

MOBILE FOOD UNIT PLAN REVIEW PACKET

The materials in this packet will guide you through the plan review process to assure that your mobile food unit meets requirements of the Mobile Food Unit Rules. This packet is also intended to evaluate your proposed operation to provide the safest food possible to the general public. The application form must be completed as part of the plan.

This packet consists of the following information:

- **General Information**
- **Applicants Checklist for Mobile Food Units**
- **Mobile Food Unit General Requirements and Limitations**
- **Mobile Food Unit Plan Review Application**
- **Mobile Food Unit Plan Review Worksheet**
- **Commissary Service Verification Application**
- **Mobile Food Unit Itinerary and Operating Schedule**
- **Application for License**
- **The Mobile Food Unit Rules**
- **Mobile Food Unit Change of Ownership Form**

Please complete the attached documents and submit them with the required plan review fee to Multnomah County Environmental Health. **Approval from the health department must be obtained prior to construction or operation of your unit.** The following materials must also be submitted with your completed packet:

1. Complete plans of the unit drawn to scale, including equipment location.
2. List of all equipment necessary for the operation of the unit.
3. A description of the construction materials used on the unit, including surface finishes for floors, walls, ceilings and countertops.
4. Information relating to your base of operation, including times and dates of use. Attach a completed **Mobile Food Unit License Application** and also the commissary section, if necessary.
5. List of your operating location(s) and approximate time schedule, if applicable. If the unit operates on a designated route, you must specify your itinerary. Attach a completed **Mobile Food Unit Itinerary and Operating Schedule**.

GENERAL INFORMATION

A mobile food unit is defined in OAR 333-162-0000(31) as “...any vehicle that is self-propelled, or which can be pushed or pulled down a sidewalk, street or highway, on which food is prepared, processed or converted, or which is used in selling and dispensing food to the ultimate consumer.” There is no size limit to mobile food units, except they must meet the following requirements:

- The unit must be a vehicle and not require a special permit from the Oregon Department of Transportation to be moved.
- Mobile food units must be mobile at all times during operation. There is no requirement to move the unit at specific intervals, however, the unit must be on wheels at all times and have no permanent connections to any utility service (including water, sewer, or electric).
- The unit and all operations and equipment must be integral to the unit. This precludes the use of a barbecue with a Class III or IV unit, nor the use of 12 cubic feet of storage on any class of unit.

There are four types of mobile food units. The mobile food unit classifications are based upon the type of menu served.

CLASS I – These units can sell only intact prepackaged foods and dispense non-perishable beverages. No dispensed ice is allowed. No preparation or assembly of food items is allowed.

CLASS II – These units may dispense unpackaged foods. However, no cooking, preparation or assembly of foods is allowed on the unit.

CLASS III – These units may cook, prepare and assemble food items. However, no raw-to-finish cooking of animal foods is allowed on the unit. (Pasteurized eggs acceptable)

CLASS IV – These units may serve a full menu.

Please keep in mind that because mobile food unit design is related to the menu served, any change in the menu must be approved by the health department. Failure to obtain approval for a menu change may result in closure of your unit.

Prior to licensure by the health department, there may be other agencies from which you will be required to obtain approvals. These include, but are not limited to planning (zoning), building codes (structural, electrical, plumbing, prefabricated structures), fire marshal, or city or county authorities.

In particular, mobile food units in which the operator occupies the inside of the unit and the unit stays in one location for more than 30 days must undergo plan review and receive approval from the Prefabricated Structures Section of Building Codes Division. Please call (503) 378-4133 to obtain approval. Health department approval does not imply that your unit meets other agency codes.

Finally, while this document contains some detailed information about the rules for the construction and operation of mobile food units, it does not contain all the requirements for your unit. Please refer to the Mobile Food Unit Rules http://arcweb.sos.state.or.us/rules/OARs_300/OAR_333/333_162.html for all the requirements.

APPLICANT'S CHECKLIST FOR MOBILE FOOD UNITS

This sheet is intended to help track your progress through the plan review process. When all steps are completed, your mobile food unit will be ready for licensing operation.

