As America's workplace increases demand for technical knowledge, we must ensure that students receive the highest quality education our schools can provide. During the past 1½ years of my directorship of our MESD, I have worked diligently to establish and maintain efficient technology systems and programs to aid the educational process, both in the classroom and in administration. As a parent of two children in Portland Public Schools, I want to innovate programs that continue to make a positive impact upon all aspects of our diverse community.

In an environment where education budgets require fiscal responsibility, I have utilized your tax dollars wisely to provide the valuable and essential programs our children so rightfully deserve. Some of the services supplied by the MESD are: school health programs and testing, Outdoor School, alternative education programs, English as a Second Language, Academic All-Stars, and county-wide educational testing. I have ensured that our students' needs are managed in a cost-effective manner, while not compromising market demands for a progressive and well-rounded education.

RON RUSSELL-PROVEN EDUCATIONAL LEADER

Over 30 years working with students, parents, taxpayers, teachers, administrators, board members, and state and local governmental agencies.

RON RUSSELL-FISCALLY RESPONSIBLE

Although David Douglas was one of the lowest funded districts per student in Multnomah County, we were able to set high goals, raise academic standards, provide additional programs (technology, second languages, full day kindergarten), and continue after school activities while operational costs were reduced. Taxpayers received a big bang for their buck!

A MESSAGE FROM RON RUSSELL:

In any given year approximately 28 percent of our area high school graduates have their first college experience at MHCC. Current offerings should be strengthened and expanded to ensure that new high school graduation requirements and MHCC expectations of incoming freshmen are the same. Programs for returning students of all ages and backgrounds should be enhanced. Community input should be used to ensure that policies are developed and maintained with proper considerations of fiscal reality, educational objectives, and changing times.

I would be honored to have your vote. Please contact me with your questions or ideas.

VERN
COOK

OCCUPATION: Attorney.

OCCUPATIONAL BACKGROUND: Gresham City Judge; Troutdale City Attorney; Salesman.

EDUCATIONAL BACKGROUND: Gresham Union Hi, 12; Reed College, BA; University of Oregon, LLB.

PRIOR GOVERNMENTAL EXPERIENCE: Currently Director, Mt. Hood Community College; Oregon State Senator, 20 years; Oregon State Representative, 4 years.

REELECT VERN COOK DIRECTOR, POSITION NO SEVEN (7)!

I have served on the Mount Hood Community College Board since July 1, 1997. It has been a most rewarding experience for me and I hope for the people of the district and the students attending it.

The College has accomplished the following during my tenure:

- The quality of courses offered and teaching faculty has remained high.
- Enrollment has increased.
- We have adopted a plan for the improvement of the Maywood Park Campus facility.
- We are about to acquire a 6 and one half acre property by the City of Troutdale from the U.S. Corps of Engineers for use by the College for educational purposes. This acquisition will be at no cost to the taxpayers of the district! This contains 65,000 plus square feet of covered space and is valued at between \$5 and \$10 Million Dollars.

I have successfully sponsored two important reforms in the operation of the Board of Directors.

- I have insisted that the Board comply with Oregon's Open Meetings Law, which was not always the case before my election.
- I obtained adoption of a rule which requires the tape recording of all executive session proceedings. This will help keep board members and college staff, including the president, 'honest' so they cannot say one thing and do another.

GOALS

We should work towards the establishment of a full scale campus in the south western region of our district in cooperation with the Portland Community College and the Clackamas Community College.

We must maintain and improve the quality of our faculty and of our teaching facilities. The Board must maintain strict control over major expenditures.

I solicit your support for my reelection to the Board.

EDUCATIONAL BACKGROUND: AAS Computer Technician - LaGuardia Community College; CCNY Engineering School.

PRIOR GOVERNMENTAL EXPERIENCE: None.

I am running for David Douglas School District Position 5 because I believe that I can make a positive difference. I have always believed in the power of education. I believe that educating our children should be the priority of any society that wants to have a future. I believe that a quality education is something that we owe all of our children. The most important parts of the educational process are the teachers and the parents.

I am interested in your opinions, concerns and goals. Please feel free to call me at 255-7377 or contact me by e-mail at adammayor@juno.com. When the community becomes involved in education the students will benefit. Your involvement is necessary for this to happen.

My wife, Christiana, comes from a family of educators, so I have a healthy understanding of the importance of education. We want the best school system for our children. This is one of the most important reasons for my candidacy.

I am new to this process, therefore I will study all of the issues and will attempt to make the best decision for the future of education in our schools. I pledge to attend every meeting that the school board holds. I also pledge to be available to meet with parents, educators and all community members who want to work with me to make David Douglas the best school district that it can be.

