Optional Information

I joined the Corbett community 5 years ago. I come from a family of educators, and with my three sons attending Corbett schools I enjoy being involved in school and extracurricular activities, athletics, and the wider community.

After seeing a growing rift in the community centering on the schools, I began attending School Board meetings two years ago to become better informed firsthand about the issues surrounding the divisions. I would like to reverse this trend by fostering trust, transparency, and most importantly clear and open communication with all parties. All stakeholders: students, parents, volunteers, educators, administration, staff, and Board members want what is best for the District. We can move forward with open, honest, and respectful discourse.

I feel it is critical to create a facilities plan to meet the immediate and long term physical needs of the District. Of equal importance is sound, responsible fiscal governance to avoid the need for crisis management, and oversight by a functional School Board.

I look forward to the support of any and all who share these values.
