Newly Diagnosed Clients Linkage to Care, 2019-2023

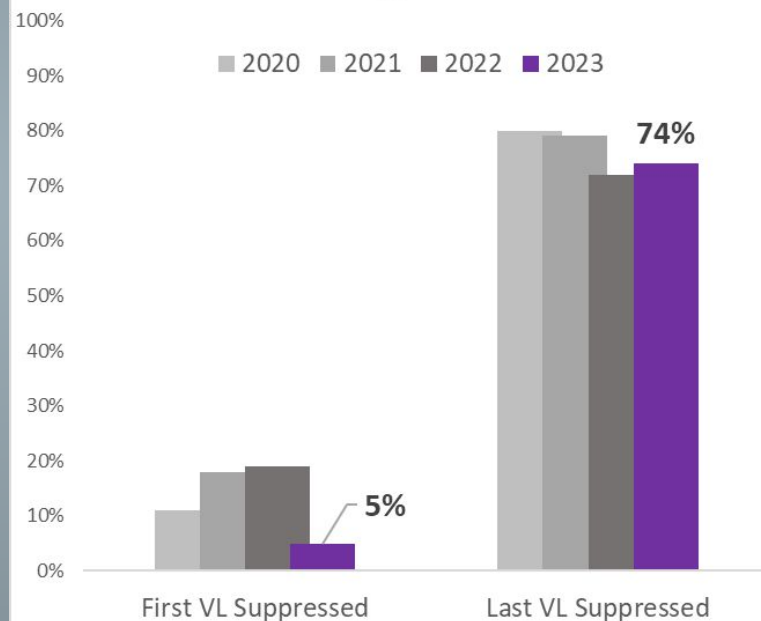

Newly Diagnosed Trends, 2019-2023

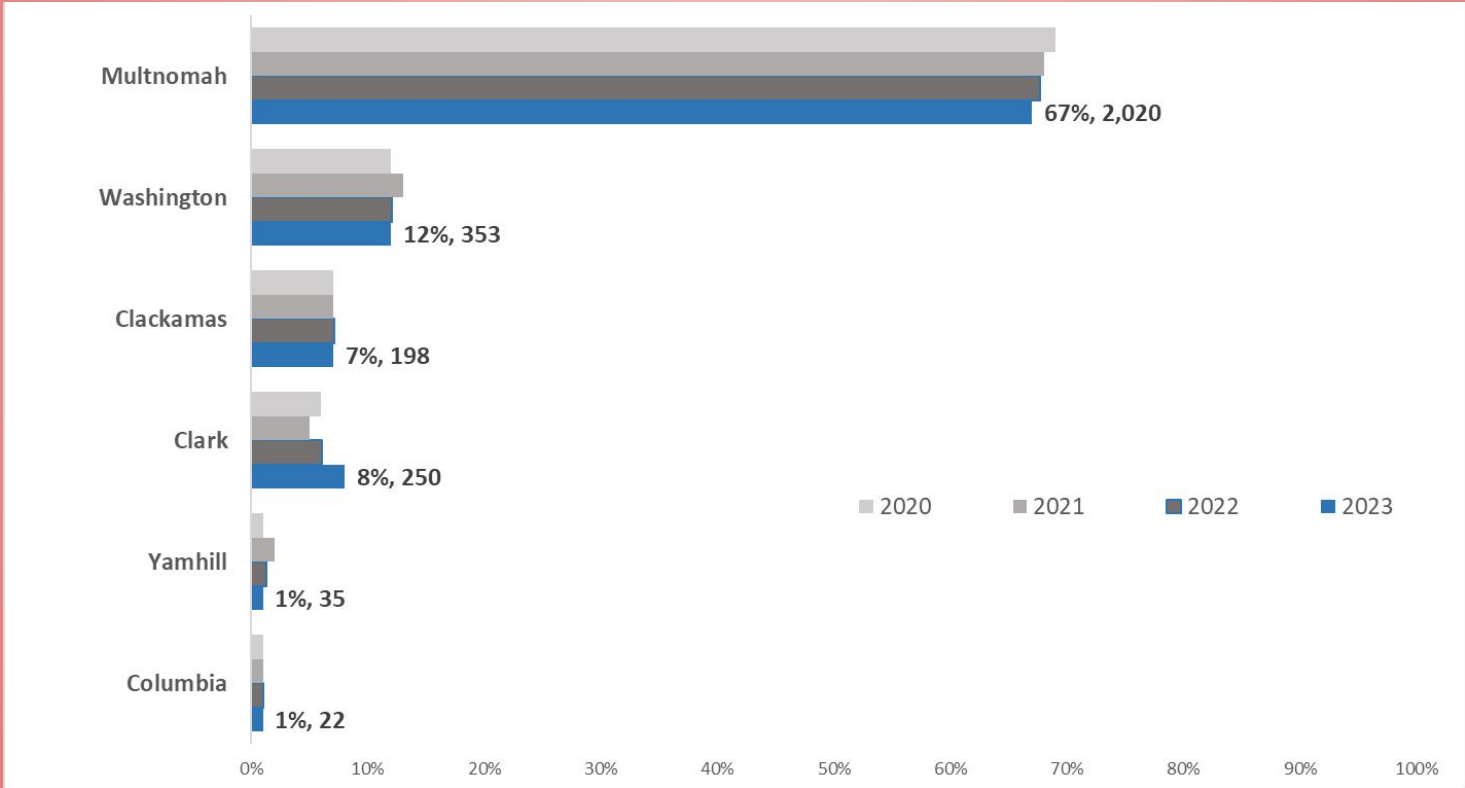

Average Days to Care for Newly Dx RW Clients

