Use Find Care to locate a provider near you

Our provider directory tool can help you save money when seeking care.

Find Care, our online provider directory tool, makes it easy for you to locate an in-network provider by name, provider type, specialty, network, location, gender identity and more. Plus, finding an in-network medical provider that's right for you can also save you out-of-pocket costs.

How to find a provider

You can search for providers with your subscriber ID number.

Search as a member

1. Visit modahealth.com.
2. Choose "Find care" to search for a doctor.
3. When you log in with your subscriber ID number, Find Care will only show providers in your network. You have options to search for in-network providers near you.

Don't have a Member Dashboard account?

If you don't already have a Member Dashboard account, creating one is easy. Just visit **modahealth.com** and go to the Member Dashboard section and select "Create an account" to get started. You'll love everything you can do in your Member Dashboard, like check your benefits, use interactive health tools, see your Member Handbook and more.

Search by network or Search as a guest

1. If you prefer to search by network or as a guest, you will have a "Network" drop-down option.
2. Please refer to your member ID card to make sure you are selecting a provider in your network.
3. Under the Network drop-down menu, select Connexus (if you are looking for care in Alaska, Oregon, Idaho or SW Washington), Aetna PPO through Aetna Signature Administrators, or First Health depending on the network.
4. Follow the steps to search for a provider in your network.

Save costs when you choose in-network care

Getting quality care is easier and more affordable when you see "in-network" providers. These doctors, hospitals and clinics agree to accept your insurance at lower rates and meet quality standards. Choosing an in-network provider keeps your out-of-pocket costs low.

In-and out-of-network costs

It's important to know you may pay more for services from out-of-network providers than from in-network providers. If you choose an out-of-network provider, your benefits only cover a percentage of the maximum plan allowance for these services. Out-of-network providers may also bill you for the difference between the maximum plan allowance and their billed charges. This is known as balance billing. In-network Moda Health providers can't do this. Please see your plan summary or your Member Handbook to learn more about in-network and out-of-network benefits and costs.

Questions?

We're here to help. For questions or help finding a provider, please contact the Moda Medical Customer Service team at 888-445-7413.
