. The current Charter is therefore outdated and limits the City's ability to borrow money and levy taxes to benefit the City and ensure its continued existence. In order to operate more efficiently, the City is proposing a new Charter, which has been drafted by the City Council and includes provisions to better protect citizens and to allow the City to serve the community to a fuller extent. This ballot measure must be voted on and passed by Maywood Park voters in order to allow the City to adopt the new Charter.

EXPLANATORY STATEMENT

The City is proposing a new Charter, which has been drafted by the City Council and City Attorney and includes provisions to protect citizens and to continue to allow the City to serve the community. The current Charter was enacted in 1970 and has had no revisions since that time. The proposed new Charter would enable the City to maintain its fiscal viability and allow the City to borrow money and levy taxes, in accordance with Oregon Revised Statutes, to ensure its continued existence. The new Charter also includes provisions for replacing a Council Member, in the event he/she moves outside the Maywood Park City Limits, resigns his/her position, or is unfit or unable to serve further as a Council Member.

Submitted by:
Mark Hardie
Mayor
Maywood Park, Oregon

ARGUMENT IN FAVOR

On May 18, 2010, you will be asked to vote on a very important issue that affects the ongoing independence of the City of Maywood Park. The City Charter provides guidance and rules for the Maywood Park City Government to continue to operate. The original Charter, enacted in 1970, was designed to aid the community in its fight against placement of Interstate 205. Since that time, the needs and expectations of Maywood Park citizens have evolved. Changes made to the City Charter include issues not addressed in the original Charter, such as filling vacancies of City Council Members and appointment of City Officials. The drafting of the new City Charter was a collaborative effort between the members of the City Council, the City Attorney, and the League of Oregon Cities. The City Council urges you to vote "yes" on this Ballot Measure.

RURAL FIRE PROTECTION DISTRICT #30J (SAUVIE ISLAND)

Measure 26-106

BALLOT TITLE

CONTINUATION OF FIVE-YEAR LOCAL OPTION LEVY FOR GENERAL OPERATING PURPOSES

QUESTION: Shall Sauvie Island Volunteer Rural Fire Protection District #30J impose a continuing \$0.4600 per \$1,000.00 of assessed value for five years for operating purposes beginning 2010-2011? This measure renews current local option taxes.

SUMMARY: The taxes proposed will be used for general operating purposes for the Sauvie Island R.F.P.D. #30J. Anticipated uses of funds include: state required medical testing for all firefighters, required Federal and OSHA testing of equipment and of firefighters use of equipment, physical testing of firefighters and their abilities, annual servicing and safety inspections of vehicles and equipment, including funds for replacement, and continuing volunteer training and certification. The rate is estimated to raise the following amounts: \$60,720. in 2010/2011, \$61,934.00 in 2011/2012, \$63,173.00 in 2012/2013, \$64,437.00 in 2013/2014 and \$65,725. in 2014/2015.

EXPLANATORY STATEMENT

The continuing mission of the Sauvie Island Volunteer Rural Fire Protection District 30J is to provide medical assistance, and fire protection service to the residents of Sauvie Island and to provide mutual aid assistance, per our contracts, with Scappoose Fire Department and the Portland Fire Bureau. This mission requires passage of a five year Local Option Levy for general operating purposes

Many factors contribute to the departments continued increase in cost of operations. Basic resources such as electricity, fuel, and natural gas prices have increased dramatically. OSHA has instituted institutional testing and physical wellness monitoring for all fire fighters, and the cost of these mandatory services rise each year. Maintenance of our hard goods, equipment and basic fire protection gear continue to be high cost items (examples: one set of turnouts for one firefighter costing from 1500.-2000., one fire engine base cost 250,000.) Additionally equipment needs to be replaced as it becomes dramatically outdated, falls below Federal Standard or becomes unsafe.

The above reflect only a small selection of the costs and reasons for the Local Option Levy. Detailed explanations of any of the above costs and a review of the Districts Budgets is available to residents of the district by mail, e-mail or at public meetings and Department board meetings.

Without the passing of this levy the district faces the elimination of part of it's services, or the ceasing of operations altogether.

Submitted by:
Raquel Coyote
District Manager
Sauvie Island Rural Fire Protection
District #30 J

ARGUMENT IN FAVOR

Presented by the Sauvie Island Volunteer Firefighters Association

The Sauvie Island Volunteer Firefighter's Association appreciates all of the support the resident of Sauvie Island have given us throughout the years and we need your continued support in this Local Option Levy election.

We continue to work hard to provide support for all of our community and for all of our volunteer firefighters. Through community fundraising and donations the Firefighters Association has contributed to the District as much as possible, yet, as prices continue to climb so have the Districts basic operating costs. Needs for electricity, fuel, equipment, telephones, radios, pagers, insurance, and more, are increasing drastically and all are essential to the workings of any Fire Department.

The revenue from the levy will also be used towards mandatory medical testing and immunization, training on current and ever changing health and safety procedure and policy, and required OSHA testing of equipment, as well as annual servicing, inspections and equipment replacement. The Association has come to the conclusion that without the revenue provided by this levy we will no longer be able to provide the same level of service, including both medical response and fire protection.

Please feel free to call the Chief or the Association Officers directly, or stop by the station to talk, if you have any questions regarding the levy or the necessity of this funding.

We hope you will join us in voting 'YES' for this measure so we can keep the Sauvie Island R.F.P.D. #30J a healthy, strong and viable fire and medical service for our community.

Vice President