Newly Dx RW Clients, 1st and Last Viral Load Suppressed

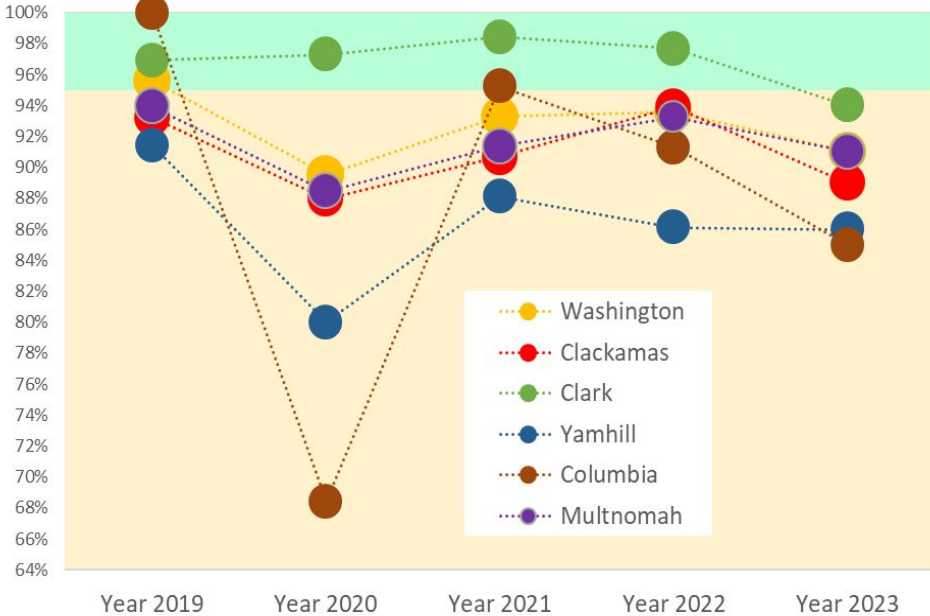

Clients by County

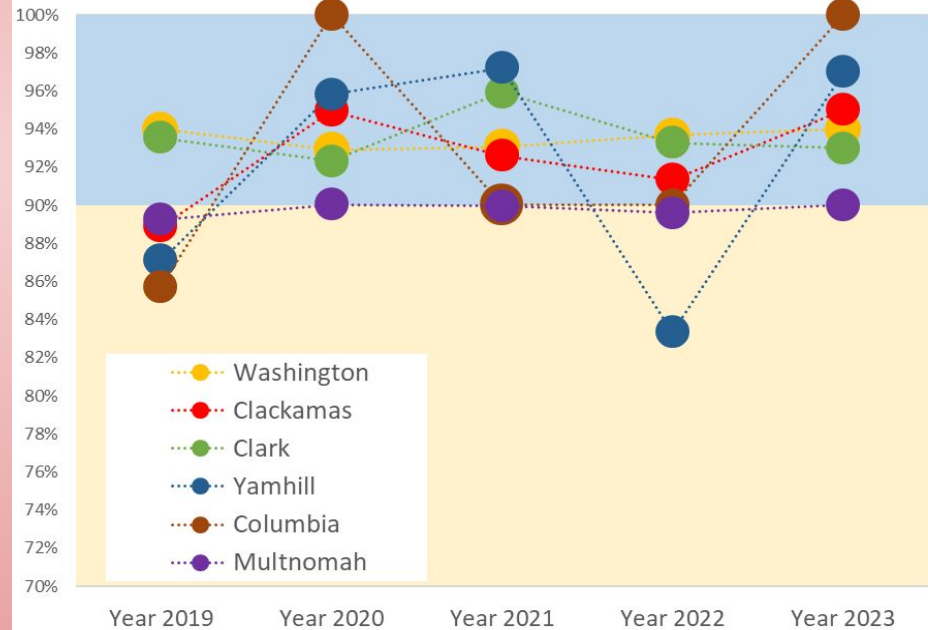

Annual Lab (AL) & Viral Load Suppression (VLS) by County

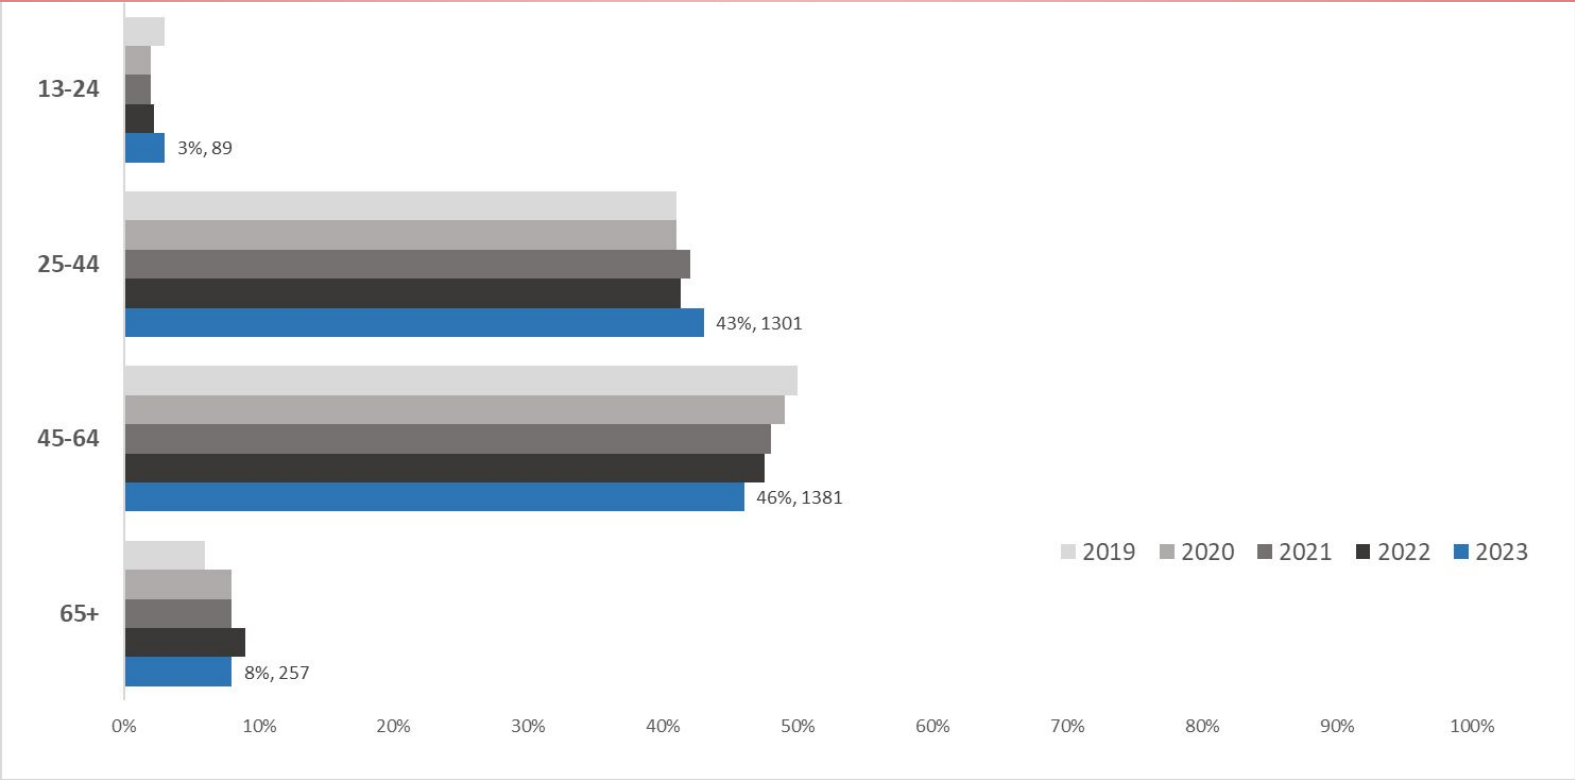

