

Multnomah County Transportation Zoom Meeting Guidelines - TAC

Good morning everyone, my name is Oscar Rincones, I use He/Him Pronouns and I'm with Multnomah County Transportation.

Here are today's Zoom meeting guidelines.

It is a high priority for us to be able to provide the clearest path to equitable distribution and accessibility of all materials before, during and after each meeting.

We ask presenters to provide us with a copy of their presentation and any relevant materials within 3 days of the agenda being distributed and we upload them to Dropbox as they are received.

You do not need to create a Dropbox account for access to these materials; simply click on the link provided each month and you'll be able to view and/or download materials, including Zoom recordings which are uploaded after each meeting when the option to record is chosen.

ZOOM AND MEETING INFORMATION

We provide you with access to a Zoom quick reference guide in Dropbox and links to other Zoom resources at the end of the Zoom meeting instructions attached to each agenda every month.

We are available in the Zoom meeting 30 minutes before a meeting officially begins in case you need to test your access or a presentation.

Today's meeting is not being recorded (optional to record); Closed Captioning is activated. You may activate access to that closed captioning feature by clicking on the toolbar icon with two capital letter C's, it's a few icons right of center on the toolbar.

The "raise hand" feature, used when you'd like to comment or ask a question, is also available on the main toolbar under the "Reactions" icon and may be used to display other reactions during a meeting.

We are asking everyone to wait until the end of a presentation for questions and comments unless a presenter has asked for a response.

Please limit using the chat feature to sharing links and clarifying information such as links you make reference to in your conversations so that everyone may access them after a meeting.

Contents of the chat window will become part of the public information record for this meeting along with video, audio and the meeting transcript.

Presenters, unless otherwise specified before the meeting or at the beginning of the presentation, I will be assisting you in advancing your presentation. However, if you should lose connectivity or have other technical problems with your presentation, we are ready to share your presentation.

REGARDING PHONE PARTICIPANTS:

Presenters acknowledge phone participants first when asking for a response, questions or comments and allow them about 5 seconds to unmute.

Phone participants can use #6 to toggle back and forth between mute and unmute.

If you have a response, question or comment and are joining us by phone, press #9 to use the raise hand feature. The host will need to lower your hand after your opportunity to comment or ask a question is over.

If there are no questions or feedback at this time, I am available via the chat feature if any questions or concerns come up for you during the meeting.

Enjoy today's meeting!

Optional Information if Meeting is Recorded (they are usually not recorded)

The video, audio, along with the meeting and chat transcripts generated by Zoom when a meeting is recorded, will be available for review approximately 24 to 36 hours after a meeting in a Dropbox folder. They can be accessed via the same link we provided for you at the top of the agenda.

We would like to remind everyone that the transcripts are software generated; the video is the most accurate reflection of the meeting as the software sometimes transcribes what it “hears” differently.
