Land acknowledgement

We are located in Portland, Oregon, Multnomah county.

Today, we honor the Indigenous people whose traditional and ancestral homelands we stand on—the Multnomah, Kathlamet, Clackamas, Tumwater, Watlala bands of the Chinook, the Tualatin Kalapuya and many other Indigenous nations of the Columbia River.

Land acknowledgement, continued

It is important we acknowledge the ancestors of this place and to recognize that we are here because of the sacrifices forced upon them.

In remembering these communities, we honor their legacy, their lives, and their descendants.

Accessibility statement

We will (imperfectly!) model accessible presentation techniques such as:

- Using a minimum of 20 point font on slides.
- Limiting reliance on words and images.
- Orally describe visual presentation elements.
- Taking time on slides.

Accessibility statement, continued

Community Services - Transportation

Goals for the new 2025-2029 Area Plan:

- Multnomah County plans on exploring innovative options to expand the Non-Medical Transportation program to address unmet needs and constraints
- OPI-M (Oregon Project Independence Medicaid) consumers will eventually transition under the umbrella of non-medical transportation to receive services
- With the transition of these consumers, Multnomah County will work with State Programs and AAA's locally and nationally to explore other innovative options to address the high demand for services

Community Services - Transportation

Pilot Program

- Multnomah County will explore expanding transportation services through a potential partnership with Uber or Lyft
- These services are already available through the State of Oregon OHA “TNC Pilot Program”
- AAA’s and Medicaid Agencies nationwide have partnered with Uber/Lyft to provide non medical transportation services
- The Pilot program will be measured through ongoing data evaluation of costs, savings, ride availability, and consumer satisfaction
- The pilot program may expand to other ADVSD programs