Annual Lab by Client County of Residence

Viral Suppression Rates by Client County of Residence

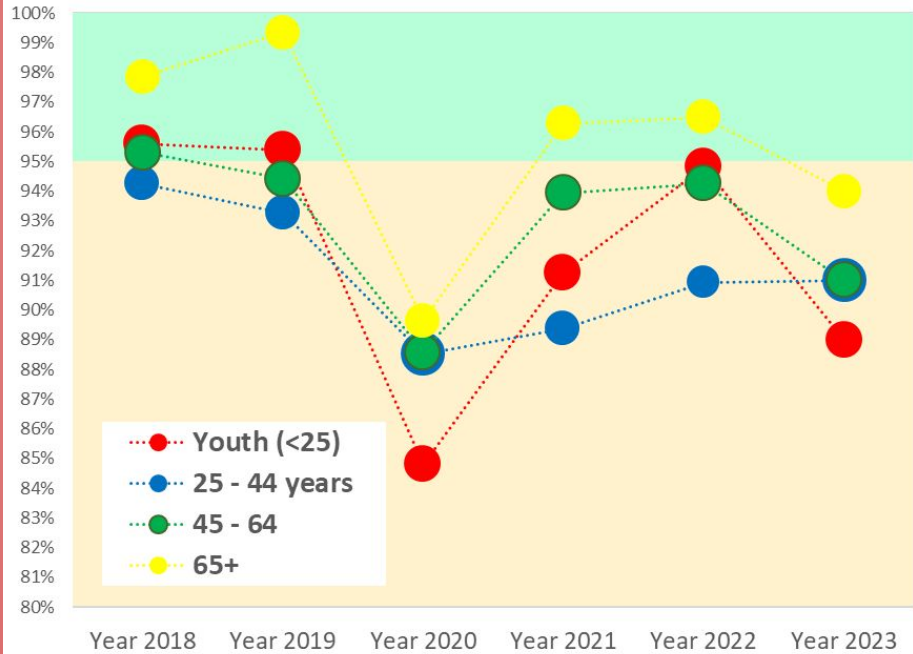

Clients by Age

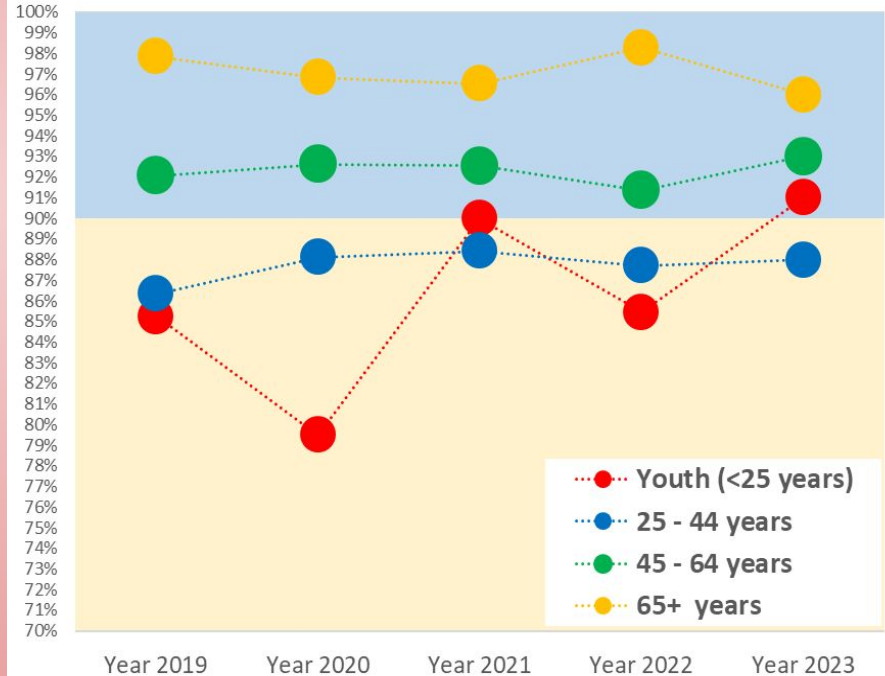

AL and VLS by Age

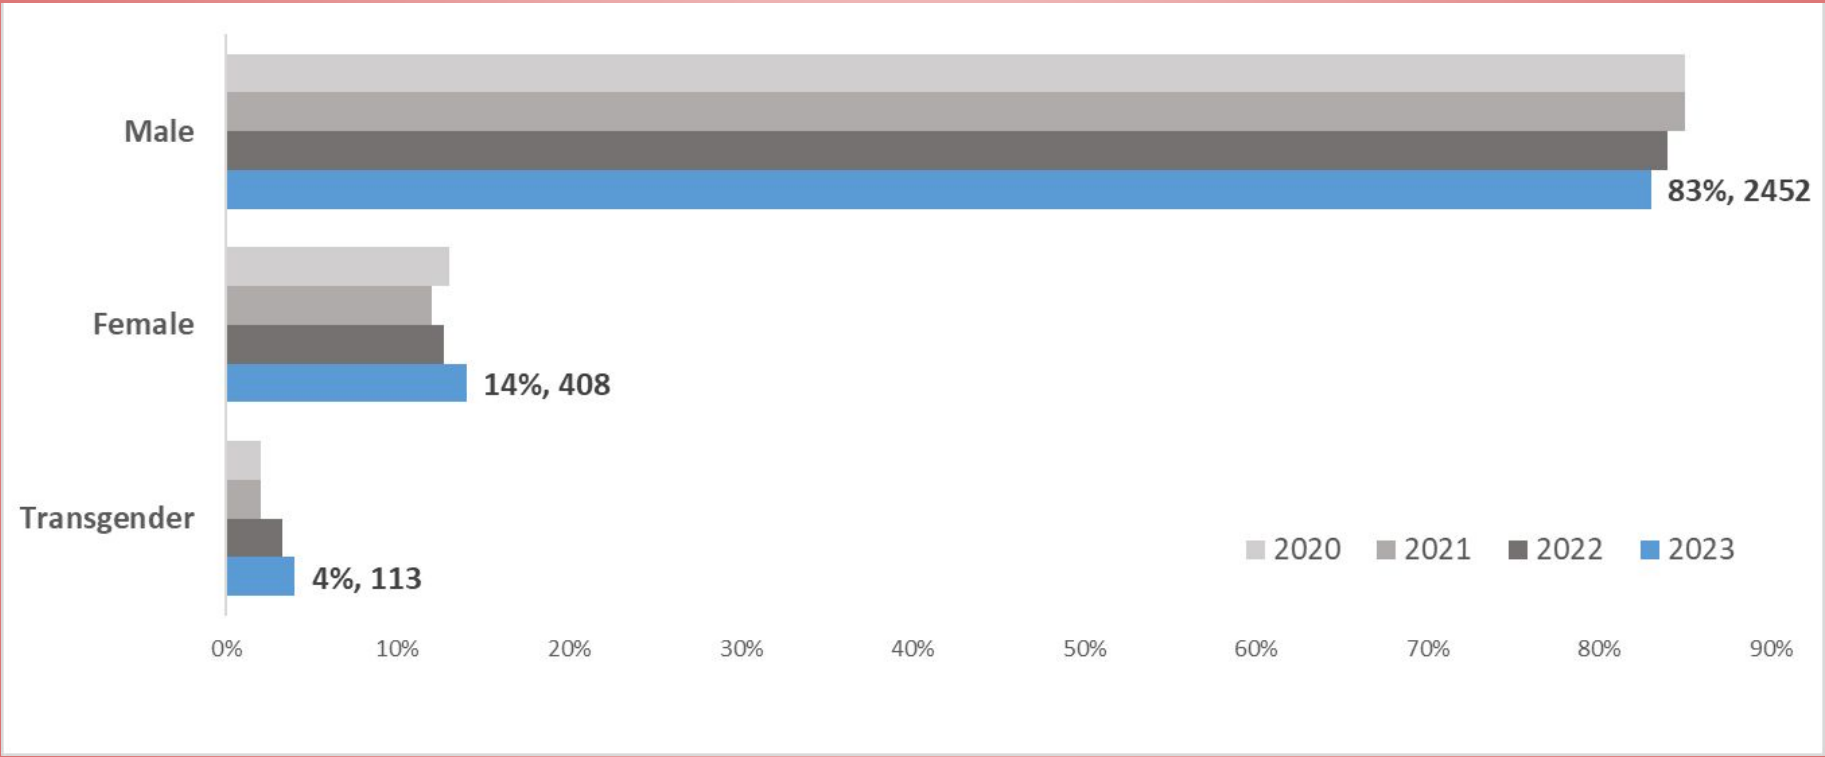