DATE COMPLETED

	<p>1. Submit plan review application, plans, and completed review packet which include the following:</p> <ul style="list-style-type: none"> • Mobile Food Unit Plan Review Application • Mobile Food Unit Plan Worksheet • Mobile Food Unit Itinerary and Operating Schedule • Commissary Service Verification Application • Application for License. • Pay the required fees <p>Wait for plan review approval letter prior to beginning operation.</p>
	<p>2. Obtain any required approvals from other agencies, i.e. planning, zoning, and building codes. (see below *).</p>
	<p>3. Plans approved by the health department. (see below *) You will receive a response within 10 working days.</p>
	<p>4. Call the health department for a pre-operational inspection at least one week prior to the date you intend to open.</p>
	<p>5. Submit a Mobile Food Unit license Application with the required fee along with a Commissary Service Verification Application and a Mobile Food Unit Itinerary and Operating Schedule, if applicable.</p>
	<p>6. Pre-operational Inspection performed and mobile food unit is approved for operation.</p>
	<p>7. After steps one through six has been completed and your application has been approved, you may open.</p>

***NOTE:** If plan review by the Prefabricated Structures Section of the Building Codes Division is required for your unit, submit a copy of the plan review approval letter to Multnomah County Health Department. Plan review and approval by the Prefabricated Structures Section must be completed and verified before a license to operate will be issued by the Multnomah County Health Department.

Food handler cards are required for all persons working in a mobile food unit or base of operation. Contact the Multnomah County Environmental Health Section, Food Handlers for information on obtaining a food handler card (503) 988-5257 or visit our website www.oregonfoodhandler.us

MOBILE FOOD UNIT GENERAL REQUIREMENTS AND LIMITATIONS

A mobile unit can serve menu items in its own classification and those to the left of it on the chart. For example, a Class III unit may also sell items allowed under Class I and II. Please See Mobile Food Unit Rules for full requirements.

	Class I	Class II	Class III	Class IV
Water Supply Required	No	Yes	Yes	Yes
Hand Washing System Required	No	Yes – Minimum five gallons ¹	Yes – Minimum five gallons ¹	Yes – Minimum five gallons ¹
Dishwashing Sinks Required	No	See below 2	See below 2	See below 3
Assembly or Preparation Allowed	No	No	Yes	Yes
Cooking Allowed	No	No	Yes ⁴	Yes
Barbecue Operation Allowed	No	No	Yes – Reheating of foods only	Yes
Restroom Required	Yes	Yes	Yes	Yes
Examples	Prepackaged sandwiches/ Dispensed soda without ice/Canned & bottled beverages	Service of unpackaged food items	Bento espresso hot dogs	No menu limitations

- The hand washing system must be plumbed to provide hot and cold running water.
- If operating without a commissary see 3 below.
- Volume of water needed is determined by the volume of the 3 compartment ware washing sinks multiplied by 2. In addition, add 5 gallons for the hand washing sink to this amount. If the total number is less than 35 gallons, you will need a tank that holds 35 gallons at a minimum. If the total number is greater than 35 gallons, you will need a tank sized accordingly for that specific number of gallons.
Example 1) your 3-compartment sinks holds 3 gallons per sink. 3 gallons x 3 sinks = 9 gallons. 9 gallons x 2 = 18 gallons. Your 3-compartment sink holds 18 gallons. Add 5 gallons for the hand washing requirement = 23 gallons total. You will need to have a 35 gallon tank since this is the minimum tank size required.
Example 2) your 3-compartment sink holds 15 gallons per sink. 15 x 3 = 45 gallons. 45 gallons x 2 (filling sink twice a day) = 90 gallons. Plus 5 gallons for hand washing requirements = 95 gallons total. Your tank is required to hold 95 gallons.
- May cook only foods which are not potentially hazardous when raw (pasteurized eggs, rice, onions, pasta, etc...). Please keep in mind that because mobile unit design is related to the menu served, any change in the menu must be approved by the Health Department. Failure to obtain approval for a menu change may result in closure of your unit.
- You will need to identify a restroom within ¼ mile or 5 minute walk for employees if mobile unit is stationary greater than 2 hours. If seating is provided for customers, a restroom will need to be identified in the Restroom Agreement document. Restrooms will need hot and cold running water, soap and paper towels.

COMMISSARY SERVICE VERIFICATION

This form is to be completed when the licensed owner of the Commissary provides food service activities conducted at the Commissary to support a Mobile Food Unit operation.

Check the following statement that applies to your operation:

- If the Mobile Food Unit arrives daily at the commissary solely to pick up clean utensils prior to operating and drop off used utensils at the end of the day, you are required to complete and return this Commissary Service Verification form.
- If the Mobile Food Unit conducts any food service activities at the commissary (e.g., utensil washing and/or any food preparation activities such as food washing, thawing, cooking, cooling, and reheating) a separate Commissary License in the mobile food unit owner's name **MUST** be obtained.
