Hearings Officer,

At the hearing you stated that pipelines were not to be considered for purposes of the remand. I challenge this decision because the pipelines could only be approved on EFU lands because they were connected to the filtration plant in MUA20, singled out. Because of this connection I don't feel that for the purpose of this remand hearing the pipelines should be excluded from decisions in all "natural resources" because they have previously been considered as one unit.

I would look into why the pipelines were approved more except I'm sitting in the actual hearing now. Being unclear to when the record will close, I wanted to get this comment in on time.

Thank you for consideration,

Suzanne Courter

Hello Cris,

Your submission has been received. Given that your comment is after the 2pm deadline, your submission will be exhibited and added to the record during or after the hearing as soon as staff is able.

Thank you.