Retention In Care by Age

VL Suppression by Age

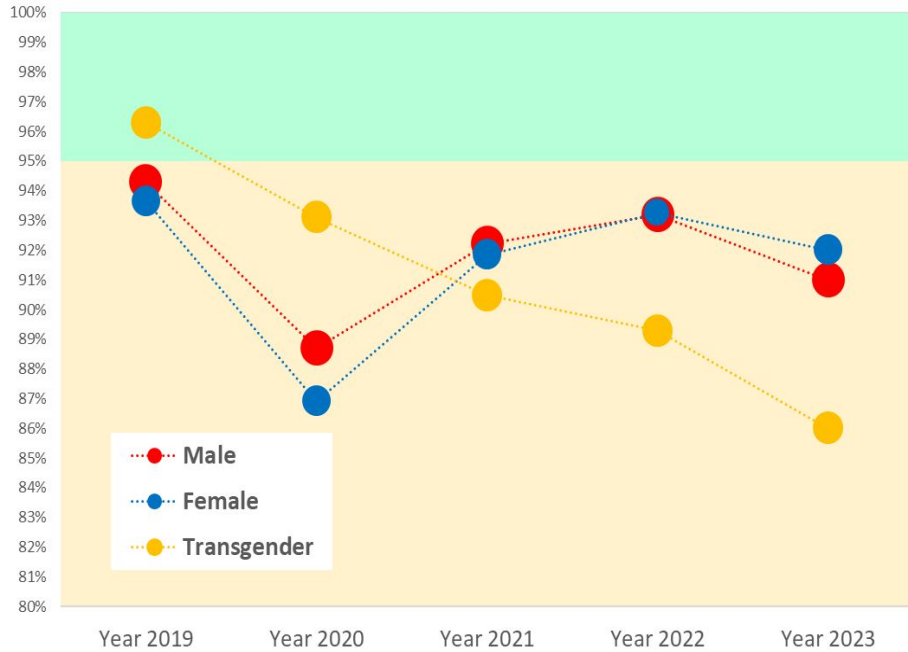

Clients by Gender

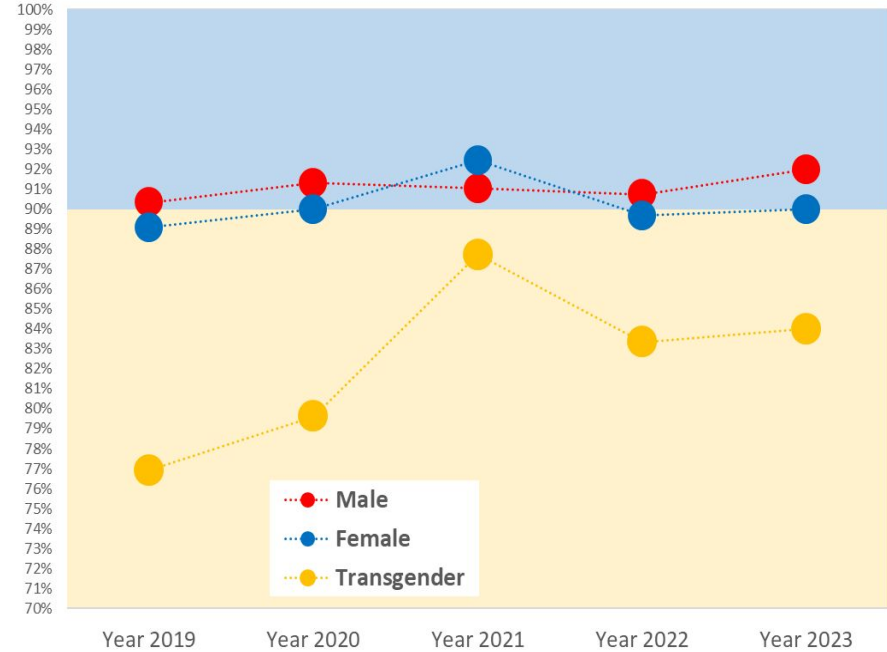

AL and VLS by Gender

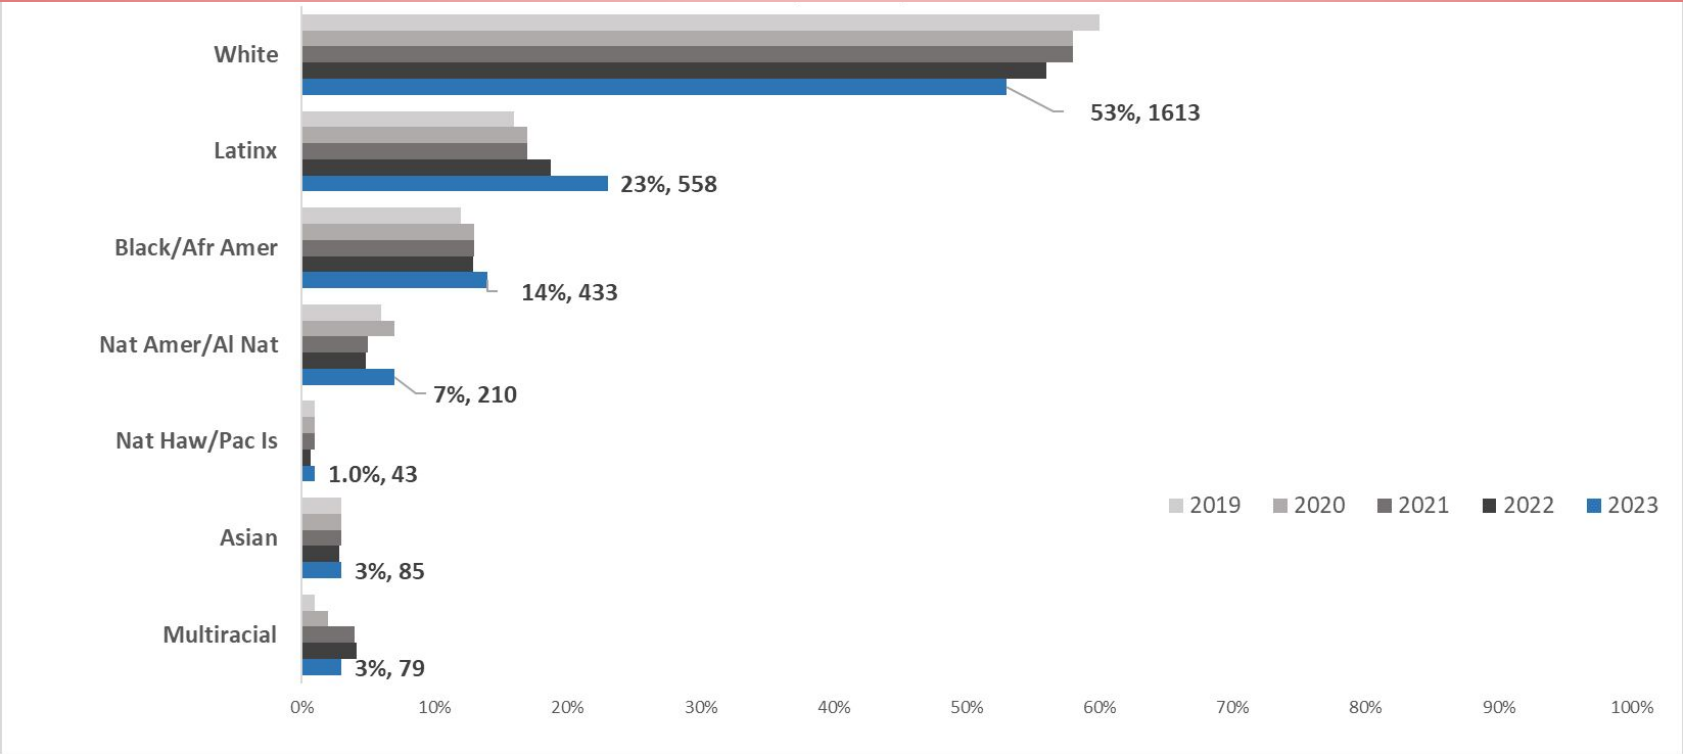

