Optional information

The district deserves our care and attention because the area includes the second largest source of drinking water in Oregon, the PDX airport, a variety of natural habitats, and half of the region's manufacturing and warehouse jobs. I plan to support the work of the Urban Flood Safety and Water Quality District in order to protect lives, property, and the natural environment.

Priorities include work to...

- Prevent/minimize harm from floods and earthquakes.
- Support access to affordable flood insurance for property owners and renters.
- Maintain and improve natural wetlands/wildlife, water trails, and biking/hiking trails.
- Promote public awareness of the cultural history and significance of this region.
- Protect vital infrastructure, such as PDX airport, water supply, homes, roads, rail lines, and major job sites important to the area's livability, safety, recreation, and economy.
- Address possible harm from industrial runoff, herbicide use, etc..