Please call me with your questions at 255-7377.

DAVID DOUGLAS SCHOOL DISTRICT #40

Director, Position 5

**LYNDA
NEWELL**

OCCUPATION: Transportation Director, Parkrose School District.
OCCUPATIONAL BACKGROUND: Bus Driver, Driver Trainer, Dispatcher @ David Douglas School District; Zone Director, Oregon School Employees Association; Bus Driver, Reynolds School District; Bus Driver, Kent, WA School District; Sales, Sears, Seattle, WA.

EDUCATIONAL BACKGROUND: Attended at Highline Community College, Clackamas Community College, Chemeketa Community College, Lane Community College and Mount Hood Community College - no degrees; Graduated from Pendleton High School, Pendleton, OR.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Throughout my years in David Douglas I have served the district in many capacities. I volunteered on numerous campaigns for levies, bonds and tax bases. I was selected by the Department of Education to serve on the House Bill 3565 Task force. This task force laid the groundwork for development of the CIM and CAM certifications in current school reforms. I chaired the Choice committee in David Douglas and developed the Choice transportation plan currently in use in district. I served as a leader of the classified employees bargaining group and negotiated several contracts. I volunteered in many capacities for PTA's and sports programs.

Through my association with David Douglas, I have developed a strong pride in the forward thinking yet rational approach the district has always maintained in educational progressiveness. The district takes great pains to develop their leaders from within, maintaining strong community ties and continuity. Changes in administration happen seamlessly.

As I have attended school board meetings and worked with the board on various levels I have always admired the contribution the board makes to the community. I feel I offer a unique point of view with my experience as a former employee, union representative and volunteer for David Douglas Schools. I feel my election would enhance the board. Your support will enable me to continue to contribute to the innovations and educational opportunities offered at David Douglas and, as always, do what's best for kids.

As a resident of the David Douglas School District for the past 22 years, I have spent many hours working with students, staff, and parents as a volunteer. The time I have spent in the David Douglas schools has given me a first hand view of the needs of the district as a whole. The implementation of the requirements of the 21st Century School Act has provided David Douglas School District with financial and educational reform challenges. As a member of the School Board, I have been actively involved in addressing these issues and would like to continue finding solutions to the demands our schools will be facing over the next four years.

I always felt open communication between school and home was a number one priority. And as a school board member I would like to continue to foster the feeling of open communication with the residents of the David Douglas School District.

EDUCATIONAL BACKGROUND: Graduate David Douglas 1970, Courses MHCC.

PRIOR GOVERNMENTAL EXPERIENCE: Parkrose Board 1995-99, Parkrose District Budget Committee 1991-94, Chair Budget Committee 1994.

Mark, 46, married 22 years, has four children, 16, 13, 12, 9, attending Parkrose Schools. Their education and that of all Parkrose children is his primary concern.

Marks knows Parkrose:

- PTO at Sumner, Prescott, Middle School 1989-99
- High School Boosters 1996-99
- District Citizens Advisory Committee and Council 1990-94
- Pride in Parkrose Committee (treasurer) 1990-94

Mark believes:

- Students are our most prized possession.
- Decisions must be based on what is best for all Parkrose students.
- All our citizens, faculty, staff and students must be treated equally.
- Responsible fiscal management is essential.
- All board members must be accountable.

Mark is proud that Our Vision is becoming a reality:

- Our new High School Community Center has won two N.W. regional awards and one National award.
- Our Multnomah County Parkrose Branch Library is open.
- The Colleen Wailbel Community Police office is open.
- Our Multnomah County Family Health Clinic is open.

Director, Position 1

**JENNIFER
YOUNG**

OCCUPATION: Graphic Artist.

OCCUPATIONAL BACKGROUND: Educational Assistant, Kindergarten/grade school children, Parkrose elementary schools. Tutor, Indian Education Project, Portland Public Schools.

EDUCATIONAL BACKGROUND: University of Oregon, Journalism, four years. Portland State University, courses in teaching.

PRIOR GOVERNMENTAL EXPERIENCE: *Reclaiming Our Streets Committee* member, (insuring safety on our roads for children and adults); *Emergency Response Citizen Action Committee* (a system was designed insuring that emergency vehicles get to the scene of crimes, accidents and fires quickly).

An activist who keeps promises:

Jennifer has worked hard to provide residents in her neighborhood a safer place to live. As chair of the *Parkrose Association of Neighbors*, she has chased out drug dealers, put pressure on pimps and prostitutes to take their corrupt business elsewhere, and lobbied police officials to provide more services to her neighborhood.