Retention In Care by Gender

VL Suppression by Gender

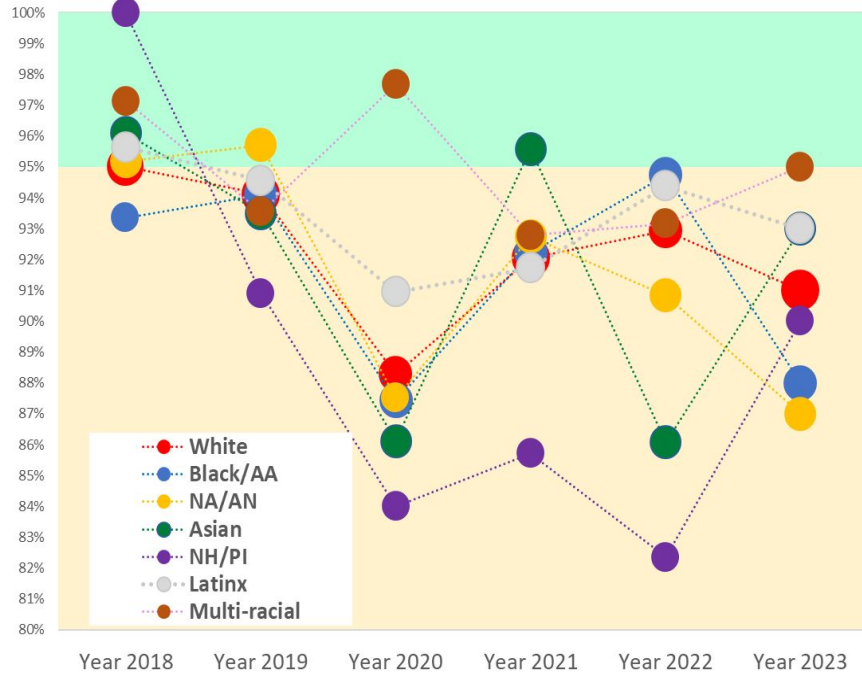

Clients by Race

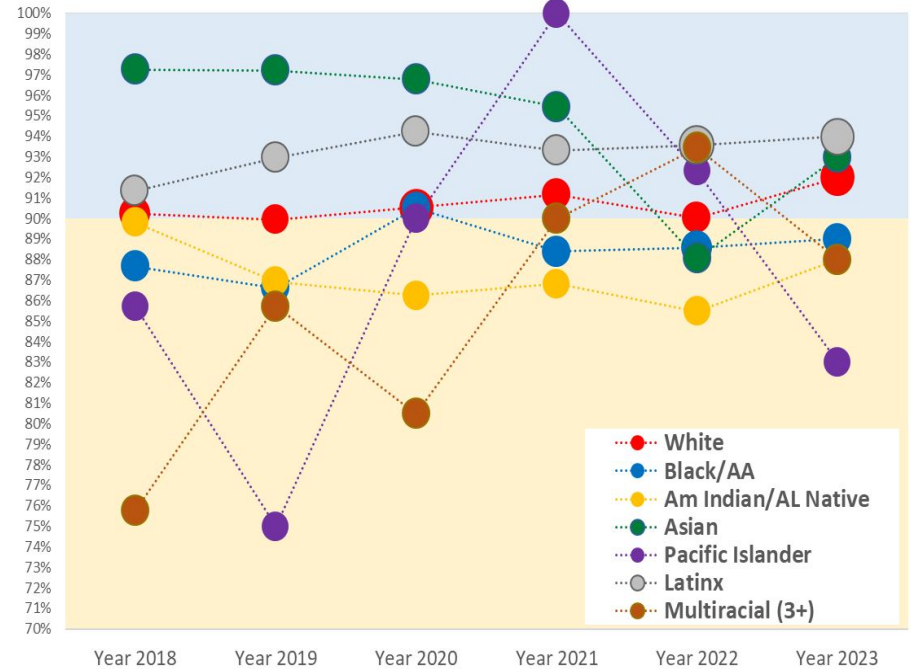

AL and VLS by Race

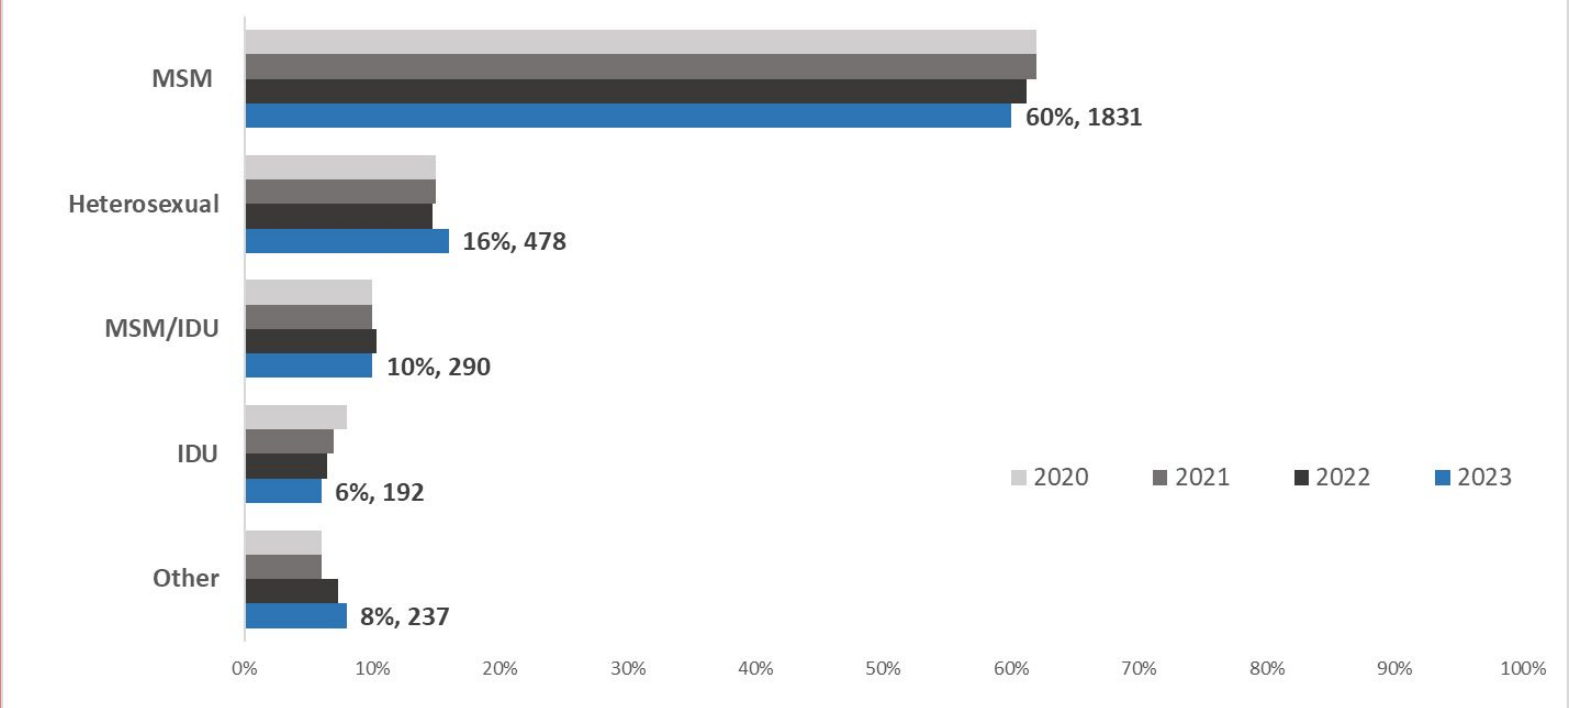

Retention In Care by Race/Ethnicity

