Dear Hearings Officer,

Dear Multnomah County,

I am a Multnomah County resident who opposes continued development of this facility on farmland, which will negatively affect area natural resources, including agriculture and forestry. This facility serves urban residents and would be better on many counts if sited within an urban growth boundary. I am writing to request that the county stop the current project scope and do further work to determine a viable course of action that does not adversely affect area natural resources.

This LUBA decision remanding a portion of the conditional land-use permit provides our community an opportunity to set right this misplaced facility. Now is our chance to make a better choice. I urge Multnomah County to vote to hit reset – let's instead move forward with a work session to update the project's scope and budget to determine the best solution for our entire Multnomah County community.

Thank you for considering my comments and allowing this opportunity for public input.

Sincerely,
Ashley Rood

Hello,

In order for written submissions to be delivered to the Hearings Officer prior to commencement of the hearing, submissions must be received by the Land Use Planning office by April 15, 2025 at 2 pm. Given that your comment is after the 2pm deadline, your submission will be exhibited and added to the record during or after the hearing as soon as staff is able. Thank you.