Jennifer believes that the community is intricately intertwined with our schools. According to her, "Social issues facing the community are the same issues school officials must deal with to be effective. When we have drug users, prostitutes and criminals in our community, they impact our schools."

The new high school was built with the promise that it would be the hub of community activity; a place for all citizens to come together to solve problems. "This has not been the case," according to Jennifer, "Now that school officials have our \$35 million, it is time for them to deliver."

The Titanic of Parkrose:

Our high school students are in overcrowded classrooms. Jennifer again, "Our new high school is now the Titanic of Parkrose. Neither the ship builders nor school officials built for reality. Whether it is not having enough life boats, or enough classrooms, there is no excuse for poor planning."

Assuming that one-third of our students would be off campus at any given time was a pipe dream. Pipe dreams don't float.

**With Jennifer on board citizens will
get what they've truly paid for.**

It is time for reality. It is time for Jennifer.

PARKROSE SCHOOL DISTRICT #3

Director, Position 2

ERIC
PETERSON

OCCUPATION: Eric has owned and operated a small business since 1993. He is a mason contractor.

OCCUPATIONAL BACKGROUND: Since college Eric has been self-employed in the construction industry. He began his business career as a general contractor and partner in a fast growing company. In 1985 Eric branched out into the masonry work.

EDUCATIONAL BACKGROUND: San Jose University, 1981-1983.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Eric's business and leadership skills will help the Parkrose School District. Eric has started and fostered fast growing businesses with little capital, and directed the work of 27 employees. Eric knows what he's doing. Under Eric's leadership, the students and taxpayers of Parkrose will benefit from an efficiently run school district.

Eric also knows that strong leadership can at times mean making hard decisions. Budget projections now indicate a \$2.4 million dollar shortfall for next year. Eric will help make the hard decisions required to correct this problem. **He will put efficiencies in place that protect the education of our children.**

Eric agrees that Rutledge and La Valley have moved the district in a positive direction. He will continue the efforts of Accountability and Sensible Spending of our tax dollars.

When Eric was President of the PTA in the Portland School District, students and teachers were his #1 priority. Under Eric's leadership, teacher participation hit an all time high - 100%. Direct classroom funding increased. Each and every student benefited. The same will be true in Parkrose. With Eric, **the teachers and students will have the tools and supplies they need to teach and learn.**

Eric will listen to you, the citizens of Parkrose. He's already proven this by the survey he put in the *East County News* asking for your input on crucial issues facing us now. Next month you will hear back from Eric. He will compile the information you provided, share it with the school board, and report back to you.

*Finally....It's time...

PEG
BILLINGS

OCCUPATION: Retired teacher and homemaker. Peg runs a small part-time business.

OCCUPATIONAL BACKGROUND: During her work career Peg helped support her family by working as a school teacher in primary education. Since 1951 Peg has held a number of part time jobs, usually in service related areas. Peg worked for United Way, the Salvation Army, and as a Playground Director for Shorewood School District.

EDUCATIONAL BACKGROUND: University of Wisconsin, Bachelor of Education - Kindergarten/primary.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Accountability

As a Parkrose School Board member I promise the parents and taxpayers that I will do things differently than incumbents Mark Gardner and Diane Harr. For example, I will *not* take taxpayer financed trips to out-of-state warm places like Orlando and San Francisco. I will *not* allow hidden cash payments to administrators. I *will* be accountable for every dollar and spend the district's money as conservatively as I do my own.

Academics

Besides accountability, my focus will be on academics. We need to put more emphasis on our core subjects.

If a child wants to enter a trade, I will see to it that they learn all the skills they need (math, reading, writing). We can no longer afford to have shop, automotive and other trade classes take a second chair to our fine arts classes. Our basic curriculum has suffered. I will evaluate every dollar being spent, including extra duty pay, and spend the money where it belongs - on our students' education.

Community Involvement

As a senior citizen I have worked hard as a volunteer. I worked to preserve Glendoveer Golf Course, to keep fire stations open in east county, and to keep a proposed jail from being sited near our schools. I worked with East County Recycling to improve appearances of this site, and negotiated with entities such as Portland Christian School and Western State Chiropractic College in order to solve neighborhood traffic problems.

I served two successive terms as a member of the Multnomah County Citizen Involvement Committee and on a County Citizen Budget Advisory Committee. I was elected to the board of commissioners of Powell Valley Water District first during the 1980s. Powell Valley Road Water District is a service district, of resident customer owners, where the rules and regulations are made by the local elected board of directors.