VL Suppression by Race/Ethnicity

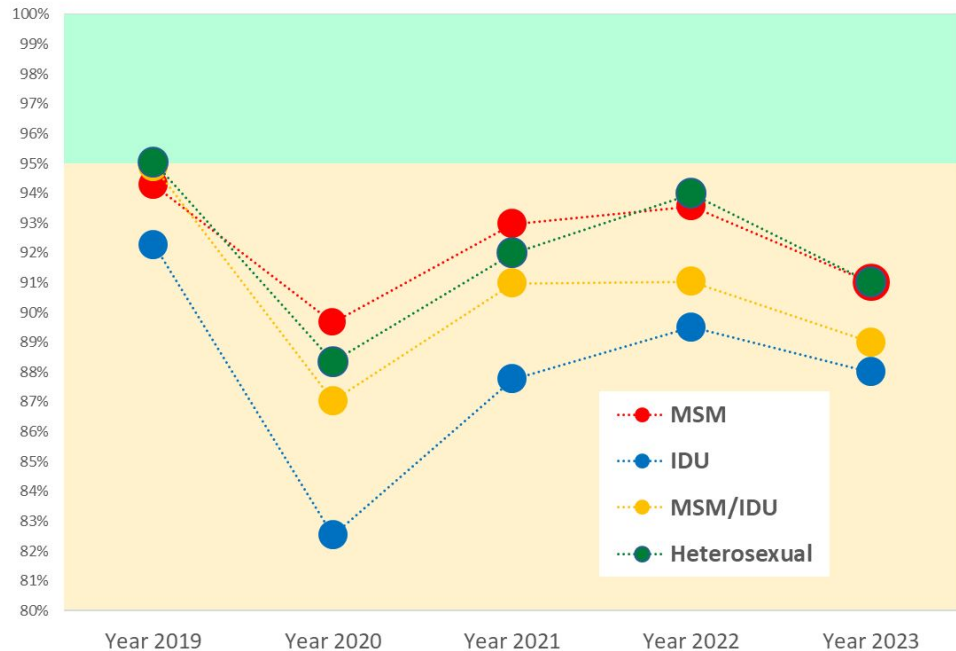

Clients by Exposure Group

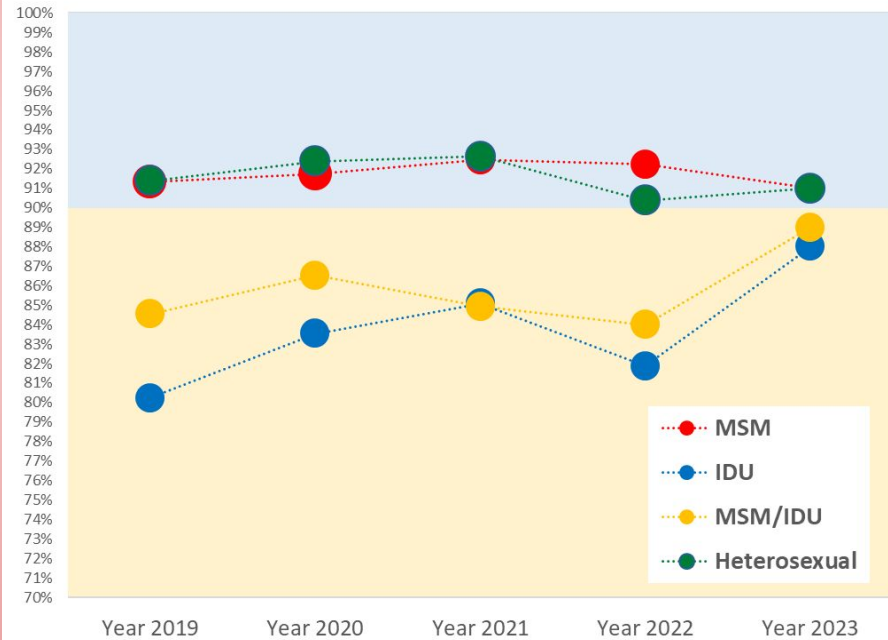

AL and VLS by Exposure Group

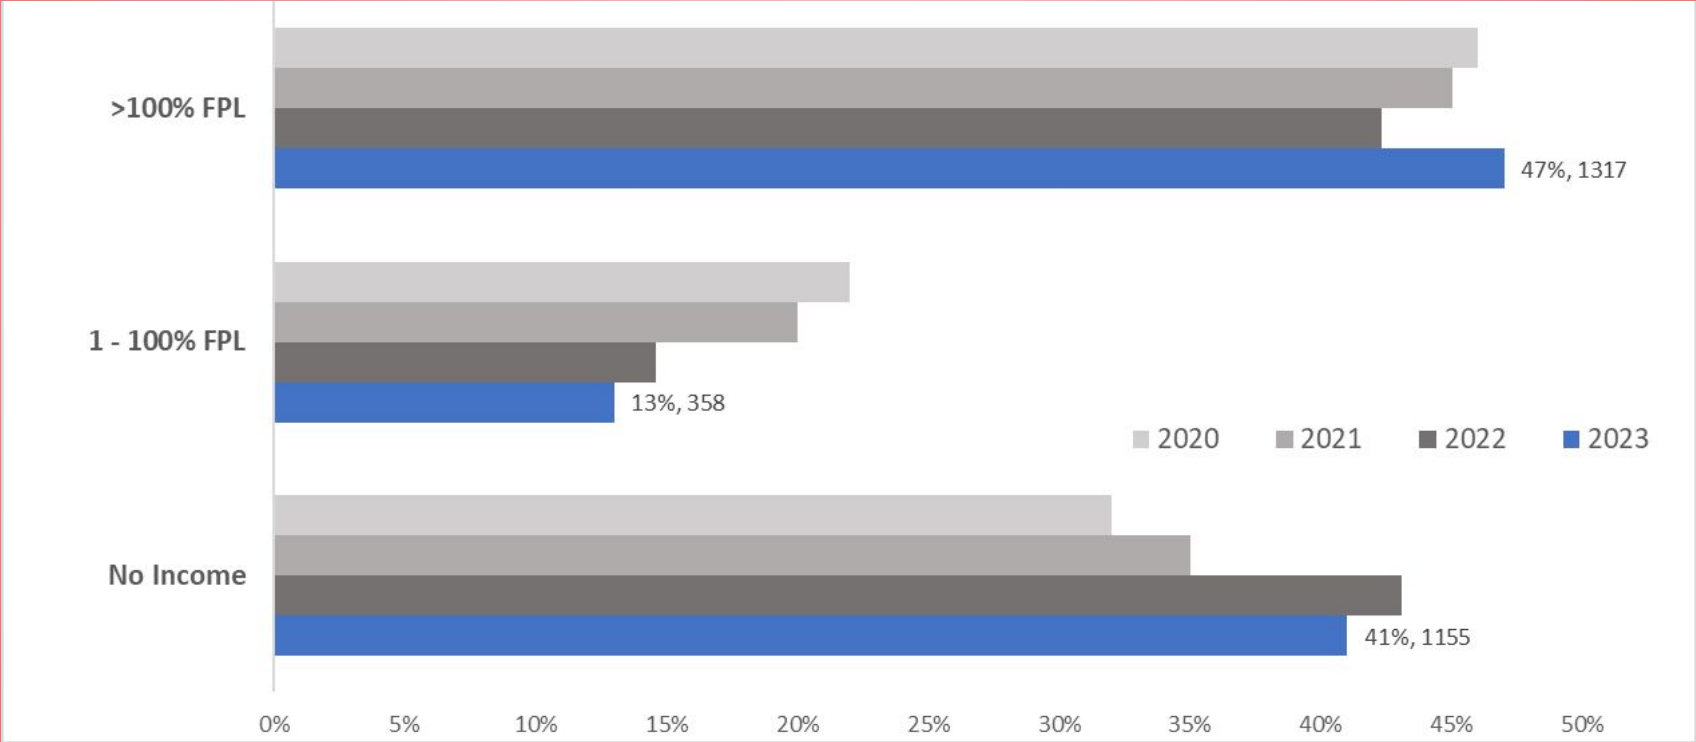

