### **OREGON SCENIC BYWAYS** Official Driving Guide Brochure Cover

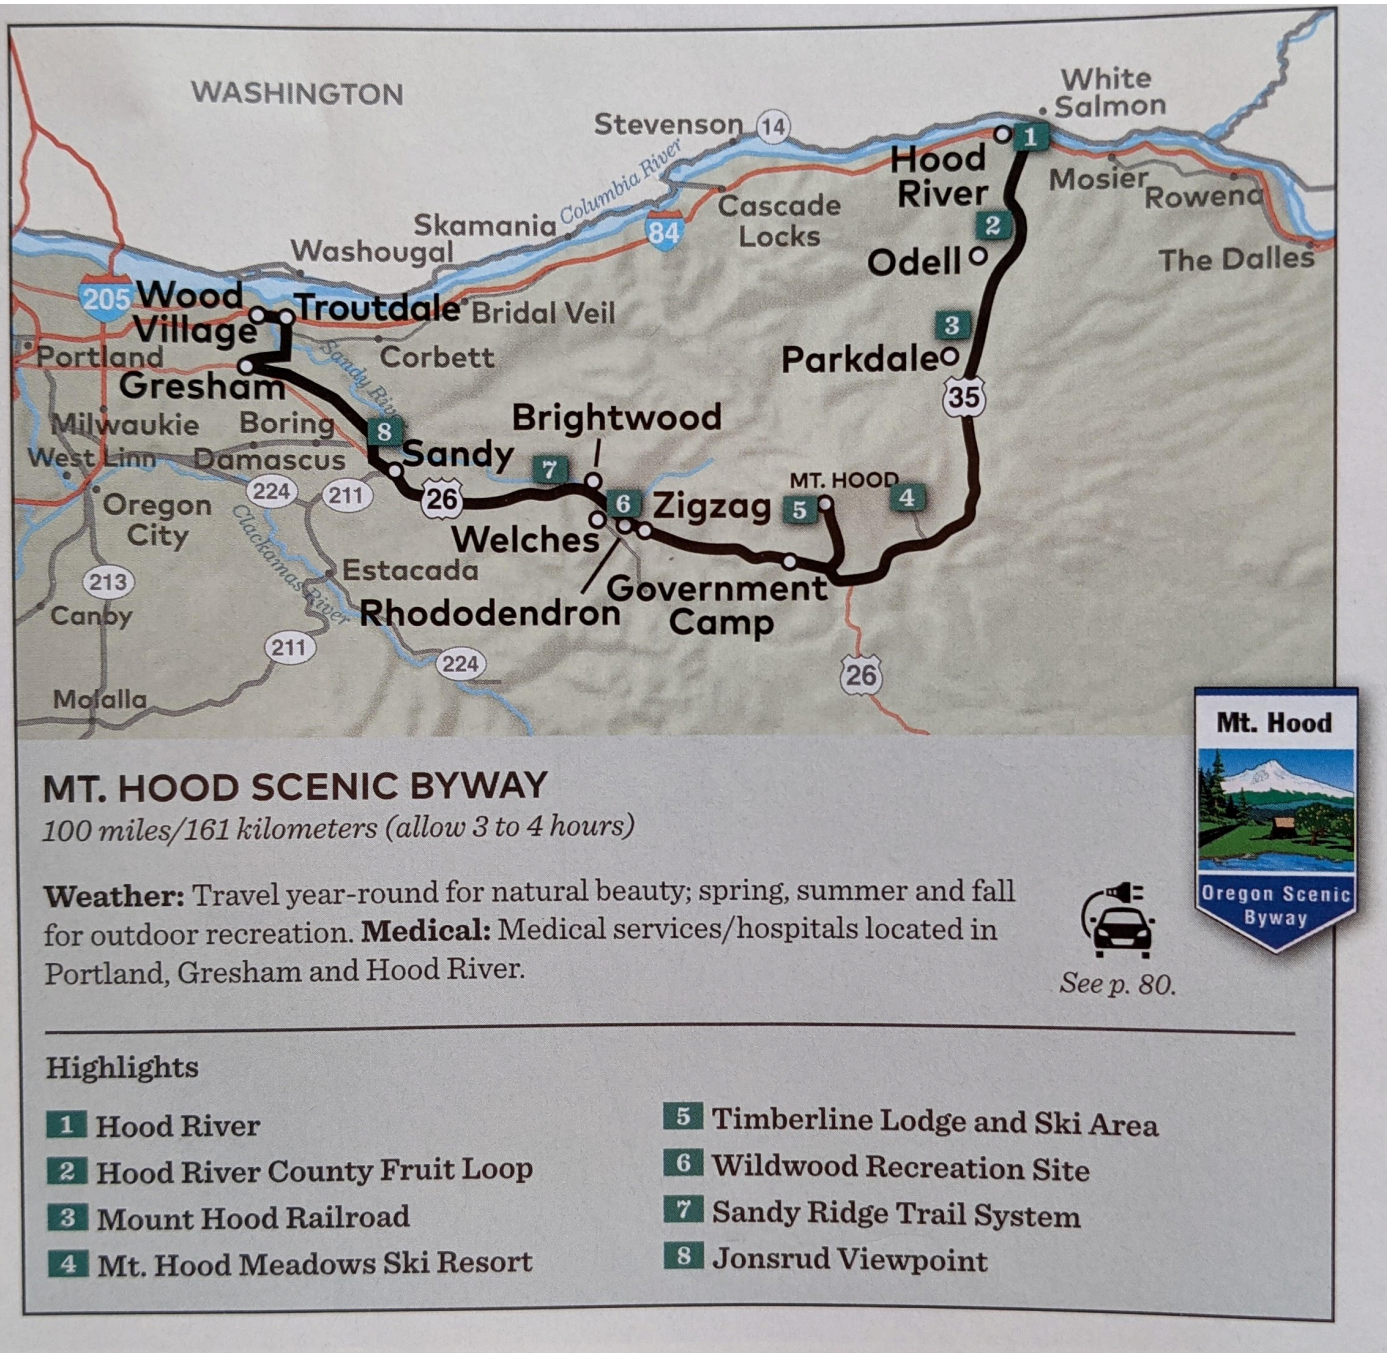

Map of **MT. HOOD SCENIC BYWAY**, #7 is **Sandy Ridge Trail System** on pg. 36  
pg. 37 ""...continues west along Bluff and Orient roads through an agricultural area  
known for nursery stock and berries,...

Our community's major roads ... Bluff Road, Lusted Road, Orient Drive and Dodge  
Park Blvd are officially recognized as a part of the **AMERICAN BYWAYS** Program.  
The PWB proposed Water Treatment Plant site and pipeline expansion are central to all  
of these roads.

"This further substantiates the value of the role our historic agricultural community  
plays in Oregon's tourism industry and as a part of the National Scenic Byways.

The removal of 433 trees along Dodge Park Blvd ROW Habitat along with many other  
East County Country Roads  
represents an adverse effect to scenic views as a natural resource.