Retention In Care by HIV Mode of Exposure

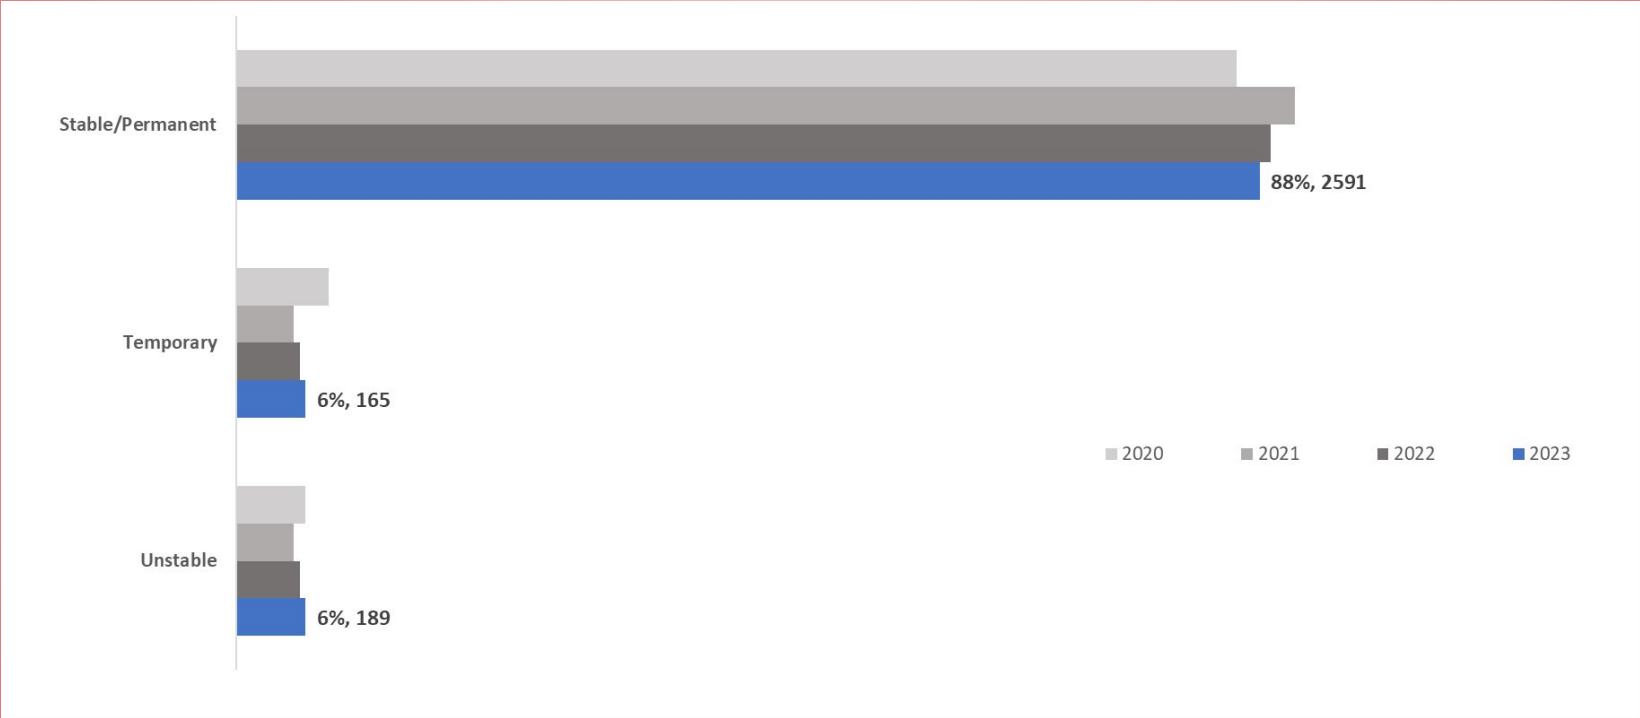

VL Suppression by HIV Mode of Exposure

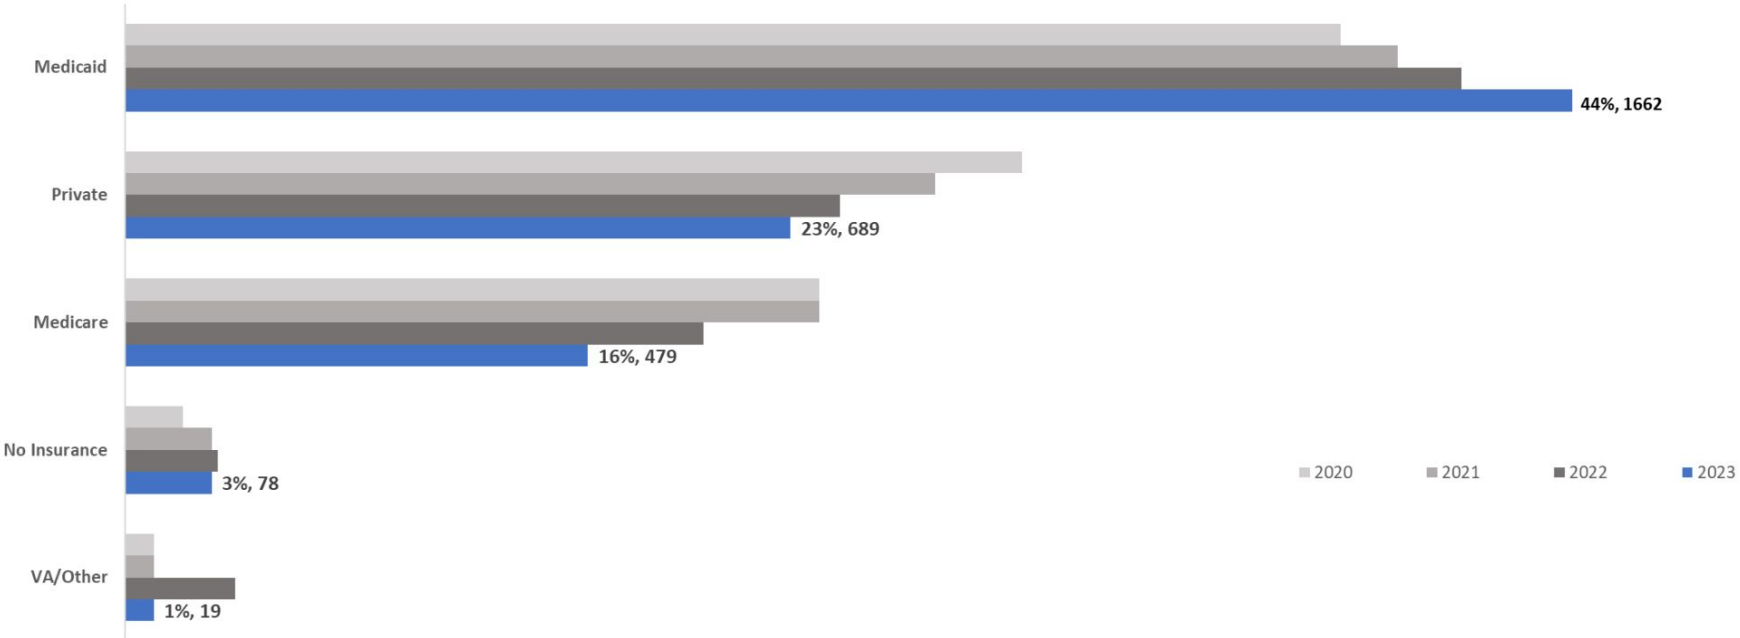

Clients by Federal Poverty Level (FPL)

Clients by Housing Status

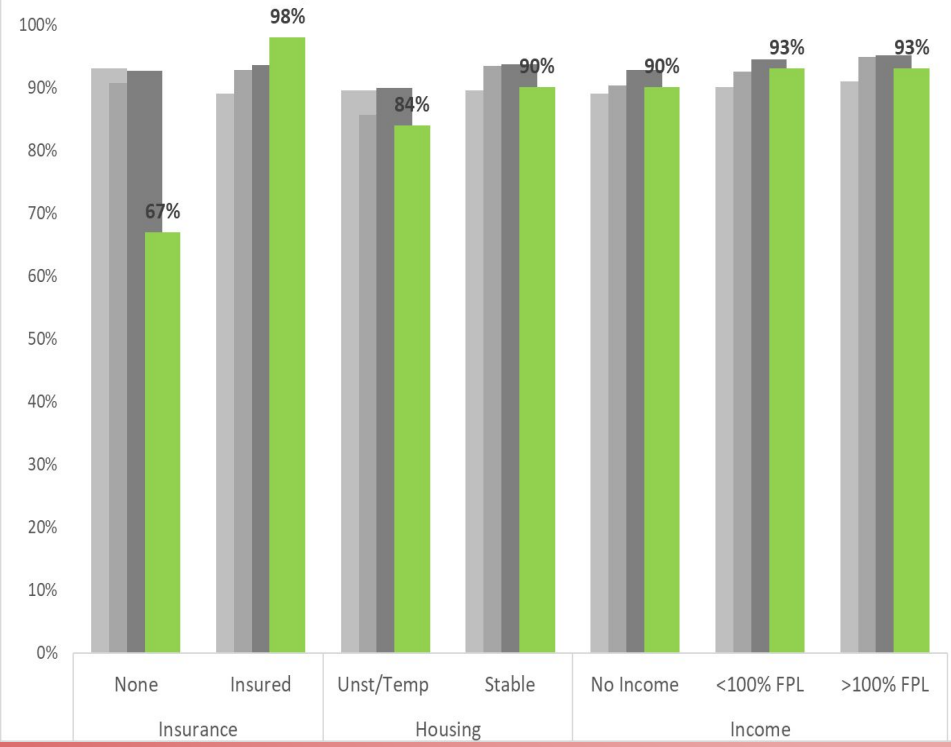

Clients by Insurance Status

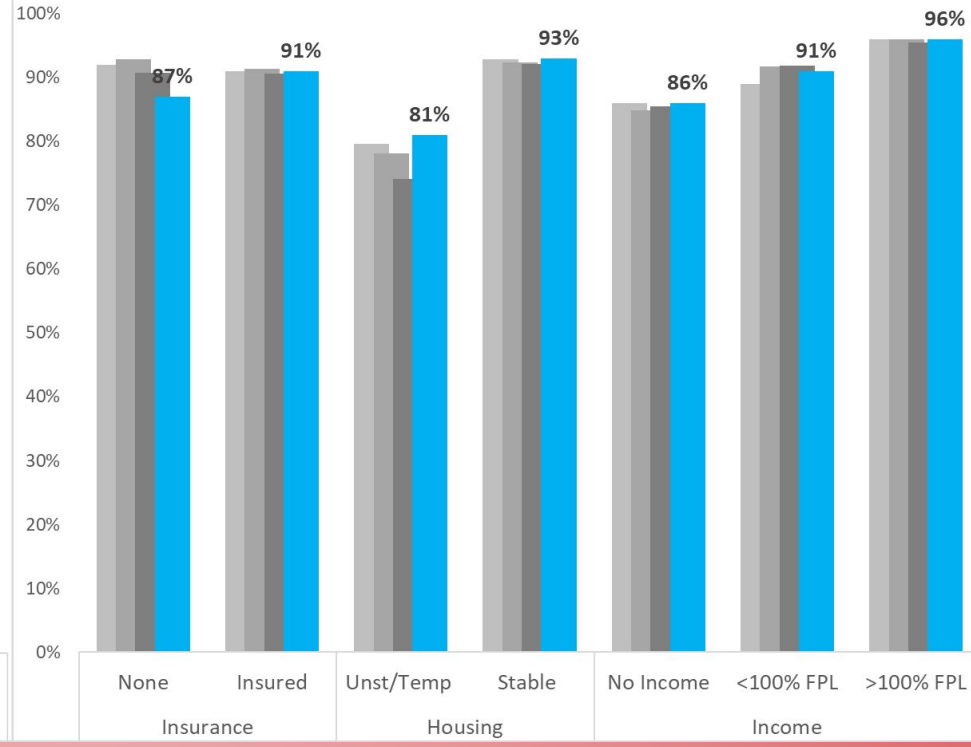

AL and VLS by Socioeconomic Status 2020-2023

Annual Lab by Socioeconomic Status: 2020 - 2023

Viral Load Suppression - Socioeconomic Status: 2020 - 2023
